

Roy Stuart Ediz Illustrata: 5

Une présentation de la carrière de A. Newman, portraitiste des plus grands artistes, écrivains, musiciens et célébrités de son époque.

Stuart's photos and glimpse videos have aquired cult status even amongst experienced hardcore fans, and with good reason, for they represent an exquisite representation of the forbidden. In turns voyeuristic, in turns narrative, his pictures with their disarming explicitness subvert traditional moral codes and force the viewer to reevaluate his or her preconceived notions of sexuality. The photographs assembled in this book, which in another context might have been condemned, instead give a fascinating glimpse behind the scenes of Roy Stuart's magical theatre of transgression and taboo.

Over 150 of the choicest photos from the original volume into a compact and adorable package. From Betty Grable to Bettie Page, the greatest legs of the 20th Century can be found within, shot by Irving Klaw, Bunny Yeager, and the incomparable Elmer Batters, father of leg art. There are silk and nylon stockings, high heels in abundance, curvy...

It is an essential skill for any strength and conditioning coach to be able to reliably assess the physical performance of their

athletes and communicate the results and their implications to performers and coaches, alike. Performance Assessment in Strength and Conditioning is the first textbook to clearly and coherently suggest the most appropriate and reliable methods for assessing and monitoring athletes' performance, as well as including detailed sections on testing considerations and the interpretation and application of results. The book explores the full range of considerations required to reliably assess performance, including questions of ethics and safety, reliability and validity, and standardised testing, before going on to recommend (through a comparison of field- and laboratory-based techniques) the optimal methods for testing all aspects of physical performance, including: injury risk jump performance sprint performance change of direction and agility strength power aerobic performance body composition Closing with a section on interpreting, presenting and applying results to practice, and illustrated with real-life case study data throughout, Performance Assessment in Strength and Conditioning offers the most useful guide to monitoring athlete performance available. It is an essential text for upper-level strength and

conditioning students and practitioners alike.

Willis's Current notes

Back in 1974, the sexual revolution was in full swing and the adult entertainment business was on the verge of becoming Big Business. Deep Throat had created America's first porn star in 1972, but by 1974 Linda Lovelace was already retired and the industry was seeking the next big thing. Vanessa del Rio should have been that thing, except in 1974 there were no ethnic sex stars. Undeterred, Vanessa took any role they'd give her, because, amazingly, she was there for the sex more than the money. Fans, awed by her ferocious onscreen sexuality, made her a top box office draw and America's first Latina star. Retired since 1986, Vanessa del Rio remains a sexual icon who cuts across all ethnic boundaries. What her fans don't know is that her real life was, and is, as wild as anything she did on film. In this sumptuous over-sized volume, TASCHEN celebrates a remarkably candid, confident and exuberantly sexual woman. Presented through Vanessa's own archive, in her own words, is a life at once shocking, titillating, amusing, and inspiring. And because paper and ink can't do justice to a personality this big, an

original 140 minute DVD documentary is included. If you aren't already convinced, this book will end all doubt that there could ever be another woman like Vanessa del Rio. Vanessa del Rio is limited to a total of 1,500 numbered copies, each signed by Vanessa ? 1,300 copies in the Collector's Edition ? 200 copies in the Art Edition, with a signed watercolor lithograph of Vanessa by acclaimed artist Robert Crumb * Bonus for one lucky reader: one of the 1,500 copies contains a Golden Ticket good for an all-expenses paid evening with Vanessa, to be documented by a world famous photographer!! *?She is a person I dreamed about having sex with. She should go in the hall of fame for best sex scenes in the '80s.?-Snoop Dogg

In *Mordin On Time*, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). *Mordin On Time* enables the reader to construct their own speed ratings wherever they live.

Vija Celmins. Ediz. Inglese

Vija Celmin's artworks testify to her undying fascination with the world around her, whether the commonplace objects in her studio; her childhood memories of wartorn Latvia; the natural landscapes of her adopted California; or the pebbles beneath her feet. Primarily a painter of still-life and landscape, Celmins is associated with 1960s Pop art, and often uses photographs as source material to create her signature 'impossible images', such as just-fired revolvers or exploding airplanes. Temporarily abandoning painting in the 1970s, Celmins turned her attention to drawing exquisite graphite seascapes and other vast natural landscapes.

"Robert Massin (b. 1925), the celebrated French graphic artist, art director, typographer and writer, has made a remarkable contribution to the history of book design. He has worked as a graphic designer in Paris since the 1950s,

and spent and twenty years as art director for the pre-eminent French publisher Gallimard. This is the first comprehensive monograph published in English to explore Massin's impressive body of work. It present an essential portfolio of his career to date, examining in detail themilestones of his professional life. Laetitia Wolff charts his wide-ranging career with detailed discussion of some of his most inventive and exciting projects. The book is a result of many conversations between the author and the artist, and is richly illustrated with almost five hundred images, many of which are taken from Massin's personal archives and published here for the first time, including books, layouts, posters, preparatory sketches and letters."--BOOK JACKET.

The Little Big Book of Legs

This volume - investigating the work of a particular photographer, in this case, Laszlo Moholy-Nagy - comprises a 4000-word essay by an expert in the field, 55 photographs presented chronologically, each with a commentary, and a biography of the featured photographer.

Roy Stuart has been at it again, traipsing around Paris from luxury apartments to the streets, capturing men and women defiantly acting out their sexual fantasies. From peek-a-boo panties to same-sex petting to more 'indiscreet' activities, Stuart's titillating mises-en-scene challenge us to break loose from traditional moral codes. Featuring not only young, perky-bodied women but also females of a certain age, these images are more hardcore and more daring than anything Stuart has ever produced. Also included are a rare interview with Stuart and images from his first feature film, giving a taste of what Stuart's future offerings will bring us (he plans to devote

himself solely to the moving picture after this, his final book).

Erotic, enigmatic and ephemeral-feeling, this compact artist's book includes 60 artworks in different media, including videos, works on canvas, digital paintings, word sculptures, slides and printed photographs. Often out of focus, overexposed or underexposed, the works convey the feeling of a road movie, linking bleak, everyday experiences with sparkling, Hollywood-esque twists--a kind of hustler noir.

"A chair sitting on a platform, one leg many inches longer than the rest hanging over the edge. A clothed man laying directly on top of a naked one. A mother and child in hooded masks. A woman hunched

forward with her legs straddled wide apart, fully clothed with all of her belongings spilled out of her purse in front of her. This first monograph brings together a selection of haunting photographic works, made from 1993-2007, by the Italian-born, New York-based artist, Carlo Ferraris. The works are challenging and ambiguous, witty and dark. According to the artist, they involve "not only death, impairment, industrial drama and cosmic energies, but also dreamlike and ethereal situations." Carlo Ferraris was born in 1960 in a Romagnano Sesia, near Novara, Italy. Currently located in New York, he received a 2004 Foundation for the Arts Fellowship for Photography and has had recent exhibitions at Florence Lynch and Esso galleries in New York.

Laszlo Moholy-Nagy. Ediz. Inglese

9-10 : Europa ; 1,1-2

Esiste qualcosa, in ciascuno di noi, che ci induce a essere in un certo modo, a fare certe scelte, a prendere certe vie – anche se talvolta simili passaggi possono sembrare casuali o irragionevoli? Se esiste, è il daimon, il «demone» che ciascuno di noi riceve come compagno prima della nascita, secondo il mito di Er raccontato da Platone. Se esiste, è ciò che si nasconde dietro parole come «vocazione», «chiamata», «carattere». Se esiste, è la chiave per leggere il «codice dell'anima», quella sorta di linguaggio cifrato che ci spinge ad agire ma che non sempre capiamo. Dopo anni di indagini sulla psiche, che hanno fatto di lui l'autore di saggi memorabili come "Il mito dell'analisi" e "Re-visione della psicologia", James

Hillman ha voluto darci con questo libro le prove circostanziate dell'esistenza e dei modi di operare del daimon. E ha scelto una via inusuale ed efficacissima, quella cioè di impiegare come esempi non oscuri casi clinici ma il destino di personaggi che ogni lettore conosce: da Judy Garland a John Lennon e Tina Turner, da Truman Capote a Quentin Tarantino e Woody Allen, da Hannah Arendt a Richard Nixon e Henry Kissinger, da Hitler ai serial killer. Attraverso questa profusione di storie eloquenti e paradigmatiche Hillman è riuscito a farci capire che se la psicologia si è dimostrata incapace di spiegare le scelte più profonde che decidono la vita di tutti noi è proprio perché aveva perso contatto con il daimon. E soprattutto a farci sentire di nuovo la presenza di questo compagno segreto dal quale, più che da ogni altro elemento, la nostra vita dipende. "Il codice dell'anima" è apparso per la prima volta nel 1996.

When Rudolph Giuliani's administration cracked down on Times Square strip clubs in the 1990s, a whole new burlesque movement was born in New York, concentrating less on the strip and more on the tease. The young New York photographer Lisa Kereszi, then an assistant to Nan Goldin, was there with her camera to catch it all happening. She began by shooting Show World, a club that was in the process of being closed down by the new laws. In her flash, Kereszi caught abandoned lockers, dressing rooms filled with old shoes and costumes and the grimy elegance of the empty theater--which was never meant to be seen by the light of day. Simultaneously, she began to photograph the new burlesque scene--which went underground in the late 1990s and has since evolved into a conceptually sophisticated,

funny and rebellious medium. More pinup than porn, in just a few years, the new burlesque is no longer invisible, and has been gleefully appropriated into mainstream culture by way of Hollywood and the print media. A graduate of Yale University's MFA program, Kereszi's editorial work has appeared in books and magazines, including The New York Times Magazine, Nest, Harper's, Wallpaper and GQ; she is represented by Yancey Richardson Gallery in New York.
