

Secret Garden 2016 Wall Calendar: An Inky Treasure Hunt And 2016 Coloring Calendar

"The long-awaited new 70-minute version of the beloved musical is as beautiful and spirited as the original in just half the time. Adapted by Marsha Norman from her Tony® award winning book, it tells the story of Mary Lennox, orphaned in India, who returns to Yorkshire to live with an embittered, reclusive uncle and his invalid son. On the estate, she discovers a locked garden filled with magic, a boy who talks to birds, and a cousin she brings back to health by putting him to work in the garden." --back cover.

The Room on the Roof is a timeless coming-of-age novel that will resonate with a whole new generation of readers. Written by renowned author Ruskin Bond when he was just seventeen, it is the story of Rusty, a teenage Anglo-Indian boy who is orphaned and has to live with his English guardian in the stifling European quarter of Dehra Dun. Unhappy with the strict ways of his guardian, Rusty runs away from home to live with his Indian friends into the dream-bright world of the bazaar, Hindu festivals and all manner of Indian life. Rusty is enthralled, and is lost forever to the prim proprieties of the claustrophobic European community.

Foreword by Irvine Welsh 'My life sentence had actually started the day I left my mother's womb...' Jimmy Boyle grew up in Glasgow's Gorbals. All around him the world was drinking, fighting and thieving. To survive, he too had to fight and steal... Kids' gangs led to trouble with the police. Approved schools led to Borstal, and Jimmy was on his way to a career in crime. By his twenties he was a hardened villain, sleeping with prostitutes, running shebeens and money-lending rackets. Then they nailed him for murder. The sentence was life – the brutal, degrading eternity of a broken spirit in the prisons of Peterhead and Inverness. Thankfully, Jimmy was able to turn his life around inside the prison walls and eventually released on parole. A Sense of Freedom is a searing indictment of a society that uses prison bars and brutality to destroy a man's humanity and at the same time an outstanding testament to one man's ability to survive, to find a new life, a new creativity, and a new alternative.

Tony Fitzpatrick's "The Secret Birds" interweaves poetry, ephemera, and original artwork in this examination of life, creativity, and mortality.

Cozy up with adorable baby sloths in this irresistible photographic picture book. Hang around just like a sloth and get to know the delightful residents of the Avarios Sloth Sanctuary in Costa Rica, the world's largest sloth orphanage. You'll fall in love with bad-boy Mateo, ooh and ahh over baby Biscuit, and want to wrap your arms around champion cuddle buddy Ubu! From British filmmaker and sloth expert Lucy Cooke comes a hilarious, heart-melting photographic picture book starring the laziest—and one of the cutest—animals on the planet.

Photos of cute babies have the unique power to unite humanity in one collective "naww". This is the very forefront of chubby-cheek photojournalism. In our current global political climate, we are exposed daily to horrible images of war and pain. Then sometimes, mercifully, we are thrown a lifeline. The viral Instagram account Tiny Gentle Asians is precisely one such lifeline. It's a suite of fun and uplifting images, showcasing adorable pictures of babies - often chubby to the point of absurd - taken by doting mothers across Asia. "It's the best site," says Chelsea Handler, comedian and TV royalty. "Every morning there's a new fat nugget." The sassy captions which accompany each image are written by Melissa Kenny, the mastermind behind TGA. Lately, though, she's been busy... Melissa has just undertaken her most ambitious project yet: Tiny Gentle Asians, the book! Loaded with exclusive cute content, this finally brings TGA into the physical world. Each page is a new adventure in newborns. Expect plenty of fat rolls, screwed up cheeks, dimples on dimples, implausible costumes and plenty of crying bubs. With the success of her Instagram, Melissa's life has been flooded by the endless submissions from photo-mad moms. This book is a careful curation of these submissions, as well as the fruits of her own searches. This book is sure to bring light and joy to any reader with a pulse. We thank Melissa for her noble work in bringing these tots the attention they deserve.

The Songwriting Secrets Of The Beatles

Return to Frances Hodgson Burnett's timeless classic, *The Secret Garden*, in this magical sequel by bestselling author Holly Webb. It's 1939 and a group of children have been evacuated to Misselthwaite Hall. Emmie is far from happy to have been separated from her cat and sent to a huge old mansion. But soon she starts discovering the secrets of the house - a boy crying at night, a diary written by a girl named Mary, and a garden. A very secret garden...

Illustrator and papercutter, Jessica Palmer, has created 75 designs of enchanting hand-drawn pictures for you to color and lose yourself in. The images all have a magical theme, and each one includes hidden charms intricately worked into the design for readers to discover and color in. The book will include designs that fit on a single page as well as those that extend across a double-page spread. Some of the designs will fill the entire page and others will sit within it. Others will have space left for the reader to extend the design themselves. High quality paper means that there will be no show-through.

Add an exquisite flourish of design to your beloved green space or garden by adding tiny fairy homes inter-woven with nature. *Fairy Houses* gives you the instruction and inspiration you need to start! Have you ever seen a real fairy house? Not the ceramic ones at cavernous home improvement stores, but a real fairy house made from natural elements? Well, now you can build your own miniature magical abode - the perfect addition to your garden. Step-by-step instructions for constructing exquisite fairy houses are revealed in *Fairy Houses*, explained by master fairy house architect Sally Smith. Smith has been creating one-of-a-kind DIY fairy houses out of natural artifacts for years, now she passes her miniature construction knowledge to you. Imagine, a fairy garden with homes that have butterfly wings as stained-glass windows, twigs for window frames, birch bark for walls, dried mushrooms for shingles; it's all possible with a little instruction and inspiration from *Fairy Houses*. Begin by flipping through an inspiration gallery, find which elements appeal to you, and how they fit together. From there, you'll learn about building materials (found and natural), on-site fairy house construction, and how to light a fairy house.

AHS Book Award winner This lushly-photographed reference is an important moment in horticulture that will be embraced by anyone looking for a better, smarter way to garden. Larry Weaner is an icon in the world of ecological landscape design, and now his revolutionary approach is available to all gardeners. *Garden Revolution* shows how an ecological approach to planting can lead to beautiful gardens that buck much of conventional gardening's counter-productive, time-consuming practices. Instead of picking the wrong plant and then constantly tilling, weeding, irrigating, and fertilizing, Weaner advocates for choosing plants that are adapted to the soil and climate of a specific site and letting them naturally evolve over time. Allowing the plants to find their own niches, to spread their seed around until they find the microclimate and spot that suits them best, creates a landscape that is vibrant, dynamic, and gorgeous year after year.

An Inspiring, Practical Guide to Finding Rest and Getting Closer to God Sabbath-keeping not only brings physical refreshment, it restores the soul. God commands us to "remember the Sabbath," but is it realistic in today's fast-paced culture? In this warm and helpful book, Shelly Miller dispels legalistic ideas about Sabbath and shows how even busy people can implement a rhythm of rest into their lives--whether for an hour, a morning, or a whole day. With encouraging stories from people in different stages in life, Miller shares practical advice for having peaceful, close times with God. You will learn simple ways to be intentional about rest, ideas for tuning out distractions and tuning in God, and even how meals and other times with friends and family can be Sabbath experiences. Ultimately, this book is an invitation to those who long for rest but don't know how to make it a reality. Sabbath is a gift from God to be embraced, not a spiritual hoop to jump through.

An inviting collection of lush botanical drawings to color, created in mixed-media artist Rachel Reinert's lovely and distinctive style. Reinert's fresh take on modern florals has earned her a following among private collectors and interior decorators, and "Botanical Wonderland" makes her aesthetic accessible to everyone. Plus, the book includes some finished, fully colored botanical paintings to inspire would-be artists to draw their own beautiful works."

The magical and satisfying secret gardens of Somerset share the limelight with Glastonbury, cricket, cider and Cheddar cheese. From East Lambrook to The Newt, Hauser and Wirth to Hestercombe and the up and coming Yevo Valley, this book goes through the keyhole to discover Somerset's jewel gardens and garden makers.

"Daydreams" postcards are meant to be colored and shared: send them in the mail or frame them on your wall. Illustrator Hanna Karlzon is stirred by the nature that surrounds her in her native northern Sweden; she finds inspiration from her mother's garden and childhood memories, playing in the forest or in fields of flowers. Her dreamlike elements of a Swedish summer will lull anyone into a coloring daydream. "Winter Dreams 20 Postcards" also available. Complete your collection of Hanna Karlzon coloring books with "Daydreams," the hardbound, 96-page edition, and Hanna Karlzon's newest 96-page hardbound coloring book, "Summer Nights Coloring Book." Also available is the "Daydreams Artist's Edition" containing 20 illustrations oversized art card paper, perfect for expert and budding artists alike. Hanna Karlzon is an Umea, Sweden-based illustrator and creator of the best-selling coloring books, "Dagdrommar" and "Sommarnatt," previously published in Sweden. She creates elaborately detailed images using India ink to detail pictures from her own imagination and loves to draw flowers, forests, houses, and animals. She draws her inspiration from the natural world that surrounds her studio in northern Sweden and adds in some art nouveau, punk rock, and often a hint of '70s design to the mix.

If animals could tell us about themselves, using our scientific knowledge, if they could tell us about the way they live, the special way they are made and many details about their individual design - what they would say would be unique praise to the Creator. Did you know that while in flight, the sparrow's heart can beat up to 760 times per minute? Or that a baby blue whale grows at a rate of 7.28 pounds an hour while it's nursing, a grand total of 17 tons by the end of the nursing stage? How about that glow worms have a light output efficiency of 100% as compared to only 4% for our incandescent bulbs? Dr. Werner Gitt, one of the foremost creationist speakers in the world, uses his scientific expertise in this book to show the unique design features of some of God's most captivating creations. All people, young and old, layperson or expert, will be able to understand and enjoy this straightforward book. Told from the perspective of the animals being described, *If Animals Could Talk* clearly shows the impossibility of life without design. Dr. Gitt uses simple language to provoke a sense of wonder and awe at the marvelous design of the Creator. This fascinating selection of photographs and informative text charts the history of pubs in Stoke

Thirty years after The Beatles split up, the music of Lennon, McCartney, Harrison and Starr lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore The Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs,

while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature - a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, tight little band'.
