Botero has gained international fame, capturing the whimsy of life by painting corpulent and sometimes comical figures. The dilation of his subjects gives the figures an abstract, unreal, and grotesque dimension. Studies in beauty and terror, Botero's monumental figures can be sensual and many are filled with pain and sorrow. This monograph presents the paintings realized in the last thirty years and created using his own unique language, which is a distinguishing feature of his art and an extraordinary blend of Latin American tradition and European painting.

Krav Maga is today's cutting edge self-defense and hand to hand combat system. Initially developed by Grandmaster Imi Sde-Or (Lichtenfeld) for the Israel Defense Forces and other national security services, Krav Maga has been thoroughly adapted to meet civilian needs. The method was designed so that ordinary citizens, young and old, men and women alike, can successfully use it, regardless of their physical strength. This is the first and only authorized comprehensive manual on the Krav Maga discipline, written by its founder, Imi Sde-Or, and his senior disciple and follower, Eyal Yanilov. This volume especially focuses on the various facets of dealing with an assailant armed with a knife, a edged weapon, a blunt object, or a firearm.

From Georges Méliès' early cinematic experiments to *Twilight* and *Let the Right One In*, the history of vampires in cinema can be organized by a handful of governing principles that help make sense of this movie monster's remarkable fecundity. Among these principles are that the cinematic vampire is invariably about sex and the vexed human relationship with technology, and that the vampire is always an overdetermined body condensing what a culture considers other. This volume includes depth studies of films including Powell's *A Fool There Was*, Franco's *Vampyros Lesbos*, Cronenberg's *Rabid*, Kmetz's *Daughters of Darkness*, and Merhige's *Shadow of the Vampire*.

Winner of the Barbara Ramsden Prize, 1990. This was life: no sooner had you built yourself your little raft and felt secure than it came to pieces under you and you were swimming again. Born into a world without welcome, Isobel observes it as warily as an alien trying to pass for a native. Her collection of imaginary friends includes the Virgin Mary and Sherlock Holmes. Later she meets Byron, W.H. Auden and T.S. Eliot. Isobel is not so much at ease with the flesh-and-blood people she meets, and least of all with herself, until a lucky encounter and a little detective work reveal her identity and her true situation in life. I for Isobel, a modern-day Australian classic, was followed by Isobel on the Way to the Corner Shop, winner of the Age Book of the Year Award. Amy Witting was born in Annandale, an inner suburb of Sydney, in 1918. She attended Sydney

University, then taught French and English in state schools. Beginning late in life she published six novels, including *The Visit*, *I for Isobel*, *Isobel on the Way to the Corner Shop* and *Maria's War*; two collections of short stories; two books of verse, *Travel Diary* and *Beauty is the Straw*; and her *Collected Poems*. 'When we come to write the history of Australian writing in the twentieth century, the strange case of Amy Witting will be there to haunt us. Here is a writer who not only has great gifts - the kind of expert and mimetic gifts that would impel instant recognition from someone who admired a fine-lined American naturalist like William Maxwell - but a realist who has an effortless immediacy and a compelling sense of drama that should have ensured the widest kind of appeal, the sort of appeal that Helen Garner could command in her fiction-writing days. And yet this woman who published in the *New Yorker* and commanded the respect of Kenneth Slessor was scarcely encouraged during the long grey sleep of Australian fiction publishing. It wasn't until the publication of *I for Isobel*...that Witting gained a national profile.' Peter Craven 'Australia's Amy Witting is comparable to Jean Rhys, but she has more starch, or vinegar. The effect is bracing.' *New Yorker* 'Isobel is instinctively searching for a lost part of her substance, the very memory of which has been obliterated. Prompted by her inexplicable sense of loss, she goes on her way, deviating, baffled, yet rejecting substitutes. To call the ending happy is to say both too much and too little. Was the lost part also searching for her? Amy Witting's admirers will find this novel as distinctive and compelling as her stories and her poetry.' Jessica Anderson '[Witting] lays bare with surgical precision the dynamics of families, sibling, students in coffee shops, office coteries. One sometimes feels positively winded with unsettling insights. There is something relentless, almost unnerving in her anatomising of foibles, fears obsessions, private shame, the nature of loneliness, the nature of panic.' *Janette Turner Hospital* 'A beautifully but

unobtrusively honed style, a marvellous ear for dialogue, a generous understanding of the complex waywardness of men and women.' Andrew Riemer 'Terrific - incredibly wise...When I finished it I went straight back to the first page.' Cate Kennedy

A DETAILED STUDY OF THE CLASSICS OF CONTINENTAL HORROR CINEMA!

From the Expressionist reveries of the Weimar Republic to the transgressive nightmares smuggled past the Franco regime, via surrealist Gallic fever-dreams and psychedelic shockers from Cinecittà, Jonathan Rigby brings his incisive scrutiny to bear on more than 100 key films, starting in the aftermath of World War I and winding up with the video revolution of the early 1980s.

In the seemingly peaceful and pleasant town of Wolverhampton, England, an entrepreneur had the brilliant and terrifying idea of creating a Park of Horrors. The idea was the brainchild of Sir Desrius – better known as the “Warlock” – a cruel and unscrupulous man who did not hesitate to imprison monsters and fairy creatures from every corner of the globe to populate the park. For years now, the monsters have been forced to suffer abuse, yet for some time rumors have spread of a rebellion... Dedicated to those who are victims of prejudice, “The Revolt of the Skeletons in the Closet” is a fairy tale that speaks straight to the heart of young and old alike.

High school seniors Aria, Emily, Hanna, and Spencer have been tortured by A for too long. Now they're determined to take the fight to A . . . even if it's the last thing they do. As the rest of Rosewood prepares for the prom, the girls drop everything in their hunt for

A. But with each new piece of evidence, A only seems farther away. No matter how close the liars get, A is always one step ahead -and ready to crush them completely. Years ago, her sister, Rachel vanished. Now she is almost certain that the man who took Rachel sits in the passenger seat beside her. He claims to have dementia and no memory of murdering girls across Texas in a string of places where he shot eerie pictures. To find the truth, she proposes a dangerous idea: a ten-day road trip with a possible serial killer to examine cold cases linked to his haunting photographs.

In Giacomo Puccini: A Discography, librarian and music historian Roger Flury brings together information on nearly 10,000 recordings of Giacomo Puccini's music. Flury looks at each of Puccini's operas chronologically from Le Villi to Turandot, followed by sections on Puccini's instrumental, chamber, orchestral, and solo vocal works. Details of each complete opera are listed by recording date, followed by excerpts in the order in which they occur in the opera. Recordings of each aria are listed alphabetically by the name of the artist. For ease of use, Flury establishes as the main criteria for

inclusion those recordings assigned a commercial issue number and available for purchase, ensuring that this audio recording history of Puccini is free of gaps.

Son of the celebrated Norwegian author Knut Faldbakken, he has published two novels, "The Cocka Hola Company" and "Macht und Rebel" under the alias Abo Rasul. Drenched with acid humor and continuously hitting below the waist, his books immediately caused a considerable stir in Norway. If, in these publications, he underlines the differences and similarities between the so-called underground and the mainstream, and between the "independent" and the "commercial" in everyday life, these subjects are also central to his art practice.
