He knows she'd do anything for him, except that. And as much as he understands, it's still driving him crazy. Lexi knows what Jack wants, it's no secret, he even wrote a song about it. He has no idea that sometimes she wants to too, just as much as he does. But that's only one thing Lexi has to worry about these days. Her mother won't leave her alone, ever. And her dad, he's finally taking an interest in Lexi's life, by trying to run it. This is Book Two of Jack and Lexi's story. But getting there is going to prove difficult, which is why Lockland has entrusted Daze with a secret weapon. A pulse storm, overzealous militia, and uncooperative siblings are only a few of the obstacles standing in their way. Once they arrive on the coast, the prospect of finding the supplies they need dwindles. But what they uncover may be far richer. A way to move the remaining survivors forward. But the people of the town don't see it that way. They want to protect what's theirs. With the militia closing in, they do the only thing they have left to do, fight.

Talented swimmer Lasha Boyko finds that she needs to balance her sport with other aspects of her life, as well as learn to deal with the pressure of training competitively, if she is going to live up to her potential.

Morgan shudders as she leans out of the window and takes in the familiar blonde curls and clear blue eyes of the fallen girl below. She knows this woman, and she realises with sickening certainty that her friend is now gone forever... When Detective Morgan Brookes is called to the scene of a suicide, she’s devastated to recognise the young teacher sprawled out on the grass like a broken doll. She hasn’t seen Brittany for years. Not since the tragic death of Morgan’s high-school boyfriend ripped their friendship group apart. But when witnesses describe Brittany’s erratic behaviour and jumbled speech that morning, Morgan is convinced the fearless, life-loving girl she once knew didn’t jump of her own accord. Traces of poison found in Brittany’s blood prove Morgan’s theory right, but no one can find the source. Then Morgan uncovers a distinctive jar in Brittany’s home filled with toxic herbs, and the sight of it turns her blood to ice. She has a jar just like it, a handmade gift from her aunt. Is this a coincidence, a set-up, or could the only person she’s ever trusted with her damaged past be capable of murder? Then another woman from Morgan’s past is found, close to the scene of that fatal teenage party. Has Morgan been looking at this all wrong? Are these deaths connected to that deadly night? And how could someone from her own family possibly be involved? With her aunt’s freedom and more innocent lives at stake, Morgan must dig deep into her painful memories for answers. Who else was there that night, and what exactly did they see? She must stop this twisted killer before any more of her old friends become new victims – but at what cost? New York Times bestselling author Laura Griffin “delivers another top-notch thriller” (RT Book Reviews) in her beloved Tracers series, about a leading forensic anthropologist who uncovers eerie clues in a high-stakes case that threatens to deliver her to the doorstep of a cold-blooded murderer. When local rock climbers stumble upon abandoned human bones in a remote Texas gorge, Sara Lockhart is the first to get the call. She has a reputation as one of the nation’s top forensic anthropologists, and police detective Nolan Hess knows she is just the expert he needs to help unravel this case. Although evidence is scarce, Nolan suspects the bones belong to a teenage climber who vanished last summer. But as Sara unearths strange clues, she finds chilling similarities to a case from her past—a case that now threatens to rock Nolan’s community. While Sara digs deep for answers, the stakes rise higher as another young woman disappears without a trace. Investigators work against the clock as Sara races to discover the truth, even if her harrowing search brings her face to face with a stone-cold killer. With her signature breathless pacing and suspenseful twists and turns, Stone Cold Heart demonstrates why “Laura Griffin never fails to put me on the edge of my seat” (USA TODAY).

Grant Newton, born 1984, is from Maumee, Ohio (just outside of Toledo) and a 2009 graduate from Ohio University with a B.A. in Creative Writing. During his final years there, he began to get serious about writing short stories and poems about his experiences in and around Athens. For instance, he saw the value in playing poker all night with the locals, driving and exploring the surrounding areas, and the element of frontier and lawlessness in the town. It was difficult to focus the attention he desired on his short stories (although hed compiled pages of ideas) and, after talking with a few distinguished English professors, decided instead to write a full-length novel. It was a challenge to balance it with the pursuit of a degree, but in October of 2009 he completed a fictional adventure book entitled In The Sights.

With its release, he hoped to fund other projects such as an intricate short story collection (with the many references from his novel included) and multiple film projects. In February of 2011, he comprised these short works and poetry into one body: Once Abandoned. It can be read simultaneously with In The Sights or on its own, but is sure to captivate readers both young and old alike.

‘OMG what a story ... you seriously need to read this one. I devoured this in one sitting, it is certainly one pulse-racing, nail-biting, gritty read ... I thought my heart was going to explode ... will definitely keep you on the edge of your seat from start to finish.’ Chelle’s Book Reviews The suitcase was badly rusted, and took Erika several attempts, but it yielded and sagged open as she unzipped it. Nothing could prepare her for what she would find inside... When a battered suitcase containing the dismembered body of a young man washes up on the shore of the river Thames, Detective Erika Foster is shocked. But it’s not the first time she’s seen such a brutal murder... Two weeks earlier, the body of a young woman was found dumped in an identical suitcase. What connects the two victims? As Erika and her team set to work, they quickly realise they are on the trail of a serial killer who has already made their next move. Yet just as Erika starts to make headway with the investigation, she is the target of a violent attack. Forced to recover at home, and with her personal life falling apart, everything is stacked against her, but nothing will stop Erika. As the body count rises, the case takes an even more twisted turn when the twin daughters of Erika’s colleague, Commander Marsh, are suddenly put in terrible jeopardy. The stakes are higher than ever before, but can Erika save the lives of two innocent children before it’s too late? She’s running out of time and about to make a disturbing discovery...there’s more than one killer. Brilliantly gripping, Cold Blood will have you hooked from the first page and holding your breath to the heart-stopping and shocking ending. Read what everyone is saying about Cold Blood: ‘Unputdownable ... He joined the Czech Air force, rising to Captain by the age of 21. When he could no longer tolerate life under the Communists, he hijacked an airliner and flew across the Iron Curtain to freedom. He went to work for the CIA and was eventually sent to the US and given a job as Bill Boeing, Jr’s personal pilot. When Boeing began racing Hydroplanes in the late 1950s, Mira was his driver. During his ten year career as a hydroplane driver, he won many races and two national championships. He met Presidents and dated movie starlets. After a serious hydroplane accident, Slovak switched to airplanes where he won another national championship. When he retired from racing he became a stunt pilot and public speaker and talked about the value of freedom and how we should value it above everything else. He outlasted Communism and when it collapsed in 1990 he returned to his home, only to realize that his true home was, and always would, be the United States.

And if there's money on offer to fix races, Freddy's guaranteed to be first on the gravy train. Unfortunately for both men, the guarantees run out once Freddy's train comes off the rails. That's when the gravy turns to blood... She's innocent and sweet. He's dark and depraved. Stone Hawke is precisely the kind of man women are warned about!handsome, intelligent, arrogant, and intricately entangled with some dangerous people. I should stay away, but he manages to strip my soul bare with just a look and dominates my thoughts. Bad decisions are in my past. My life is (mostly) on track, even if it is no longer the one to medical school. I can't allow myself to cave to the fierce pull and ardent attraction I feel toward the youngest Hawke. Nora Eriksson is off-limits, and not just because she's my brother's employee and sister-in-law. Despite the fact she's stripping at The Hawkeye Club, she has an innocent and pure heart. Normally, the only thing that appeals to me about innocence is the opportunity to taint it. But not when it comes to Nora. I can't expose her to the filth permeating my life. There are too many things I can't control, things completely out of my hands. She doesn't deserve any of it, but the power she holds over me is stronger than any addiction. The hardest battles we fight are often with ourselves, but only through defeating our own demons can we find true peace. *** Stone Sober is the third book in The Hawke Family Series. While it is a complete story, it is NOT meant to be read as a standalone. The story of the Hawke siblings begins in Savage Collision (book one), and continues in book two, Tortured Skye, book three, Stone Sober, and finally book four, Building Storm. These stories all build on one another and are intertwined. They need to be read in order to fully enjoy and understand the plots.

How about That!

Jim Haynes, Australia's favourite tale teller, loves the sport of kings as much as he loves Aussie yarns and bush verse. From country picnic tracks to the thoroughbred racecourses of Sydney, Brisbane and Melbourne, from Archer to Black Caviar, from the mysterious punter Louis the Possum to the great trainer Bart Cummings, he brings these two great loves together in the biggest book of Australian racing stories ever. In these stories, full of the humour and romance of the track, Jim reminds us of the great champions, the tragedies, and the unique characters (equine and human) of racing. Here are stories of famous races and jockeys, touts and urgers, nose-to-nose battles and a rort or two, as well as country race meeting where anything can happen. This rich collection captures the heart and soul of the turf and reminds us exactly why a day at the races and having a punt are such an important part of the Australian spirit.

Marshaling evidence from a wide array of international sources, including the black presses of the time, Penny M. Von Eschen offers a vivid portrayal of the African diaspora in its international heyday, from the 1945 Manchester Pan-African Congress to early cooperation with the United Nations. Tracing the relationship between transformations in anti-colonial politics and the history of the United States during its emergence as the dominant world power, she challenges bipolar Cold War paradigms. She documents the efforts of African-American political leaders, intellectuals, and journalists who forcefully promoted anti-colonial politics and critiqued U.S. foreign policy. The eclipse of anti-colonial politics—which Von Eschen traces through African-American responses to the early Cold War, U.S. government prosecution of black American anti-colonial activists, and State Department initiatives in Africa—marked a change in the very meaning of race and racism in America from historical and international issues to psychological and domestic ones. She concludes that the collision of anti-colonialism with Cold War liberalism illuminates conflicts central to the reshaping of America; the definition of political, economic, and civil rights; and the question of who, in America and across the globe, is to have access to these rights.
