Campaigning for the Vote tells, in her

own words, the efforts of a working suffragist to convert the men and women of England to the cause of women's suffrage. The detailed diary kept all her life by Kate Parry Frye (1878-1959) has been edited to cover 1911-1915, years she spent as a paid

organiser for the New Constitutional Society for Women's Suffrage. With Kate for company we can experience the reality of the 'votes for women' campaign as, day after day, in London and in the provinces, she knocks on doors, arranges meetings, trembles on

Acces PDF Suffragettes: The Fight For Votes For Women

platforms, speaks from carts in market squares, village greens, and seaside piers, enduring indifference, incivility and even the threat of firecrackers under her skirt. Kate's words bring to life the world of the itinerant organiser - a world of train journeys, of

Acces PDF Suffragettes: The Fight For Votes For Women

complicated luggage conveyance, of hotels - and hotel flirtations - of boarding houses, of landladies, and of the 'quaintness' of fellow boarders. This was not a world to which she was born, for her years as an organiser were played out against the catastrophic loss

of family money and enforced departure from a much-loved home. Before 1911 Kate had had the luxury of giving her time as a volunteer to the suffrage cause; now she depended on it for her keep. No other diary gives such an extensive account of the working life

account to date of the workings of the previously shadowy New Constitutional Society for Women's Suffrage. She writes at length of her fellow workers, never refraining from discussing their egos and foibles. After the outbreak of war in August 1914 Kate continued to

“meticulously and vibrantly chronicles” (Booklist) the links of the woman suffrage movement to the abolition of slavery. After the Civil War, Congress granted freed African American men the right to vote but not white and African American women, a crushing disappointment. DuBois shows how

suffrage leaders persevered through the Jim Crow years into the reform era of Progressivism. She introduces new champions Carrie Chapman Catt and Alice Paul, who brought the fight to the 20th century, and she shows how African American women, led by Ida B. Wells-Barnett, demanded voting rights even as

white suffragists ignored them. DuBois explains how suffragists built a determined coalition of moderate lobbyists and radical demonstrators in forging a strategy of winning voting rights in crucial states to set the stage for securing suffrage for all American women in the Constitution.
