

## THREAT (The Billionaire's Rules, Book 5)

*“Laurie LeClair is an amazing author. To be able to read a book and not want to put it down until finished, is a true art!!!!” 5 star review He’s the driven CEO billionaire. She’s the quirky matchmaker hired by his meddling family to find him a bride. Only she’s young, beautiful, and mesmerizing—nothing like he expected. This contract may be the toughest one he’s ever tried to break...without it breaking him first. While dynamic CEO billionaire Colton Cormac takes the helm of Cormac Enterprises to lead it into the next stratosphere and carry on the legacy, his family interferes in his private personal life—yeah, emphasis on the private part. He’s not about to be marked by a scheming money grabber who claims she’s a modern day matchmaker—like that’s a real thing. Not happening on his watch. Ever. Spunky matchmaker Sunny Weathers—yeah, her given name—needs cash fast to get her younger sister’s tuition and books covered in a few days. Flat broke, Sunny agrees to the cockamamie offer of finding matches for the billionaire Cormac brothers—like finding brides for the most eligible bachelors in Boston is a challenge. Easy peasy, right? First one up is the oldest and hottest, in her opinion. Not good to think about the super sexy guy like that any way she slices it when she’s trying to find him a future wife. Doubts crowd in as Colton and Sunny face the cold hard facts that opposites attract...and burn... .CEO Billionaire is the first in The Cormac Family: Billionaire Sweet Romance series, filled with love, family, heart, and humor. If you like sweet romances, witty banter, and happy endings, then you’ll love Laurie LeClair’s heartwarming funny romance.*

*The last year America has had a president is. We’re told that when we vote, when we elect representatives, we’re gaining a voice in government and the policies it implements. But if that’s true, why don’t American politics actually translate our preferences into higher-living standards for the majority of us? The answer is that, in America, the wealthy few have built a system that works in their favor, while maintaining the illusion of democracy. The reality is that the quality of democracy in the United States is lower than in any other rich democracy, on a par with nations such as Brazil or Turkey. In the US, voters have little influence on eventual policy outcomes engineered by lawmakers. Political scientists call it the income bias and attribute it to the power of wealthy donors who favor wage suppression and cuts to important government programs such as public education and consumer protection. It causes American lawmakers to compete to satisfy preferences of donors from the top one percent instead of the middle class. It’s also why our economy has been misfiring for most Americans for a generation, wages stagnating and opportunity dwindling. The election of Donald Trump shocked the world, but for many Americans, it came as a stark reflection of mounting frustrations with our current system and anger at the status quo. We need to find a way to fix the way our government serves us. The only realistic pathway to improve middle-class economics is for Congress and the Supreme Court to raise the quality of American democracy. In Billionaire Democracy: The Hijacking of the American Political System, economist George R. Tyler lays out the fundamental problems plaguing our democracy. He explains how the American democratic system is rigged and how it has eroded the middle class, providing an unflinching and honest comparison of the US government to peer democracies abroad. He also breaks down where we fall short and how other rich democracies avoid the income bias created by the overwhelming role of money in US politics. Finally, Tyler outlines practical campaign finance reforms we can adopt when we finally focus on improving the political responsiveness of our government. It’s time for the people of this nation to demand a government that properly serves us, the American people.*

*The Thrilling Conclusion to Silicon Valley Billionaires! Before She Can Put the Past Away...There’s Hell to Pay. Hannah Taylor—the bright, bubbly publicity director of Silicon Valley’s celebrated startup Paragon Laboratories—was kidnapped and beaten. Her bodyguard-boyfriend, Wesley Eden, was shot right in front of her. The responsible party? None other than Chinese mogul Li Na Zhao, who’ll stop at nothing to steal Paragon’s blockbuster biotechnology from Hannah’s CEO sister Lauren. Out to protect her loved ones, Hannah is hell-bent on finally taking Li Na down, especially after she discovers that Paragon isn’t the only Silicon Valley company in Li Na’s crosshairs. Can Hannah stop her before it’s too late?*

*From Ben Mezrich, the New York Times bestselling author of The Accidental Billionaires and Bringing Down the House, comes Bitcoin Billionaires - the fascinating story of brothers Tyler and Cameron Winklevoss’s big bet on crypto-currency and its dazzling pay-off. Ben Mezrich’s 2009 bestseller The Accidental Billionaires is the definitive account of Facebook’s founding - and the basis for the Academy Award-winning film The Social Network. Two of the story’s iconic characters are Harvard students Tyler and Cameron Winklevoss: identical twins, Olympic rowers, and legal foils to Mark Zuckerberg. Bitcoin Billionaires is the story of the brothers’ redemption and revenge in the wake of their epic legal battle with Facebook - and the first great book from the world of bitcoin. Planning to start careers as venture capitalists, the brothers quickly discover that no one will take their money for fear of alienating Zuckerberg. While nursing their wounds in Ibiza, they accidentally run into a shady character who tells them about a brand new idea: cryptocurrency. Immersing themselves in what is then an obscure and sometimes sinister world, they begin to realize “crypto” is, in their own words, “either the next big thing or total bulls-!t.” There’s nothing left to do but make a bet. From the Silk Road to the halls of the Securities and Exchange Commission to the Facebook boardroom, Bitcoin Billionaires will take us on a wild and surprising ride while illuminating a tantalizing economic future. On November 28th, 2017, the Winklevoss brothers became the first bitcoin billionaires. Here’s the story of how they got there - as only Ben Mezrich could tell it.*

The Meltdown (the Hunt Series Book 6)

A Second Chance Romance

The Billionaire Without Rules (Mills & Boon Modern) (Lost Sons of Argentina, Book 3)

“Super-high stakes, super-high concept, and super-charged action. This propulsive spy thriller changes all the rules—it will have you holding your breath until you discover the final shocking truth. Jeff Gunhus is a terrific talent.” —Hank Phillipl Ryan, national bestselling author of The Murder List
A father charged with treason. A daughter sent to kill him. A shocking conspiracy that changes all the rules of the spy game for a new generation. . . . With more than a dozen kills under her belt, ex-Marine Mara Roberts is one of the Agency’s most reliable assassins. But different than her other marks. Hers a former agent who betrayed his country. He’s responsible for the death of Mara’s mother. And he happens to be Mara’s father. . . . Scott Roberts knows that his daughter was sent to kill him. He realizes he has only one chance to change her mind: to convince her that he’s been framed for treason—and that every member of their family are pawns to be sacrificed, one by one. Mara isn’t sure she can trust her father. He is a master of manipulation, as ruthless as he is resourceful. But when her nephew is abducted, she agrees to help. But first, they must infiltrate the highest levels of power. Then, they must attempt the unthinkable: kidnap the President of the United States. . . . A brilliantly written thriller. Breakneck twists, political intrigue and bristling action scenes—Jeff Gunhus writes with a gripping and gritty authority.” —Simon Genovais, author of Hunt Them Down
It’s time to rewrite the rules—to curb the runaway flow of wealth to the top one percent, to restore security and opportunity for the middle class, and to foster stronger growth rooted in broadly shared prosperity. Inequality is a choice. The United States bills itself as the land of opportunity, a place where anyone can achieve success and a better life through hard work and determination. But the facts tell a different story—the U.S. today lags behind most other developed nations in measures of inequality and economic mobility. For decades, wages have stagnated, and the time to the top one percent. Education, housing, and health care—essential ingredients for individual success—are growing ever more expensive. Deeply rooted structural discrimination continues to hold down women and people of color, and more than one-fifth of all American children now live in poverty. These trends are on track to become even worse in the future. Some economists claim that today’s bleak conditions are inevitable consequences of market outcomes, globalization, and technological progress. If we want greater equality, they argue, we have to misguidedly structural rules that actually construct economic growth. We have stripped away worker protections and family support systems, created a tax system that rewards short-term gains over long-term investment, offered a de facto public safety net to too-big-to-fail financial institutions, and chosen monetary and fiscal policies that promote wealth over full employment.

A criminal-in-training sister . . . A father who’s on the lam . . . A mother who’s barely speaking to her . . . And a federal agent who wants to bed her . . . What’s a former billionaire’s daughter to do? Nina Roth is having a horrible day. Actually, make that a horrible week. In fact, make it a horrible year. Unemployed? Check. About to be homeless? Check. Father’s an international pariah and Nina’s guilty by association? Check. What’s a former billionaire’s daughter to do? The only thing she can—swallow her fear, ignore that little voice inside her head telling her all is lost, and try to make it through.

A protective billionaire. A perfect baby and a fake fiancée romance. All of this and much more in this unforgettable collection: Four seductive billionaires that will do everything to please their women. They are both sensual and irresistible and will fulfill every one of your fantasies. Get loosed up and enjoy this scorching, passionate boxed set. Each novel is guaranteed to satisfy your romance cravings. Includes these four novels: Blackmailed by The Billionaire: An Enemies to Lovers Secret Baby Romance Tall, dark, and handsome. Cayce Duran he called it my past, but I was not a killer. When I saw the attraction in his dark eyes, he set me on fire. The attraction was instant, and I loved every minute with him in bed. A million dollars would pay for everything I needed. But I have to make a decision: him or my family. Saved by Her Boss: A Secret Baby Mafia Romance I needed a fresh start, and he needed a personal assistant! My plan was to start a new life away from the man that wanted to kill me! Meeting him was one of the best days of my life. Love was not planned, but he was perfect. He was what we all deserves to know the truth about my past, but I’m scared of what could happen, and I can’t let him know why my father wants me dead. The best for both of us is for me to leave, and I chose the worst moment, which is now that I have a secret riding with me. A Second Chance at Love: A Secret Baby Romance I had one scorching night with my ex-boyfriend’s bestie. . . . Ops. Ten years later, I’m back in our hometown. Nothing changes here. . . . not even Callan Duran. My ex is long gone, but his best friend is still here. Still the arrogant prick he always was. And he again like in the old days. I can’t deny the heat when our arms accidentally touch and when our eyes meet again. I finally feel at home. I have to stop. I don’t want to be burnt again. He’s trouble with a capital “T,” and I know it. But I’m certainly no angel either... I’ve been keeping a secret for the past ten years that will change his life forever, and he has Callan’s clear blue eyes. Saved by the Bad Boy: A Billionaire Fake Fiance Romance Pretending to be engaged to my hot billionaire childhood bestie is easy. A little too easy... Chance was my childhood best friend up single at forty, we promised to get hitched. Not quite there yet, but I’m in desperate trouble now. I need Chance to come through and be my fake fiancé. Just until my volatile ex gets off my back. Faking it feels natural. It’s not hard with a guy like Chance. Chiseled abs. Piercing green eyes and a huge... bank account. I’m in serious danger, and Chance’s pretend love will protect me. His strong arms wrap me in safety. I feel the heat through my body when we touch. What was supposed to be pretend is now feeling all too real.

U.S. News & World Report

Book 6

Highly disputes over privacy and security have shaped the relationship between the European Union and the United States and what this means for the future We live in an interconnected world, where security problems like terrorism are spilling across borders, and globalized data networks and e-commerce platforms are reshaping the world economy. This means that states’ jurisdictions and rule systems clash. How have they negotiated their differences over freedom and security? Of Privacy and Power investigates how the European Union and United States, the two major regulatory systems in world politics, have regulated privacy and security, and how their agreements and disputes have reshaped the transatlantic relationship. The transatlantic struggle over freedom and security has usually been depicted as a clash between a peace-loving European Union and a belligerent United States. Henry Farrell and Abraham Newman demonstrate how this misses the point. The real dispute was between two transnational coalitions--one favoring security, the other liberty--whose struggles have reshaped the politics of surveillance, e-commerce, and privacy rights. Looking at three large security debates in the period since 9/11, involving Passenger Name Record data, the SWIFT financial messaging controversy, and Edward Snowden’s revelations, the authors examine how the powers of border-spanning coalitions have waxed and waned. Globalization has enabled new strategies of action, which security agencies, interior ministries, privacy NGOs, bureaucrats, and other actors exploit as circumstances dictate. The first serious study of how the politics of surveillance has been transformed, Of Privacy and Power offers a fresh view of the role of information and power in a world of economic interdependence.

Titans An exclusive private society of the world’s most powerful ambitious gentlemen Sex, Secrets, and Intrigue Sexiest Billionaire Jaxon Mills is stunned--then furious--when sees his biggest investor’s daughter at one of the most exclusive clubs in New Orleans, dressed in a scandalous outfit and wearing an inviting smile. The tempting woman with the compassionate heart is supposed to be tucked away at grad school, where’s she safe from men like him. Willow Henderson has one escape from her overprotective family--the French Quarter. There, she can be anonymous, even if only for a short time. But she never expects to come face-to-face with Jaxon, a sexy self-made billionaire Don whose arrogance is matched only by his bank account. Jax, an avowed workaholic determined to outrun his troubled past, has never allowed a woman to distract him. Until Willow. And when he discovers she’s a virgin, it’s more than a dominant urge that flares. It’s an honorable instinct he hadn’t know he was capable of. He will do anything to make her his. Billionaire’s Matchmaker Hope Malloy is not intimidated by rich, powerful men. So when she’s hired to find a bride for billionaire Rafe Sterling, she’s certain the assignment will be easy. Not only is he sexy and a renowned philanthropist, the man is heir to one of the country’s largest hotel fortunes. Who wouldn’t want to marry him? Rafe Sterling does not want a wife. Too bad it’s the one thing he desperately needs. His father ran off with a woman half his age, and Rafe can’t become permanent CEO of Sterling Worldwide unless he’s married. When he’s ambushed by the competent matchmaker, he’s captivated by her intelligence and seductive innocence. All of a sudden, he is thinking about a future and having her under his complete and total command. Will she run when she discovers his deepest, darkest secrets and shocking, sensual demands? Billionaire’s Christmas Rafe knows exactly what he wants for Christmas. But there are things even billionaires can’t buy. While she’s madly in love with her fiancé, Hope needs time to adjust to her new life and Rafe’s sexy demands. He wants more than her hand in marriage and a baby. He wants her to face her greatest fears. Hope’s not sure she’s courageous enough to give him what he really wants for Christmas.

City free spirit Claire sets her sights on a shy strait-laced man she meets at the local bar one night. She’s only looking for a fling from the handsome stranger, but she’s more affected by him than she intended to be. They promised no last names, but his true identity proves to be more intriguing than Claire expected. This book was previously published as “The Billionaire and the Artist” under author name Elena Maclay. keywords: bbw romance, plus size romance, new adult romance, romance suspense, romantic suspense, billionaire romance, sweet romance, clean romance, wealthy hero, novella

Billionaires in World Politics

This is book 3, Phoebe goes to New York City for a florist convention. She hopes to be inspired by beauty...but not by the breathtaking beauty of a one night stand with a Greek god. When she meets a mysterious stranger who says they shouldn’t use their real names or identities, she is intrigued. She becomes Ruby, the shipping heiress, and he is a poor man from the wrong side of the tracks. They spend a glorious night together deep in role play, and then go for their separate ways, never to see each other again. But sometimes fate has other plans... Who was the mysterious man she slept with? Get ready to indulge in an over the top romance with a paranormal twist on some favorite tropes. When the size of his rack fails to impress, this moose has to resort to bribery. Get married or you’re out of the will. Blackmail pure and simple, but Bryce doesn’t have much of a choice if he wants to remain Grandfather’s heir. With the old man on his deathbed, the clock is ticking, so he’d better get cracking because a supposed cousin has just shown up looking for a pint of the maple syrup business. I’ll give him with my rack first! Lucky for Bryce, he sniffs out the perfect woman and makes her a deal. What he doesn’t expect is to lose his heart in the process. Genre: paranormal romantic comedy, shapeshift romance, moose romance, werewolf romance

For His Pleasure is a New York Times and USA Today bestselling series, and with each new book in the series, the romance just gets hotter... This volume contains the first two books in the For His Pleasure series (FOR HIS PLEASURE & FOR HIS TAKING) When twenty-two year old Nicole Masters gets a highly coveted internship working for one of the largest advertising companies in the world, she can’t believe her luck. But Jameson International isn’t just any company. It’s owned by thirty-two-year-old business mogul and celebrity, Red Jameson. Red is known for his high flying lifestyle; dating models and hanging with the rich and famous. The powerful billionaire can have any woman he wants, and the naive college graduate can’t imagine making much of an impression on her new CEO. But when Red Jameson takes notice of her and invites her up to his secluded office one day, everything changes.

Emerging Trends to Energy Security and Stability January 23 to January 25, 2004, Windsor Castle, UK This two-day NATO-sponsored workshop was organised by the Windsor Energy Group and MEC International Ltd with support from NATO’s Science Committee. The workshop was designed to promote a public-private sector exchange on how best to address issues arising in energy security at a time of growing uncertainty. In particular, it sought to assess emerging threats to energy security and stability and discuss new security strategies to protect global energy supplies from regional instability and terrorism. The format involved a wide-ranging international group of poli- formers and advisers from NATO, Partner and other countries, in a unique forum for intensive expert discussion. Background The international community is increasingly conscious of the need to develop new energy security strategies in order to protect global energy supplies from regional instability and terrorism. Energy security is a vital element in international stability. However, a variety of energy-related economic, technical, and military/political factors pose serious challenges to the international community’s pursuit of energy security and stability: The global economy is expected to continue to be largely dependent on oil and gas for the next twenty to thirty years. Current levels of production may need to be doubled in this period, with most of the increment coming from the Gulf States who control 66% of global oil reserves and 40% of global natural gas reserves. There are forecasts of significant capacity shortfalls.

The Italian Billionaire

The Billionaire Who Wasn’t

Proven Strategies from the Titans of Wealth

**"High-paced, riveting and incredibly satisfying." An uncontrollable president. Three unflinching agents. One epic finale. The threat is not the foreign invader, but the danger within. Now they need silencing. Who dares stop him? Nations, governments and individuals. The president has a secret which he'll use to threaten meltdown on all fronts. And what of the British and MI6? Operating within the law is no longer their only option. Yet, a greater threat remains; watching, waiting—ready to pounce! From the Best-Selling author of eighteen titles, including The Tablet, comes the sixth instalment in his much loved Hunt series.**

**Bad Boy Billionaire Bear Shifter Brock Tandell is the new Mayor of New Orleans. Most are envious of what he has and what he's accomplished, but he will defend his Mate and rebuild his city against all odds, especially when a group of Human Supremacists come after them! Gia Carosa is about to start her new job, as the administrative assistant to New Orleans's newly elected mayor, Brock Tandell. Brock's life is already interesting enough, being a Bear Shifter and all, but it's about to get downright exciting as an anti-shifter group turns violent. There's a natural divide between the paranormal and the human and mistrust is commonplace. So commonplace that The Human Order seems to have no trouble recruiting in its protest against shifters. But Brock and Gia will need to learn to trust each other in the face of unnerving odds if they are to escape this threat, and if there is going to be any chance of them finding love. Brock and Gia are left scrambling to defend their loved ones, and each other, in the face of a quickly growing threat that seems to be leaps and bounds ahead of them. To complicate matters the chemistry between them is sure to put "SCANDAL" in the headlines. This full length bear shifter paranormal romance novel has all the action, steam and true love that only a Fated Mates story can deliver! Keywords: bear shifter, bad boy, bbw, fated mates, paranormal romance with sex, pnr, curvy, gothic romance, new adult romance, clan, pack, series, fantasy, steamy romance, paranormal romance books for adults, reformed rake, contemporary romance, hot romance, hot shifter romance, shifter romance series, instalove, shifter conflicts, new adult, urban fantasy, alpha male, werewolf, shapeshifter, wounded hero, romantic suspense, womens fiction, action adventure, military love, outlaw, rebel, thrilling, great chemistry, enemies to friends**

**This is the complete series. Seduced by my Billionaire Boss - Part 1 Seduced by my Billionaire Boss - Part 2 Seduced by my Billionaire Boss - Part 3 Jenna Harks left Goldman Sachs. Left the two hundred thousand starting salary on the table. She left to make her name with something bigger, better. Even if it did mean starting out as a low-level assistant without recognition or the chance of dental. But when mistaken identity gives Jenna the job of her dreams, she isn't sure what to make of it. She knows she has the skills and determination, that's for sure. So she rises to the challenge. There is Michael Larchwood, younger son of the legendary Abe Larchwood. Second heir to the keys of the castle. He was also a notorious playboy who flirts with Jenna. The thing is, not only does the company have a zero tolerance policy toward inter-office fraternization, but Michael was well known for flouting those rules. At least four women in the last two years were fired after being seen leaving his apartment, and Jenna was in no way interested in making that list. And then there's the serious brother, Thomas Larchwood, who is a brilliant financial tactician and the youngest person ever to be named on Forbes most influential people's list. All that and he was only a few years older than Jenna. The more Michael flirts with Jenna, the more Thomas takes notice. Both brothers are off limits. But one of them will steal her heart. sizzling reads, contemporary crushes, romance and sex, bad boy, billionaire, fake girlfriend, free romance, anthology, boxed set, free box set, romance comedy, romance box sets, romance series, bad boy romance, fake relationship, fake girlfriend, fake romance, pretend girlfriend, pretend relationship, assistant, boss, fake marriage, marriage of convenience, fake wife, fake husband, fake relationship, pretend wife, pretend husband, billionaire romance, billionaire. Her Bossy Billionaire

How to be a Billionaire

Dear Greek Billionaire

For His Pleasure (Books One and Two)

Don't Fall For Me

Ten Rules of Change in the Post-Crisis World

"A truly enlightening work filled with fundamental strategies that have worked for others.Martin Fridson documents the essential principles inherent in every billionaire's success." -Gordon Bethune Chairman of the Board and CEO Continental Airlines
Self-made billionaires all have one thing in common: they excel at making money. But hard work, thrift, and focus are only part of the story-you hold the rest of it in your hands. How to Be a Billionaire is the first comprehensive picture of the real strategies and tactics that built the great business fortunes of modern America. Perot, Richard Branson, Phil Anschutz, John D. Rockefeller, Wayne Huizenga, Bill Gates, J. Paul Getty, and Kirk Kerkorian. How to Be a Billionaire will show you principles that can increase your wealth and business acumen to the mogul level. How to Be a Billionaire looks at the careers, the methods, and the minds of self-made billionaires to distill the common keys to titanic accumulations of wealth. Each chapter explores a specific strategy and brings it to life through extended profiles of past and present masters of the art of making money. Do you think you can? Richard, founder of the Wal-Mart retail chain, would tell you otherwise. The key to Walton's success was supreme devotion to copying the methods of other successful discounters. What could be less complicated than buying low and selling high? But the ascent of Warren Buffett, John Kluge, and Laurence Tisch to billionaire status depended on much more than an eye for good bargains. And if you're looking to thrive by outmanaging the competition, look no further than Richard Branson. When the founder of Virgin Atlantic needed to reduce his share in 400+ subsidiaries, How to Be a Billionaire identifies the methods, beliefs, and behaviors every businessperson must understand and emulate to reach the pinnacle of riches. A manual for success that can benefit every aspiring tycoon, it is a fascinating read for anyone intrigued by wealth and how it's gotten. Praise for HOW TO BE A BILLIONAIRE "How to Be a Billionaire offers fascinating insight into the subject of building wealth. As a result of his exhaustive research, Martin Fridson is able to explain the wealth-creation process from a unique perspective. As the reader follows the step-by-step process, the concepts are made so clear and so easy to understand that you can't help but feel like you've just received the keys to the kingdom." -Jeff Sagansky CEO, Paxson Communications
"Martin Fridson's book has a number of very insightful and thoughtful analyses, something that is hard to come by in most business books." -Tommy Anschutz Chairman and CEO, The Anschutz Corporation
"How to Be a Billionaire is a powerful arsenal of dead-on strategies for increasing your personal wealth and business acumen. Marty Fridson details the tactics of self-made billionaires with great intelligence and insight. I wish this book had been available when I was starting my career." -Spencer Hays Founder, Tom James Company Executive Chairman, Southwestern/Great American, Inc. Chairman, Athlon Publications
What's one more secret between strangers... Kent Joy has been to this town before. Last year, the same night Danny started the stupid dating bid, Kent fell fast and hard for the help. If he'd been in Vegas, he'd have woken up with a ring on his finger. In Melbourne, they kissed, he promised not to tell, and they went their separate ways. Ten months on, he still can't get her out of his head, and when their paths unexpectedly cross, his daydreams of them travelling the world in a consciously coupled bliss reignite. Ashley Harris has had a hunk of a year. After the falling out with her family, and welcomed the love of her life. The only reason she's still in this town is because of Zeke's daddy. With a landlord aching to kick her out so he can put the rent on the next sucker, and a bank account approaching zero, she's out of quality options. This is no time to get emotional. Sometimes you have to make a new job work, no matter the cost to your pride. Can a sexy Halloween costume hide Ashley's secret? Will Kent and Ashley reconnect, or will they be too scared to commit? The Billionaire's Club

The Billionaire's Spark
The Billionaire's Scare
The Billionaire's Feast
The Billionaire's Gift
The Billionaire's Surprise

Breaking the Billionaire's RulesA laugh-out-loud romantic comedyCarolyn Crane

It's a story about business, but it's not a boring business story. Having barely survived a business catastrophe, the last thing fiercely independent Libby Harris needs is her client's bossy older brother interfering in her schedule. Especially not some fat, too good-looking, know-all billionaire. Jack Barnes has been Mr Responsible for years, taking care of his vulnerable younger sibling, so when a random but gorgeous woman appears in his apartment claiming to be there for his brother, his wary radar pings. Turns out the luscious Libby isn't a threat to anyone but Jack's own peace of mind and for once he's tempted to cast off caution and indulge in the moment. But what should've been something light and fun turns sticky when other uncontrollable emotions emerge... Featuring unusual suggestions for maple syrup, sizzling chemistry on the kitchen counter and one serious commitment-phobe... Her Bossy Billionaire is for readers who love it when a billionaire boss comes up against a woman unafraid to make her own rules in this sexy contemporary romance.

Shelter, A Billionaire Romance

The Rise and Fall of Nations

Were bosses allowed to look at their secretaries that way? 27-year-old Stavros Manolis urgently needed a secretary of a certain caliber, but the only one who met his standards was a troublesome young woman who flouted authority whenever she could. She grated on his nerves, but she also made his blood quicken the way no woman had, not even the one he had once loved and lost. 24-year-old Willow Somerset knew she couldn't afford to antagonize her Greek billionaire boss, but she couldn't help it. He was so damn perfect, and she hated it. But what she hated more was the way her body could only come alive in his arms. Willow knew she could never have a chance with Stavros. But then she caught him looking at her – in a way a boss should never look at his secretary. Could that be what she young woman it was?

This short primer distills Ruchir Sharma's decades of global analytic experience into ten rules for identifying nations that are poised to take off or crash. A wake-up call to economists who failed to foresee every recent crisis, including the cataclysm of 2008, 10 Rules is full of insights on signs of political, economic, and social change. Sharma explains, for example, why autocrats are bad for the economy: robots are a blessing, not a curse; and consumer prices don't tell you all you need to know about inflation. He shows how currency crises begin with the flight of knowledgeable locals, not evil foreigners; how debt crises start in private companies, not government; and why the best news for any country is none at all. Rethinking economics as a practical art, 10 Rules is a must-read for business, political and academic leaders who want to understand the most important forces that shape a nation's future.

From the New York Times bestselling author of The Game Change, comes a scathing, eye-opening exposé on the way our political system is being hijacked. Having barely survived a business catastrophe, the last thing fiercely independent Libby Harris needs is her client's bossy older brother interfering in her schedule. Especially not some fat, too good-looking, know-all billionaire. Jack Barnes has been Mr Responsible for years, taking care of his vulnerable younger sibling, so when a random but gorgeous woman appears in his apartment claiming to be there for his brother, his wary radar pings. Turns out the luscious Libby isn't a threat to anyone but Jack's own peace of mind and for once he's tempted to cast off caution and indulge in the moment. But what should've been something light and fun turns sticky when other uncontrollable emotions emerge... Featuring unusual suggestions for maple syrup, sizzling chemistry on the kitchen counter and one serious commitment-phobe... Her Bossy Billionaire is for readers who love it when a billionaire boss comes up against a woman unafraid to make her own rules in this sexy contemporary romance.

Rewriting the Rules of the American Economy: An Agenda for Growth and Shared Prosperity

The Economics of the Environment and Natural Resourcescovers the essential topics students need to understandenvironmental and resource problems and their possible solutions.Its unique lecture format provides an in-depth exploration ofdiscrete topics, ideal for upper-level undergraduate, graduate ordoctoral study. Each chapter depicts the key theoretical insights,major issues, and real-life problems for each subject. Features case studies, annotated further reading, extensiverferences, and a detailed glossary.

No rules. No limits. Unstoppable desire.

In 1991 an unnamed wealthy family—widely reported to be the Bronfmans—moved \$2 billion out of Canada without having to pay the appropriate taxes. When CHOICES, a Winnipeg-based social justice coalition, decided to take the federal government to court to force it to collect the tax, an amazing five-year odyssey through the legal and tax system was underway. A wild story of tenacious activists, public interest advocacy, and tax law.

Billionaires in World Politics shows how the privatization of politics assumes a new dimension when billionaires wield power in world politics, which requires a re-thinking of individual agency in International Relations. Structural changes (globalization, neoliberalism, competition states, and global governance) have generated new opportunities for individuals to become extremely rich and to engage in politics across borders. The political agency of billionaires is being conceptualized in terms of capacities, goals, and power, which is contingent upon the specific political field a billionaire is trying to enter. Six case studies explore the power of billionaires in their pursuit of security, wealth, and esteem. The chapter on security analyzes Raj Rajaratnam's relationship to the Tamil cause in Sri Lanka, and Sheldon Adelson's transnational electioneering in the Israel-Palestine conflict. Regarding the economy, the book studies how the Koch brothers' political protection of fossil fuels is affecting climate change mitigation, and how Rupert Murdoch's opinion-shaping is valorizing conservatism across borders. The chapter on social entrepreneurship and esteem examines the role of Bill Gates in the governance of global health and George Soros's attempts to build open societies as a 'stateless statesman'. An analytical conclusion evaluates the prior findings in order to address three major questions: Is it more appropriate to see billionaires as 'super-actors', or as a global 'super-class'? What is the relative power of billionaires within the international system? What does the power of billionaires mean for the liberal norms of legitimate political order?

*The crisis of 2008 ended the illusion of a golden era in which many people imagined that prosperity and political calm would continue to spread indefinitely. In a world now racked by slowing growth and mounting unrest, how can we discern which nations will thrive and which will fall? Shaped by prize-winning author Ruchir Sharma's twenty-five years travelling the world, The Rise and Fall of Nations rethinks economics as a practical art. By narrowing down the thousands of factors that can shape a country's future, it spells out ten clear rules for identifying the next big winners and losers in the global economy. Each rule looks at a nation's political, economic, and social conditions in real time to filter out the hype and noise. He shows, for example, how slow population growth is eroding economic growth, and ranks nations by how well they respond. He describes the way cycles of political complacency and revolt fuel economic booms and busts. Amid growing tensions over inequality, he demonstrates how billionaire lists yield clues to which economies are most or least threatened by extreme wealth. In a period when the world is struggling with trillions of dollars in new debt, he explains which nations are most likely to avert this threat or buckle under it. Sharma's rules are based on the data he has collected over many years at Morgan Stanley Investment Management in New York, where he is now Head of Emerging Markets and Chief Global Strategist. This is a book of original research, not mere opinion. The final chapter takes the reader on a surprising world tour of the likely winners and losers in the near future. The Rise and Fall of Nations is enlivened by Sharma's stories from the road and his encounters with presidents, tycoons, and villagers from Rio to Beijing. It is a pioneering field guide to understanding our impermanent world.*

*Enjoy another steamy, angsty, romantic, funny, and tearjerker romance from New York Times and USA Today bestselling author Marian Tee! 24-year-old junior editor Willow Somerset is ready to grow up and stop sabotaging herself with her potty-mouthed ways. She's determined to prove everyone wrong about her, and the best way to gain everyone's respect is by working for 27-year-old Greek billionaire Stavros Manolis. Of course, that's easier said than done, considering that the gorgeous, conservative tycoon also happens to be her ex-lover. Of sorts. This is the first time that all four stories of The Greek Billionaire and His Secretary have been bundled together.*

*Blaze is a member of a motorcycle gang that's on their way to Sturgis, South Dakota for the huge biker rally held there every year. but plans on taking as many females as he can to his bed while in the rowdy town. Angel is working in her uncle's motorcycle repair shop and when Blaze comes in with a little trouble with his new ride, she finds him as interesting as he finds her. Blaze is stricken with her knowledge of bikes and her beauty as well as her feisty attitude. But when he asks her out, a thing he never does, she refuses. It only serves to send Blaze into alpha-mode and he shows up at her home and makes her dinner then she takes him to her bedroom. Both know they have stumbled onto something neither saw coming. But can Angel get past her fear of abandonment and let Blaze have a place in her heart? And can Blaze get past his idea of being single forever and let Angel into his heart? As both want to be the master of the situation, can they give into the other without losing who they are?*

*I never imagined I'd fall for a reckless billionaire bad boy, But the way he claimed my body I felt destined to him. Then I met his twin brother.. Life in my small town is predictable, quiet. The kind of place tourists don't even know about. So when it's turned upside down by the presence of the Winter brothers, I'm caught up in more than just a sibling rivalry. My heart longs for one, but my body craves both of them, And they've made it clear.. Nothing will stop them from staking their claim for my heart and body. I can't deny the carnal desires of the flesh as they both ravage me, But when the people around me begin to die, I can't help but wonder if the Winter brothers brought more than just their insatiable lust and good looks to my small town. I thought the hardest decision would be choosing between them, But now, I don't even know if we'll live long enough to get our happily ever after.*

*Silent Threat*
