

Teeline Gold: The Course Book: Course Bk

"A good legal secretary is one of the most valuable assets in any legal office and this book, written as a practical guide, will enable them to approach their work with increased confidence. Of particular assistance will be the numerous completed specimen forms and documents. These examples are invaluable reference sources, indicating the best way of filling in such forms. As well as covering most areas of law, this book identifies the people who work in the law and the structure of the courts. It contains a useful glossary, a section on etiquette, and a helpful list of addresses, telephone numbers, and web addresses. There is also a guest chapter on finding a job which has been written by Zarak Legal, a leading London recruitment consultant firm. A 'test yourself' section at the end of most chapters acts as an ideal study aid for beginners to monitor progress, or as a desktop reference for the more experienced legal secretary."--BOOK JACKET.

Following on from the "Teeline Gold Course Book", this is intended to develop students' speed. The book should enable teachers to structure their classes, once they have introduced the basic Teeline theory, by reviewing and extending the theory. It also develops the theory of word groupings.

This innovative text for undergraduates provides a thorough and self-contained treatment of all the mathematics commonly taught in honours degree economics courses. It is suitable for use with students with and without A level mathematics.

Instructional material and practice exercises provide a simplified introduction to the celebrated shorthand system

Teeline for Journalists

McNae's Essential Law for Journalists

BakerWrite Speed Writing enables people to learn a new system in a matter of hours and become proficient within weeks. This book is laid out in six easy-to-follow lessons that take about an hour each. Practical guided exercises, with full answers, are included in each chapter and each session is rounded off with a dictation passage.

Written by a working journalist with over 20 years' experience, Law for Journalists is designed to equip you with a solid understanding of the day-to-day legal principles and practices you will need throughout your career. Suitable for use on courses accredited by the NCTJ and BCTJ, this book is packed full of practical tips and suggestions, making it a must-have guide to media law for journalism students, trainees and working journalists alike. New to this edition: ● Discussion of the first cases brought since the Defamation Act 2013 came into force, highlighting how the new provisions are being interpreted by the courts. ● Increased coverage of broadcast and online journalism, and social media. ● More detailed focus on the ethical codes of practice used by Ofcom and IPSO.

Mind Your Language! is a book by journalists for journalists. Accessible, humorous and to the point, this book will help you improve your writing skills, starting with basic use of English including grammar and punctuation. Next, there's a no nonsense breakdown of the writing and broadcasting skills you'll need to make it in TV and radio journalism. From common mistakes, to how to carry out an effective interview, all the basics are covered in this little black book. Employers offer top tips on how to succeed in the media industry and former journalism students speak candidly about their transitions from university to industry. Whether you are a journalism student or someone who would simply like to improve your grasp of the English language, this is for you.

Internationally bestselling author Val McDermid introduces her newest series in 1979, a propulsive new thriller that follows investigative journalist Allie Burns as she looks into the murder of a friend and fellow journalist during the upheaval of 1979.

Teeline Gold The Course Book Heinemann

Why are men still winning at work? If women have equal leadership ability, why are they so under-represented at the top in business and society? Why are we still living in a man's world? And why do we accept it? In this provocative book, Gill Whitty-Collins looks beyond the facts and figures on gender bias and uncovers the invisible discrimination that continues to sabotage us in the workplace and limits our shared success. Addressing both men and women and pulling no punches, she sets out the psychology of gender diversity from the perspective of real personal experience and shares her powerful insights on how to tackle the gender equality issue. 'This book tells the inconvenient truth about the gender inequality issue, providing some real deep insights into what truly gets in the way of driving diversity - even in companies that are trying to do the right thing. It may be uncomfortable reading for some but crucial for driving the needed change to create a long-term advantage.' - Paul Polman, Founder & Chair, Imagine and Ex CEO, Unilever

A History of the Soviet Union from Within

Featuring an easy-to-learn method to touch type, this edition includes how to use Microsoft Word 2007 to best advantage.

Multiple flaps open to reveal the many problems with the day after Thanksgiving, including turkey toast for breakfast, turkey burgers for lunch, turkey stew for dinner, and turkey pie for dessert--all of which please the household's mice better than the h

The First Socialist Society is the compelling and often tragic history of what Soviet citizens have lived through from 1917 to the present, told with great sympathy and perception. It ranges over the changing lives of peasants, urban workers, and professionals; the interaction of Soviet autocrats with the people; the character and role of religion, law, education, and literature within Soviet society; and the significance and fate of various national groups. As the story unfolds, we come to understand how the ideas of Marxism have been changed, taking on almost unrecognizable forms by unique political and economic circumstances. Hosking's analysis of this vast and complex country begins by asking how it was that the first socialist revolution took place in backward, autocratic Russia. Why were the Bolsheviks able to seize power and hold on to it? The core of the book lies in the years of Stalin's rule: how did he exercise such unlimited power, and how did the various strata of society survive and come to terms with his tyranny? The later chapters recount Khrushchev's efforts to reform the worst features of Stalinism, and the unpredictable effects of his attempts within the East European satellite countries, bringing out elements of socialism that had been obscured or overlaid in the Soviet Union itself. And in the aftermath of the long Brezhnev years of stagnation and corruption, the question is posed: can Soviet society find a way to modify the rigidities inherited from the Stalinist past?

The flexible Teeline system of shorthand is based on the English alphabet, and gives students scope for developing their own style of writing. This student pack consists of one copy of each of three "Teeline Gold" books - the course book, the workbook and the word list.

The Inside Track

Tutor's Resource Pack

Essential Public Affairs for Journalists is the definitive handbook for journalism students looking for a firm foundation in their understanding of central and local government. It guides readers through the constitutional framework and the governing institutions of the United Kingdom before considering the electoral system and the principal political parties. A number of key topics are discussed in turn, including the National Health Service, education, utilities and industry, and social security. The author examines both how these services operate and how they can generate a wealth of informative stories. End-of-chapter features summarize the key points from each chapter, allowing students to recap on areas that are likely to be examined. "Topical Feature Ideas" support the development of research skills, enabling students to pinpoint the facts they need to write a compelling article. Online Resources Further "Topical Feature Ideas" can be found with the online resources that accompany this book, which also include links to reliable and informative sources.

Precise and lucid in its treatment of practical detail, McNae's Essential Law for Journalists is the unrivalled handbook for students of journalism and professionals. Including pithy summaries, clear cross-references, and hands-on practical advice, McNae's meets the needs of busy journalists who need quick and reliable answers to the questions they face in their day-to-day work, while also providing students with authoritative coverage of key media law topics. Published in partnership with the National Council for the Training of Journalists as the elemental text for students, and widely used in newsrooms across the UK, McNae's continues to successfully distil the law and make it manageable. Online resources Comprehensive online resources accompany the text, including regular updates from the authors to keep readers abreast of the law. www.mcnaes.com

A carrot thief is on the loose. Clues underneath the flaps let readers know if they're right or wrong when it comes to knowing their left from their right.

Based on interviews with leading sports journalists and grounded in the authors' experience and expertise in both the sports journalism industry and sports media research, Sports Journalism gives in-depth insight into the editorial and ethical challenges facing sports journalists in a fast-changing media environment. The book considers how sports journalism's past has shaped its present and explores the future trends and trajectories that the industry could take. The far-reaching consequences of the digital revolution and social media on sports journalists' work are analysed, with prominent sports writers, broadcasters and academics giving their insights. While predominantly focused on the UK sports media industry, the book also provides a global perspective, and includes case studies, research and interviews from around the world. Issues of diversity - or a lack of it - in the industry are put into sharp focus. Sports Journalism gives both practising sports journalists and aspiring sports journalists vital contextualising information to make them more thoughtful and reflective practitioners.

This is the companion to the "Teeline Gold Course Book". Linked chapter-by-chapter it provides additional Teeline practice material and longhand transcription to reinforce classroom learning, improve outline and develop speed.

"If you want a book that instructs you about all the technical skills you need to pass the examinations set by the National Council for the Training of Journalists (NCTJ) and embark on a career in journalism, then this is the book for you. It outlines the basic knowledge required to succeed as a trainee reporter. Shorthand, intros, writing styles, subbing, layout, the way newsrooms work and how to find things out are among the range of skills described." - Times Higher Education "Precisely what it says on the cover - a down-to-earth essential handbook for anyone embarking on a career in journalism. All you need to know about avoiding newsroom minefields and attracting the editor's attention for the right reasons. If only it had been around in my day!" - Bob Satchwell, Executive Director, Society of Editors This is a book for everyone who wants to be a journalist: a practical guide to all you need to know, learn and do to succeed as a trainee reporter in today's newsroom. Although the world of journalism is changing fast, as technology blurs the boundaries between newspapers, radio, television and web-based media, the reporter's core role remains the same: to recognise news, communicate with people, gather information, and create accurate, balanced and readable stories. Essential Reporting, written by an experienced NCTJ examiner, explains how to do this. Contents include: what makes a good reporter what is news, and how to find it how newsrooms work day-to-day life as a reporter key reporting tasks covering courts and councils successful interviewing writing news stories specialist reporting handling sound, pictures and the web It also contains a wealth of advice, tips and warnings from working journalists, a guide to NCTJ training and examinations, a glossary and a guide to further reading. It will be invaluable to anyone embarking on a career in journalism and is the NCTJ's recommended introductory text for all students on college and university courses preparing them to become successful reporters.

This student book includes an introductory section to outline important principles and theory to give students a firm foundation for learning. It provides a range of practice exercises to offer learners drill materials from 50 WPM to 100 WPM designed especially to build their speed and fluency.

An introduction to fashion design offers practical exercises and interviews with industry professionals to help readers create their own collections and discover their unique design vision.

The Little Book of Thermofluids

When the United States declared war on Germany in April 1917, it was woefully unprepared to wage a modern war. Whereas their European counterparts already had t using code and cipher systems in the war, American cryptologists had to help in the building of a military intelligence unit from scratch. This book relates the personal character, providing a uniquely American perspective on the Great War. It is a story of spies, coded letters, plots to blow up ships and munitions plants, secret inks, ar desperate battlefield messages. Yet it all begins with a college English professor and Chaucer scholar named John Mathews Manly. In 1927, John Manly wrote a series the Code and Cipher Section (MI-8) of the U.S. Army's Military Intelligence Division (MID) during World War I. Published here for the first time, enhanced with references additional context, these articles form the basis of an exciting exploration of American military intelligence and counter-espionage in 1917-1918. Illustrating the thought draftees, German spies, and ordinary Americans with secrets to hide, the messages deciphered by Manly provide a fascinating insight into the state of mind of a nation For the most efficient and safest outline, turn to the Teeline Gold Word List. In alphabetical order it contains recommended Teeline outlines for over 12,000 words - th expected to appear frequently in non-technical material.

This introductory book contains sufficient theory to lay the foundation for higher speeds.

What are ethics? Why does ethical journalism matter? How do ethics affect good journalism? Ethics and Journalism provides a comprehensive overview of the main app in Western journalism.
