Americans boarded a merchant ship laden with tea. They tossed the tea into the Boston Harbor in protest of taxation without representation. Their motivation at the time was not one of a battle for independence; rather, they sought what they viewed as their constitutional right to representation in the British Parliament. While not meant to instigate a revolution, this single protest would eventually lead to an all-out conflagration with Great Britain and the American Revolutionary War. This book tells the story of the rising tensions between the American colonies and Great Britain that would result in what became known as the Boston Tea Party. It also tells of how this act of defiance ignited the passions of American patriots and led to the

American Revolution, the disputes between the colonies and Great Britain produced no shortage of legendary events, all of which can be recited by schoolchildren from an early age, but none has been mythologized or misunderstood quite like the Boston Tea Party, colonial Boston's most unique act of (relative) non-violent protest. The formation of a group of Americans calling themselves the "Tea Party" in 2009, more than 235 years after the Boston Tea Party, is testament to the enduring legacy of that iconic moment in American history. On the night of December 16, 1773, a group of 30-130 men boarded the tea ship Dartmouth and two other

ships and dumped 342 chests of tea into Boston Harbor over the span of 3 hours in protest of the Tea Act of 1773. Agreement over what exactly happened ends there, but a number of legends have since popped up and become part of the common narrative. The urban legend that the people who boarded the ship dressed as Mohawks is not entirely true. The Tea Partiers were not protesting higher taxes on tea. The Tea Party was not coordinated by Samuel Adams. And nobody in Boston called it the "Tea Party" until nearly a century after it took place. However, the impact of the Tea Party is beyond dispute. The bold protest and destruction of the

tea induced the British to pass the Coercive or Intolerable Acts, including the closing of Boston Harbor. That spurred the colonies to send delegates to the First Continental Congress in Philadelphia to craft a united response to the Coercive or Intolerable Acts and petition King George III for redress. The First Continental Congress also vowed to reconvene in the summer of 1775. By the time the Second Continental Congress met, the Revolution was underway.
