"With an engaging, imaginative world that bristles with danger, characters that keep you guessing, and a story that sticks with you, *A Cast of Stones* will keep you devouring pages until the very end. I highly recommend it!" --John W. Otte, author of *Failstate* "Carr's debut, the first in a series, is assured and up-tempo, with much to enjoy in characterization and description--not least the homely, life-as-lived details." -Publishers Weekly This fast-paced fantasy debut set in a medieval world is a winner. Both main and secondary characters are fully drawn and endearing, and Errol's transformation from drunkard to hero is well plotted. Carr is a promising CF author to watch. Fans of epic Christian fantasies will enjoy discovering a new voice. "Like the preceding series title, *Inescapable*, this tale of suspense offers a colorful cast of characters, small-town drama, and a hint of romance. A sure bet for fans of Hannah Alexander." --Library Journal "[Good fantasy books] have to be excellent. Good storytelling and exceptional characters with circumstances that are easy enough to follow and wrap your brain around but keep you entertained and guessing... *Cast of Stones* has found itself firmly in that list of books. I absolutely, one hundred percent loved this book." --Radiant Lit

*An abandoned child becomes a singular inspiration to the mythology of Muirwood in an epic series by Jeff Wheeler, Wall Street Journal bestselling author of the Muirwood and Kingfountain novels. Eilean was born a "wretched"--a lowly foundling raised by the Aldermaston of Tintern Abbey. Then she's chosen to assist in establishing the new abbey of Muirwood, now the site of a castle in the swamps of Bearden Muir. Eilean's role is as night servant to the druid Mordaunt, the king's exiled advisor--and prisoner. He's clever, dangerous, and invaluable to the Aldermaston. Mordaunt's priceless secret: the hiding place of an ancient tome that reveals the existence of other worlds and the magic between them. Mordaunt knows how potent its words are and how dangerous they could be in the wrong hands. But can Eilean win him over? All she must do is gain Mordaunt's confidence and trust and persuade the apostate to divulge his secret to her. But as she learns more from Mordaunt, Eilean's loyalties begin to fray. And the risks are greater than she imagined. Despite betrayals, deceptions, and the deadly motivations of others, a girl from the flax fields is about to rise above her station. By exploring the potential of the power of an ancient spoken magic, Eilean is coming into her own.*

*In The Glass Butterfly, Louise Marley winds together a tale of subtle danger lurking in the past and a mother's sacrifice for her son's future. . . . A new life. A new name. A complete break with the past. It's the only way therapist Victoria Lake can think to protect her son--and herself--from a case turned deadly. She and Jack have barely spoken since he's gone to college. As painful as it is, it's better that he think she's dead than let her enemies suspect that she's not. Jack could never stand his mother's insistence that sometimes intuition told her things facts couldn't. But he has a strange feeling that she's alive, despite the meticulous police investigation and the somber funeral. Of course, Jack is reconsidering several things his mother said, now that she's gone. To survive, Victoria knows she has to reinvent herself completely. She can't even listen to her beloved Puccini. But without the music in her ears, eerie dreams invade her sleep. Lush with the sounds and sights of 19th-century Tuscany, they're also loaded with a very real warning she can't afford to ignore. . . . Before she befriended a frightened young boy in the palace of Kingfountain, Ankarette Tryneowy grew up during the shattering civil war that raged between members of the Argentine family. This is the story of how the only daughter of a lawyer and a midwife became the famed Queen's Poisoner. Recruited by King Eredur's ambitious uncle, Ankarette is thrown into a world of double dealing, deception, and tangled loyalties. With the help of her mentor and friend, Sir Thomas, she must learn to trust her instincts and remember that others will not always be loyal, even when they are of the same blood. But involving herself in the machinations of the realm draws the eye of an enemy more dangerous than kings or dukes. How will she navigate the politics of the realm and the desires of her heart to become the woman she needs to become?

These masterful expositions on the second chapter of the Book of Ephesians reach the heart of the human problem--man's estrangement from God.

Traces the American tradition of suspicion of the unassimilated, from the cholera outbreak of the 1830s through the great waves of immigration that began in the 1890s, to the recent past, when the erroneous association of Haitians with the AIDS virus brought widespread panic and discrimination. Kraut (history, American U.) found that new immigrant populations--made up of impoverished laborers living in urban America's least sanitary conditions--have been victims of illness rather than its progenitors, yet the medical establishment has often blamed epidemics on immigrants' traditions, ethnic habits, or genetic heritage.
