Silver Coins, The Precious Pearl, The Good Stranger, The Rich Farmer and The Lost Sheep. Touching the Rock is a unique exploration of that distant, infinitely strange, 'other world' of blindness. John Hull writes of odd sounds and echoes, of people without faces, of a curious new relationship between waking and dreaming, of a changed perception of nature and human personality. He reveals a world in which every human experience, eating and lovemaking, playing with children and buying drinks in the bar, is transformed. 'The observation is minute, and it is

differences to immigration to first-generation experiences to xenophobia What does it mean to be other? What does it mean to love in a world determined to keep us apart? These questions murmur in the heart of each of Brenda Peynado's strange and singular stories. Threaded with magic, transcending time and place, these stories explore what it means to cross borders and break down walls, personally and politically. In one story, suburban families perform oblations to cattlelike angels who live on their roofs, believing that their "thoughts and prayers" will protect them

from the world's violence. In another, inhabitants of an unnamed dictatorship slowly lose their own agency as pieces of their bodies go missing and, with them, the essential rights that those appendages serve. "The Great Escape" tells of an old woman who hides away in her apartment, reliving the past among beautiful objects she's hoarded, refusing all visitors, until she disappears completely. In the title story, children begin to levitate, flying away from their parents and their home country, leading them to eat rocks in order to stay grounded. With elements of science fiction

The House on the Cliff

The House on the Rock and the House on the Sand

Marriage on the Rock is based on Psalm 127 verse one which says, "Unless the Lord builds the house, its builders labor in vain." It is a daily devotional providing guidance for most

Access Free The House On The Rock: Stories Jesus Told

marital circumstances. The book is based on Biblical principles; ones that should serve Christians well. However, if the principles are true, which I believe they are, people need not be practicing Christians to improve their marriage. Even the strongest marriages can benefit from periodic reminders of how they can demonstrate their love and respect for one another. As a counselor I saw far too many couples who had been married for ten to forty years; they had amassed such bitterness and unforgiveness that they could not move past

Access Free The House On The Rock: Stories Jesus Told

the hurt and pain that they had inflicted on one another. By the time couples came to see me they were usually certain their spouse was the primary cause. They had little hope that things would change. Some had even tried counseling at some point but failed to apply what they learned. Each person needs to accept their contribution to the state of their marriage. Each needs to be willing to change whether or not their spouse is willing, for we can only change ourselves. In most cases the culprit is self-centeredness. When we learn

to die to self, amazing things can happen.

The behind-the-scenes battle for the Rock Hall For 25 years, the Rock and Roll Hall of Fame has defined Cleveland's image as the "Rock and Roll Capital of the World." But while the Rock Hall has become an iconic landmark for the city of Cleveland and for fans of rock and roll around the world, it was just one missed phone call away

from never being built in Cleveland. If the prominent singer and actress Leslie Gore hadn't contacted radio personality Norm N. Nite in August 1983, the Hall of Fame would not be in Cleveland--period. Earlier that summer, Gore had learned that the newly formed Rock and Roll Hall of Fame Foundation was looking for a city to house their planned museum honoring the history of rock. Gore knew that a year earlier, Nite had pitched an idea for a similar museum, so she reached out to let him know that other figures in the

music industry were working to turn his dream into a reality. Nite immediately joined the project's Rules and Nominating Committee and spearheaded the campaign to bring the museum to Cleveland. At the time, the search committee was considering several other cities, including Memphis, Detroit, and New York, but Nite argued that the city's deep historical connection to rock music through Alan Freed and the Moondog Coronation Ball made Cleveland the perfect location. He began lobbying local and

Access Free The House On The Rock: Stories Jesus Told

state politicians, fundraising with music moguls and civic leaders, and promoting the museum to the broader Cleveland public. As fans got involved, especially with their overwhelming response to a USA Today phone poll, Nite's campaign to bring the Hall to Cleveland was ultimately successful. This book, told from Nite's insider perspective, draws on both first-person accounts and exclusive interviews with influential business leaders, government officials, and giants of the music industry. Keveny, BBC Radio 5 Live and Talk Radio with Eamonn Holmes The age of the rock star, like the age of the cowboy, has passed. Like the cowboy, the idea of the rock star lives on in our imaginations. What did we see in them? Swagger. Recklessness. Sexual charisma. Damn-the-torpedoes self-belief. A certain way of carrying themselves. Good hair. Interesting shoes. Talent we wished we had. What did we want of them? To be larger than life but also like us. To live out their songs. To stay young forever. No wonder many didn't stay the course. In *Uncommon People*, David Hepworth zeroes in on defining moments and turning points in the lives of forty rock stars from 1955 to 1995, taking us on a journey to burst a hundred myths and create a hundred more. As this tribe of uniquely

Uncommon People isn't just their story. It's ours as well.

'One of our finest writers' Michael Moorcock 'Alan Warner is one of our best living writers' Jenni Fagan It's the late 70s: the country is on the cusp of the arrival of Margaret Thatcher as Prime Minister, and Marko Morrell, guitarist in Fear Taker, is one of the biggest rock stars on the planet. His 'demanding' lifestyle means he is frequently in absentia at Kitchenly Mill Race, his idyllic country retreat; and so it is his butler (or 'help'), Crofton Park, who is charged with the maintenance and housekeeping of the rambling Tudorbethan gaff. When, one day, two young girls arrive looking for Marko

clutching their copies of Fear Taker LPs, Crofton finds himself on a romantic misadventure involving a soiled carpet, a bed of roses, a classic car and a fine pair of stockings. All of which leads to the tragi-comic unravelling of the fantasies he has been living by. A novel about delusional male behaviour, opening and closing curtains, (a lack of) self-awareness, loneliness and 'getting it together in the country', Kitchenly 434 is a magnificent novel about the Golden Age of Rock in the bucolic English countryside.

'Shadows on the Rock' is a novel by the American writer Willa Cather. It was first published in 1931. The novel covers one year of the lives of two French colonists in Quebec - Cecile Auclair and her father Euclide. Like many of Cather's books, the story is
