A Natura

Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation, this book sets out to show, through detailed and lively analysis, what it really means to translate literary style.

chapter thus becomes an illuminating critical essay on the author concerned, showing how divergences between original and translation tend to be of a different kind for each author depending on the nature of his or her inspiration. This new and thoroughly revised edition

introduces a system
of 'back translation'

that now makes Tim

he was correct. The
subjects and methods
of our comic literature
(and much of our

regularly disturbing

this ambitious study,

File Type PDF The
Immortal's Destiny

(Calder Witch

John R. Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor. In Part I he explores the satiric strategies of authors of the grotesque, strategies that undercut conventional usage and form: the debasement of heroes, the denigration of

File Type PDF The
Immortal's Destiny

(Calder Witch

language and style,
the disruption of
normative narrative
technique, and even
the debunking of
authors themselves.
Part II surveys major
recurrent themes of
grotesquerie: tedium,
scatology,
cannibalism, dystopia,
and Armageddon or
the end of the world.
Clearly the literature

File Type PDF The Immortal's Destiny

(Calder Witch
Series Book 7)

of the grotesque is obtrusive and ugly, its effect morbid and disquieting—and deliberately meant to be so. Grotesque literature may be unpleasant, but it is patently insightful. Indeed, as Clark shows, all of the strategies and topics employed by this literature stem from

File Type PDF The
Immortal's Destiny

(Calder Witch
Series Book 7)

age-old and spirited traditions. Critics have complained about this grim satiric literature, asserting that it is dank, cheerless, unsavory, and negative. But such an interpretation is far too simplistic. On the contrary, as Clark demonstrates, such grotesque writing, in its power and its

prevalence in the past and present, is in fact conventional, controlled, imaginative, and vigorous—no mean achievements for any body of art.
