The Psycho-Analysis of Children by Melanie Klein

THE PSYCHO-ANALYSIS OF CHILDREN, first published in 1932, is a classic in its subject, and revolutionised child analysis. Melanie Klein had already proved, by the special technique she devised, that she was an pioneer in that branch of analysis. She made possible the extension of psychoanalysis to the field of early childhood, and in this way not only made the treatment of young children possible but also threw new light on psychological development in childhood and on the roots of adult ...
