

## The Story Of Our Life: A Bittersweet Love Story

Charles Dickens's other Christmas classic, with a new introduction by Dickens's great-great-grandson, Gerald Charles Dickens. Charles Dickens wrote *The Life of Our Lord* during the years 1846-1849, just about the time he was completing *David Copperfield*. In this charming, simple retelling of the life of Jesus Christ, adapted from the Gospel of St. Luke, Dickens hoped to teach his young children about religion and faith. Since he wrote it exclusively for his children, Dickens refused to allow publication. For eighty-five years the manuscript was guarded as a precious family secret, and it was handed down from one relative to the next. When Dickens died in 1870, it was left to his sister-in-law, Georgina Hogarth. From there it fell to Dickens's son, Sir Henry Fielding Dickens, with the admonition that it should not be published while any child of Dickens lived. Just before the 1933 holidays, Sir Henry, then the only living child of Dickens, died, leaving his father's manuscript to his wife and children. He also bequeathed to them the right to make the decision to publish *The Life of Our Lord*. By majority vote, Sir Henry's widow and children decided to publish the book in London. In 1934, Simon & Schuster published the first American edition, which became one of the year's biggest bestsellers.

"...every one who wishes to gain true knowledge must climb the Hill Difficulty alone, and since there is no royal road to the summit, I must zigzag it in my own way. I slip back many times, I fall, I stand still, I run against the edge of hidden obstacles, I lose my temper and find it again and keep it better, I trudge on, I gain a little, I feel encouraged, I get more eager and climb higher and begin to see the widening horizon. Every struggle is a victory. One more effort and I reach the luminous cloud, the blue depths of the sky, the uplands of my desire." HELEN KELLER was born on June 27, 1880 in Tuscumbia, Alabama. At nineteen months old an acute illness nearly took her life and left her deaf and blind. At the recommendation of Alexander Graham Bell, her parents contacted the Perkins Institute for the Blind in Boston, and Anne Sullivan was sent to tutor Helen. The story of their early years together, and of Helen's remarkable psychological and intellectual growth, is told in *The Story of My Life*, which first appeared in installments in *Ladies' Home Journal* in 1902. With Anne Sullivan, "Teacher," at her side, Helen Keller graduated from Radcliffe College in 1904, an extraordinary accomplishment for any woman of her time. Helen was dedicated to helping the blind and handicapped, raising funds for the American Foundation for the Blind and lobbying for commissions for the blind in thirty states. A women's rights activist, a Swedenborgian, a socialist, and a world-famous celebrity, Helen Keller received the Presidential Medal of Freedom and many honorary degrees. Her other books include *The World I Live In* (1908), *Midstream: My Later Life* (1929), *Helen Keller's Journal* (1938), and *Let Us Have Faith* (1940). She died in 1968. Her burial urn is in the National Cathedral in Washington, D.C.

**"[In Pimp], Iceberg Slim breaks down some of the coldest, capitalist concepts I've ever heard in my life." —Dave Chappelle, from his Netflix special *The Bird Revelation* Pimp sent shockwaves throughout the literary world when it published in 1969. Iceberg Slim's autobiographical novel offered readers a never-before-seen account of the sex trade, and an unforgettable look at the mores of Chicago's street life during the 1940s, 50s, and 60s. In the preface, Slim says it best, "In this book, I will take you, the reader, with me into the secret inner world of the pimp." An immersive experience unlike anything before it, Pimp would go on to sell millions of copies, with translations throughout the world. And it would have a profound impact upon generations of writers, entertainers, and filmmakers, making it the classic hustler's tale that never seems to go out of style.**

**Helen Keller's autobiographies THE STORY OF MY LIFE and THE WORLD I LIVE IN chronicle in her own words the remarkable true story we have come to know from the stage and film productions of THE MIRACLE WORKER. Here we discover Helen's thoughts and feelings hidden in the blind, deaf, and mute character in those productions—thoughts and feelings she came to express with such eloquence orally and in writings in later years. And here we are inspired not only by Helen Keller and her journey but also by the intriguing possibilities that certainly must be awaiting discovery in others. EARLY REVIEWS "The autobiography of Helen Keller is unquestionably one of the most remarkable records ever published."—British Weekly "This book is a human document of intense interest, and without a parallel, we suppose, in the history of literature."—Yorkshire Post "Miss Keller's autobiography, well written and full of practical interest in all sides of life, literary, artistic and social, records an extraordinary victory over physical disabilities."—Times "This book is a record of the miraculous. No one can read it without being profoundly touched by the patience and devotion which brought the blind, deaf-mute child into touch with human life, without being filled with wonder at the quick intelligence which made such communication with the outside world possible."—Queen**

**The Love of My Life by Louise Douglas is a beautiful novel that portrays both the innocence of childhood, and the dynamics of love and loss with deftness and sensitivity. It is, above all, a stunning debut from an author with a unique and natural narrative voice. 'I miss him with every breath and heartbeat. He should have been my happy ending. Instead, he is the sad beginning to my story.'**

**Olivia and Luca Felicone had known each other nearly all their lives, but when they fell in love as teenagers and eloped to London, they broke the hearts of those closest to them. Luca's parents run Marinella's restaurant, the colourful hub of life in the otherwise bleak north-eastern seaside town of Watersford, and his mother, Angela, has never forgiven Olivia for causing such a rift in her beloved family. On a freezing January night Olivia's life is shattered when she learns that Luca has been killed in a car accident on the M1. She is left with nothing, and after suffering from weeks of overwhelming grief, she abandons her job and returns North to where Luca has been buried in Watersford, just to be close to him – even though she knows she will not be welcome at Marinella's. Olivia's chance meeting with Luca's married twin brother, Marc, leads to the realization that he is experiencing a loss almost as painful as her own. Their desolation draws them into an affair which both know has no future, but fills the space where Luca should be. It is a course of action that can only spiral out of control, and when it does, the consequences are both explosive and cruel. Reveals the poet's impressions of human destinies and his thoughts on life's meaning**

An in-depth elucidation of "The Lost Princess", a tale by Rebbe Nachman of Breslov.

At first, nothing lived on Earth. It was a noisy, hot, scary place. Choking gas exploded from volcanoes and oceans of lava bubbled around the globe... Then in the deep, dark ocean, something amazing happened. This is an exciting and dramatic story about how life began and developed on Planet Earth, written especially for younger children. The authors explain how the first living cell was created, and how the cells multiply and create jellyfish and worms, and then fish with bendy necks, which drag themselves out of the water into swampy forests. They tell the story of the biggest creatures that have ever walked on land - the dinosaurs. Long after that, hairy creatures who have babies, not eggs, take over, stand on two legs and spread around the world, some of them living through cataclysmic events such as ice ages and volcanic eruptions. Everyone living today is related to these survivors. With delightful illustrations including lots of detail and humour, all carefully researched and checked, this book shows the development of life on Earth in a truly accessible and simple way. When you're the shortest guy in the sixth grade, standing tall isn't easy. Michael Jordan does not play basketball. He's not the Michael Jordan. In fact, he doesn't resemble an NBA player at all. Michael is the shortest boy in his grade, which is a problem for someone starting middle school. As if being the only boy sitting in the front row of every class photo isn't bad enough, his yo Emma loves pretending that she is his twin-and everyone believes her. Needless to say, Michael worries that the journal entries he writes every week for literature class will immortalize a very bad year. But then an amazing thing happens-Macy, a pretty, blond eighth grader, starts being very, very nice to him. Why she would go for a shorter, younger guy is a mystery, but Michael isn't complaining. He just enjoys getting tutored by her (even though he doesn't need it) and seeing her at his older brother's soccer games. What where things could go from there? Jennifer B. Jones's funny, upbeat novel perfectly captures a boy's nervousness about middle school girls, and learning to stand up for himself.

From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a “ moving, bracingly honest memoir ” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper ’ s Bazaar; Elle; BuzzFeed; Goodreads; and many more. “ People don ’ t just happen, ” writes Saeed Jones. “ We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘ I ’ it seems doesn ’ t exist until we are able to say, ‘ I am no longer yours. ’ ” Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each

piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that 's as beautiful as it is powerful—a voice that 's by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.

In her earlier works, Helen Keller described the details of the early illness that left her deaf and blind, and in the prevailing opinion of the day, unable to be educated, as well as the methods that were eventually used to teach her how to communicate. In the remarkable memoir *The World I Live In*, Keller offers a much more personal take on her situation, inviting readers inside her own personal experience.

'A science fiction genius . . . Ted Chiang is a superstar.' GUARDIAN With *Stories of Your Life and Others*, his masterful first collection, multiple-award-winning author Ted Chiang deftly blends human emotion and scientific rationalism in eight remarkably diverse stories, all told in his trademark precise and evocative prose. From a soaring Babylonian tower that connects a flat Earth with the firmament above, to a world where angelic visitations are a wondrous and terrifying part of everyday life; from a neural modification that eliminates the appeal of physical beauty, to an alien language that challenges our very perception of time and reality, Chiang's rigorously imagined fantasias invite us to question our understanding of the universe and our place in it. 'United by a humane intelligence that speaks very directly to the reader, and makes us experience each story with immediacy and Chiang's calm passion.' CHINA MIÉVILLE
