A Discover Graphics Fairy Tale

Fairy tales are written both to entertain and to educate. Published in the shadow of the First World War, F. A. Steel's forty-one English fairy tales form a classic collection of stories, ranging from the familiar - 'Jack and the Beanstalk', 'Riding-Hood' and 'The Three Little Pigs' - to the perhaps less well known - 'The Black Bull of Norway', 'Nix Nought and 'The Red Ettin'. Originally published in 1918, it reflects the nationalistic concerns of the period. Steel takes the reader on a journey, from Cornwall to Bamburgh Castle via a palace by the sea, as well as high into the sky, where a giant lives. The tales in English Fairy Tales are brought to life by one of the best-known illustrators of the time, Arthur Rackham. Due to the appeal to the book lover, the Macmillan Collector's Library is a series of beautiful gift editions of much loved classic tales.
