Haunted by visions of the future, FBI Special Agent Laura Frost must tap her psychic talent to hunt diabolical serial killers—while keeping it secret from everyone around her. But with a ticking clock and lives on the line, might her visions lead her astray? In ALREADY GONE (Book #1), FBI Special Agent and single mom Laura Frost, 35, is haunted by her talent: a psychic ability which she refuses to face and which she keeps secret from her colleagues. Yet as much as Laura wants to be normal, she cannot turn off the flood of images that plague her at every turn: vivid visions of future killers and their victims. And glimpses of what a killer may do next. Laura's talent leads her deep—too deep—into the twisted minds of serial killers, all while keeping crucial details agonizingly out of view. Will it help her save the next victim in time? Or will it lead her down a road of confusion, scorn, dead ends—and, ultimately, her own destruction? In ALREADY SEEN (Book #2), When a female acting teacher turns up murdered in Tacoma, FBI Special Agent (and psychic) Laura Frost must determine if it's the work of a serial killer. In a mad race against time, what Laura finds is more disturbing than even she can envision. Should she trust her confusing gift—or her investigative work? "I was one of the good guys, or so they believed..." Karl has just successfully brought through security a document which would be considered subversive and incriminating if it had been found. He had believed himself to be one of the good guys for years, for decades even; his life had been dedicated to the service of his country. Now, as he approached retirement, he found himself keeping secrets from his second in command, deliberately working against the local Police Commissioner and using his hard-earned skills to evade the very authorities who had paid his wages for all his working life. How had things come to this? His love for Alice had started it - Alice, with her concern for the underprivileged and her uncomplicated desire to help others. Somehow Karl's eyes had been opened to a different side of the society in which he lived so comfortably. And so a journey had started which led him to a remote Cambridgeshire village, to a desperate drive across the country during one of the worst winter storms to hit England and Wales since those countries had left the European Union, and to a tragedy that Karl did not see coming. A Vision Softly Creeping is an exciting and gripping romantic thriller, and the third book in the series. It is unashamedly political, looking just a few years ahead from our present constitutional turmoil, to a time when England and Wales are driven into the arms of an America which is moving ever to the right.

A bundle of books #1 (SEE HER RUN), #2 (SEE HER HIDE), and #3 (SEE HER SCREAM) in Rylie Dark's Mia North FBI Suspense Thriller series! This bundle offers books one, two, and three in one convenient file, with over 100,000 words of reading. Special Agent Mia North is a rising star in the FBI—until, in an elaborate setup, she's framed for murder and sentenced to prison. When a lucky break allows her to escape, Mia finds herself a fugitive, on the run and on the wrong side of the law for the first time in her life. She can't see her young daughter—and she has no hope of returning to her former life. The only way to get her life back, she realizes, is to hunt down whoever framed her. In SEE HER RUN (Book #1), a diabolical killer that Mia once put behind bars is freed on parole. He taunts her while she's in prison, now on the other side of the Visitor glass, and boasts of a murder he is about to commit. Mia, locked in jail, will be helpless to stop it. With time running out, Mia must use her sharpest instincts to escape, evade the law, and stop him before he claims his next victim. Can she hunt down the killer and save the victim—and herself? Will she find herself back in jail? Or worse—at the mercy of a killer, without any backup? In SEE HER HIDE (Book #2), Mia's former partner desperately needs her help: high-school soccer players are turning up dead in neighboring towns, with no rhyme or reason. Mia may be the only one who can solve it. But her position is tenuous and she has no one to back her up. Might she, working alone and racing against the clock, stumble right into the killer's hands? Can she find and stop the killer—and figure out who framed her—before she is caught by the U.S. Marshals? In SEE HER SCREAM (Book #3), Mia, still on the run, is summoned by her ex-partner when a new apparent serial killer surfaces. The new case will lead her, working in the shadows, to a creepy commune in the Southwest, where red herrings abound. Mia knows her only hope of getting answers is to infiltrate the commune—but its members aren't exactly welcoming. Worse, Mia is desperate to contact her daughter, but the U.S. Marshals are getting closer. As she turns up a shocking revelation and inches close to figuring out who framed her, the noose is closing in. Can Mia solve the case in time to escape herself? An action-packed page-turner, the MIA NORTH series is a riveting crime thriller, jammed with suspense, surprises, and twists and turns that you won't see coming. Fall in love with this brilliant new female protagonist and you'll be turning pages late into the night. Books #4-#6 in the series—SEE HER VANISH, SEE HER GONE, and SEE HER DEAD—are now also available.

As a Deputy Marshal, Alexa—fit, and as tough as she is brilliant—could immerse herself in a simple career of hunting down fugitives and bringing them to justice. "This is an excellent book... When you start reading, be sure you don't have to wake up early!" —Reader review for The Killing Game In THE KILLING GAME (Book #1), when a notorious serial killer escapes from a prison transport, it crosses the jurisdictions of the U.S. Marshals and the FBI's BAU. The two departments are forced to come together on a new joint task force to hunt down the fugitive serial killer and bring him to justice. Alexa and her new partner, each territorial, don't take well to each other. Between their tension and all the clues leading to dead ends and the bodies piling up on the killer's spree, Alexa knows that she, up against a ticking clock, can't afford to get this wrong. Especially when she realizes that she herself may be the next target. In THE KILLING TIDE (Book #2), with Alexa's last case a big success, the FBI and the Marshals have decided to make their joint-task force permanent. Alexa, reeling from her own traumatic past and her PTSD of hunting serial killers, has no choice: she will now have to work with an FBI partner she dislikes and hunt down serial killers whose jurisdiction intertwines with that of the U.S. Marshals. Two federal judges are murdered, and startling evidence points to the work of a serial killer with a vendetta. But the judges have tried and convicted hundreds of people over their long careers, and with the suspect list a mile long, Alexa is in the race of her life to find the killer before he kills another judge on his list. And when the next victim offers a shocking twist, it throws everything Alexa thought she knew into doubt. Is this truly a vendetta? Or is this killer far more diabolical than he seems? In THE KILLING HOUR (Book #3), an infamous killer dramatically escapes death row, and Alexa's joint task force is immediately put on the case. A high profile case with national media attention, Alexa isn't the only one who's called in—and between the clashes of ego with other state and federal powers, she knows the killer is only getting further away. What appears to be a straightforward manhunt, though, quickly evolves into something more complex, as more bodies turn up dead, and as the killer inexplicably eludes everyone. And when a shocking twist occurs that Alexa never saw coming, she realizes this case is far more complex—and disturbing—than she could have ever imagined. With the killer outsmarting everyone, Alexa is the only one with a mind brilliant enough to stop him, the only one standing between him and his next kill. But, weighed down by the pressure of her own traumatic past, can Alexa hold it together long enough to enter the darkest canals of his mind—and come out whole? A page-turning and harrowing crime thriller featuring a brilliant and tortured Deputy Marshal, the ALEXA CHASE series is a riveting mystery, packed with non-stop action, suspense, twists and turns, revelations, and driven by a breakneck pace that will keep you flipping pages late into the night. Keisha watches the news for stories of missing family members. And by the way, she charges for this service, and likes to see the money up front. Keisha's latest mark is a man whose wife disappeared a week ago. She's seen him on TV, pleading for his wife to come home, or, if she's been abducted, pleading with whoever took her to let her go. Keisha knows a payoff when she sees one. So she pays a visit to our troubled husband, tells him her vision. Trouble is, her vision just happens to be close enough to the truth that it leaves this man rattled. Already Seen (A Laura Frost FBI Suspense Thriller—Book 2)

Already Missing (A Laura Frost FBI Suspense Thriller—Book 4)

"Armadale" is a mystery novel. The novel has a convoluted plot about two distant cousins both named Allan Armadale. The father of one had murdered the father of the other (the two fathers are also named Allan Armadale). The story starts with a deathbed confession by the murderer in the form of a letter to be given to his baby son when he grows up. Wilkie Collins (1824 - 1889) was an English novelist, playwright, and author of short stories. His best-known works are The Woman in White, No Name, Armadale, and The Moonstone.

Night chills are seizing the men and women of Black River, driving them to terrible acts. Glenn drove the Land Rover into a stone wall at just over 100mph. Alice stuck a meat fork through her hand and pinned it to the chopping board. Brenda took off all her clothes. She did whatever she was told. They were compelled by a fear too great to be remembered, enslaved by a power no man should ever wield.

Women are disappearing on their walk home at night, their bodies are turning up the next day staged as famous sculptures. FBI Special Agent (and psychic medium) Carly See must decode the mystery, and finds herself in the race of her life to find the killer—and save the next victim—before it's too late. NO WAY BACK (A Carly See Suspense Thriller) is book #2 in a chilling new series by mystery and suspense author Rylie Dark, which begins with NO WAY OUT (book #1). The murder of her best friend at a young age and the disappearance of her sister, still unsolved, plunged her life into grief and awakened a new power within her. Sometimes messages come from direct contact, other times in dreams. All of it feels like a curse—until Carly realizes she can harness her new skills to solve cases. But her abilities are unreliable, and Carly must use her brilliant mind to complete the puzzle—all while struggling to keep her secret from her colleagues. With her vision leading Carly to dark and irrational places, she finds herself in a cat and mouse game with a diabolical killer—who always seems to be one step ahead of her. Why is he staging these bodies? What is he trying to create?
