Joined by fellow officer and Muslim ninja, Sahra Guleed, the two are trying to contain an outbreak of vindictive black mould that seems to be going after the rich and heartless. An all-new and original Rivers of London comic series, written by Ben Aaronovitch and Andrew Cartmel! Set between Foxglove Summer and The Hanging Tree.

Was the Apollo 11 Moon landing faked? Many people argue that in the 1960s the United States lacked both the ability and technology required to put a man on the Moon. At the height of the Cold War and with Kennedy's promise to put a man on the Moon before the end of the decade many have questioned the official story. Was the Moon landing one of the greatest ever hoaxes or did NASA really put two men down on the moon in 1969? This detailed book examines the evidence, the photographs and the people to find out the truth. What really happened and did the Eagle ever really land? This book is about the American moon-landings – and about the doubts expressed ever since concerning the reality of these landings. Were the images of men on the moon really just a huge and cleverly executed hoax? Eversberg explains the best-known claims and conspiracy theories, and analyses the evidence with the help of detailed full-colour images, as well as numerous film documents that can be accessed directly from the book. He addresses both the persistent older claims and more recently devised doubts. The book will inform and entertain a wide range of readers interested in space exploration and tells a gripping story covering physics, politics and history.

Introduces young readers to the characteristics of Earth's satellite.

Rivers of London - Black Mould #3

For centuries, humankind has gazed up at the Moon in awe and wonder. It has been a source of inspiration to artists, astronomers, poets, and mathematicians alike. But how much do we really know about our closest neighbor? Explore the history of man's relationship with the Moon—the science, the myths, the facts, and the fiction—and how it affects our everyday lives and the world around us.

As Robyn Arianrhod shows in this new biography, the most complete to date, Thomas Harriot was a pioneer in both the figurative and literal sense. Navigational adviser and loyal friend to Sir Walter Raleigh, Harriot—whose life was almost exactly contemporaneous to Shakespeare's—took part in the first expedition to colonize Virginia in 1585. Not only was he responsible for getting Raleigh's ships safely to harbor in the New World, he was also the first European to acquire a working knowledge of an indigenous language from what is today the US, and to record in detail the local people's way of life. In addition to his groundbreaking navigational, linguistic, and ethnological work, Harriot was the first to use a telescope to map the moon's surface, and, independently of Galileo, recorded the behavior of sunspots and discovered the law of free fall. He preceded Newton in his discovery of the properties of the prism and the nature of the rainbow, to name just two more of his unsung "firsts." Indeed many have argued that Harriot was the best mathematician of his age, and one of the finest experimental scientists of all time. Yet he has remained an elusive figure. He had no close family to pass down records, and few of his letters survive. Most importantly, he never published his scientific discoveries, and not long after his death in 1621 had all but been forgotten. In recent decades, many scholars have been intent on restoring Harriot to his rightful place in scientific history, but Arianrhod's biography is the first to pull him fully into the limelight. She has done it the only way it can be done: through his science. Using Harriot's re-discovered manuscripts, Arianrhod illuminates the full extent of his scientific and cultural achievements, expertly guiding us through what makes them original and important, and the story behind them. Harriot's papers provide unique insight into the scientific process itself. Though his thinking depended on a more natural, intuitive approach than those who followed him, and who achieved the lasting fame that escaped him, Harriot helped lay the foundations of what in Newton's time would become modern physics. Thomas Harriot: A Life in Science puts a human face to scientific inquiry in the Elizabethan and Jacobean worlds, and at long last gives proper due to the life and times of one of history's most remarkable minds.

Included in this collection are vols. distributed as well as published by White Wolf Pub. When Thomas takes children through the Space Fair in the park, he learns about the planets and Earth's moon.

I LOVE YOU TO THE MOON, THOMAS is a personalized book, bedtime story and love book for THOMAS. It's a wonderful way to say "I Love You Forever" to THOMAS. The picture book includes adorable sleeping animal illustrations along with moon and stars. It features mini love poems -- perfect as goodnight poems and bedtime poems. Give bedtime stories and personalized books full of goodnight poems and love poems! You may order this personalized book with the NAME OF YOUR CHOICE at LiveWellMedia.com. Customer Reviews for Personalized Books and Bedtime Stories by Suzanne Marshall What do you get the 5 yr old grandchild who already has everything she needs from her older sister? A BEDTIME STORY is amazing. I found this book personalized for Addison as a last minute Christmas gift. We read it to her and it she knows it's HER own special book, just for her. She loves it, day and night. A BEDTIME STORY is wonderfully made & our grandchild loves it! We love it too! It is a great book for quiet time reading. Plan on ordering more. Thank you sooo much! Lucien takes A BEDTIME STORY everywhere as if it is a teddy bear! ~ Sheila I received A BEDTIME STORY today and it's beautiful. I'm a RN and I work in a NICU; the book was purchased for one of my little patients. I'm so excited to give it to the family! ~ Haleema Adorable & Uplifting! I got this book for a friend's son and they absolutely loved it! I browsed through it, and the pictures are adorable. The message is very positive. I would recommend this book to anyone, but it does make a great gift! ~ Diana My twins give four thumbs up! Ms. Marshall has a gift for touching the hearts of her young readers, as well as those who are young at heart. ~ Leila, Luke & Sasha An amazing gift! Everyone should have this book! The photos are bright and fun, full of life and love. This book would be a special gift for ANYONE young or old. We all need an extra reminder now and then of who and what makes the most impact on our lives. ~ Anny My daughter has enjoyed every moment of your book. I see her eyes light up and her heart filled with warmth and love as I read each page. ~ Ami I just read this book and loved it! Although it's written for children, anyone (young or old) can benefit from its wisdom." ~ Jay My daughter has me read this to her every single night! It is a very positive book with wonderful messages to kids! Highly recommend. ~ Sarah My daughter was so excited when she got her new book in the mail! She read it to me right way. She loved the beautiful and bright and fun story. ~ Tammy My 3.5 year old son received this book as a gift, but I have to say the affirmations spoke to me as well! You're never too old to be reminded that you should love yourself and celebrate all that is great about you!. ~ Stephanie This book has a warm, playful theme that kids will love, adults will feel good reading such positive affirmation for their kids to read over and over again. I highly recommend a copy for home and as a gift for loved ones! ~ Sarah As a mom of two little girls, I'm pretty picky about their toys and books. This book has been effective at helping her to build confidence in herself. ~ Amy When seventeen-year-old Thomas arrives for his freshman year at the University of Pennsylvania, he thinks he is ready for anything. Anything arrives quickly in the form of Dondi Whyte. Dondi is handsome, glamorous, and rich—everything Thomas is not. Is Thomas really ready for anything? Thomas falls helplessly in love with Dondi and the two begin a love affair. When it ends abruptly, Thomas is devastated. To make up for breaking his heart, Dondi invites Thomas to spend the summer at his family's mansion by the sea. There, Thomas meets Dondi's brother, Matthew, and discovers it is sometimes in an ending that we find our beginning. This is a revised edition of What Binds Us, previously published electronically by Carina Press. Thomas the Tank Engine heads out into the solar system and lands on the moon—or does he? This Thomas & Friends Little Golden Book will tickle the imaginations of train-loving boys and girls ages 2 to 5.

On a small stretch of untamed coast, five old clapboard houses gaze out to sea. Fourteen-year-old May Duhane, arriving with her father and sister for the summer, feels isolated and resentful. Leonie Beam, staying in the neighbouring house with her husband's family, shares May's isolation for she is unhappy in her marriage. She confides in Elizabeth Newton, an aging widow who keeps the beach's secrets. Meanwhile, May has discovered the diary of a dead girl, her own age. To unravel its story, she must immerse herself in the past. As she does so, she begins to feel she is destined to follow in the dead girl's footsteps.

Thomas on the Moon Random House Books for Young Readers

'It was the summer that men first walked on the moon. I was very young back then, but did not believe there would ever be a future. I wanted to live dangerously, to push myself as far as I could go, and then see what happened when I got there.' So begins the mesmerising narrative of Marco Stanley Fogg - orphan, child of the 1960s, a quester by nature. *Moon Palace* is his story - a novel that spans three generations, from the early years of this century to the first lunar landings, and moves from the canyons of Manhattan to the cruelly beautiful landscape of the American West. Filled with suspense, unlikely coincidences, wrenching tragedies and marvellous flights of lyricism and erudition, the novel carries the reader effortlessly along with Marco's search - for love, for his unknown father, and for the key to the elusive riddle of his origins and his fate. *'Clever: very. Surprising: always - Auster is a master.'* *The Times* This edition reviews the results of Apollos 11, 12, 14, and 15. Included are approximately sixty new pages of text and forty new photographs and pictures. Thomas A. Mutch has written this book for students of lunar geology and scientists in diverse fields related to astrogeology as well as for the interested layman. Originally published in 1973. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Personalized Book and Bedtime Story

For use in schools and libraries only. A child takes an imaginary trip to Venus, and learns about the challenges of space travel and the harsh conditions on the planet, including extreme heat and clouds of sulfuric acid.

Thomas the Tank Engine heads out into the solar system and lands on the moon--or does he? This Thomas & Friends book will tickle the imaginations of train-loving boys and girls.

Envious Moon is a harrowing tale of the sometimes dark obsession, and often sensual beauty, that accompanies young love. With a nod to Romeo and Juliet and reminiscent of Endless Love, Thomas Christopher Greene tells the story of two young lovers and their journey to find perfection in each other's arms. When young Anthony Lopes and his best friend set out from the small fishing community of Galilee, Rhode Island, to commit what they believe will be a victimless crime, they never imagined that it would change their lives forever. They expected the mansion on the island bluffs to be empty. But inside they find a man and his daughter, Hannah. Haunted by her fleeting image and convinced he can atone for what happens to her father, Anthony is determined to find her. Filled with the dazzling narrative drive, lyric prose, and compelling characterizations that have earned Thomas Christopher Greene the admiration of Nelson DeMille, Bret Lott, and Susan Cheever, Envious Moon is a luminous, highly original, and riveting novel about what it means to love, and be loved.

Chief engineer Thomas J. Kelly gives a firsthand account of designing, building, testing, and flying the Apollo lunar module. It was, he writes, "an aerospace engineer's dream job of the century." Kelly's account begins with the imaginative process of sketching solutions to a host of technical challenges with an emphasis on safety, reliability, and maintainability. He catalogs numerous test failures, including propulsion-system leaks, ascent-engine instability, stress corrosion of the aluminum alloy parts, and battery problems, as well as their fixes under the ever-present constraints of budget and schedule. He also recaptures the exhilaration of hearing Apollo 11's Neil Armstrong report that "The Eagle has landed," and the pride of having inadvertently provided a vital "lifeboat" for the crew of the disabled Apollo 13.

Smiling the Moon

The Moon in Our Hands

The Moon is Out To-night

The Deadliest Colonel

'In Hora Mortis', and 'Under the Iron of the Moon' are Thomas Bernhard's second and third collections of published verse.

This book describes the largest treatment study ever conducted with alcoholics, with new information on treatment effectiveness.

Set in prehistoric Siberia, a "psychologically acute and soaringly imaginative" novel by a New York Times–bestselling author (Publishers Weekly). In this novel by the author of Reindeer Moon, set in the Paleolithic age, Kori lives among his hunter-gatherer people, guilty with the knowledge that his unborn child is being carried by his shaman father's new wife. Then, Kori impulsively seizes another woman, from a different tribe, after seeing her swimming in a pond—putting his group in danger. He calls the woman Muskrat, and her customs, beliefs, and language are utterly alien to him. And their relationship may bring either joy or bloodshed . . . From an author and anthropologist known for both her fiction and her nonfiction—including the bestsellers The Hidden Life of Dogs and The Tribe of Tiger—this is a compelling tale "likely to appeal to Clan of the Cave Bear fans" (Library Journal).

A rags-to-riches narrative of the eminent jazz artist's early life describes how his childhood was marked by such challenges as poverty, Jim Crow legislation, and vigilante terrorism but how his musical prowess was shaped by the culturally rich African-American traditions of New Orleans. Reprint.

The Sun, the Earth & the Moon

Under the Iron of the Moon : Poems

Treatment Matching in Alcoholism

The Animal Wife

A bizarre murder on the Thames leads Inspector Thomas Pitt into the shadowy underworld around Victorian London's art district for answers. From the author of "Play for a Kingdom" comes a masterful story inspired by the early life of Walter White, a blonde, blue-eyed, and very light-skinned African-American, who, in 1918, was recruited by the NAACP to investigate a brutal lynching in a small Tennessee town.

"A whole culture is imaginatively and authoritatively illuminated" in this "suspenseful, insightful, poignant" novel of prehistoric times (Publishers Weekly). Twenty thousand years ago, a courageous girl lived in Siberia near Woman Lake, a place you won't find on any modern map. Only thirteen, Yanan and her companions—hunters of deer, gatherers of roots and twigs—struggle to survive the harsh realities of

hunger and cold, bound by an unending cycle of birth, kinship, violence, and death. As Yanan recounts the terrible adventures of her brief life, she departs on spirit journeys that evoke the lives of the animals to which she and her people are intimately linked. A lyrical novel of our species' prehistory, *Reindeer Moon* opens up corridors to the imagination that lead us back to the long-forgotten echoes of our distant human past. "Unforgettable . . . *Reindeer Moon* beautifully resurrects a lost world of merciless magnificence. Dozens of memorable characters live and die in this moving tale, which should become a classic." —Chicago Tribune Book World "Those familiar with the author's landmark study, *The Harmless People*, will not be surprised at the range of anthropological information she brings to her first novel, or at the lucidity of her prose. What will astonish, engross and move readers in her narrative of a group of hunter-gatherers who lived 20,000 years ago is the dramatic immediacy of the story and the depth and range of character development." —Publishers Weekly

The solrom: a soul journey to heal within, by going without Two travellers collide in the wild country on the island of Bracka. Geeter, not much more than a boy, is running from the shadows cast by the death of his father. Wode, a gnoseer: one of a sacred group possessing a deep knowledge of energy and power of the Inner Realms, seeing and knowing what most cannot. He is called to The Tree of Knowledge for a question of destiny; his answer for one reaches into depths of karma for all. But Wode has his own need of regeneration after the death of his wife. The shared journey the two voyagers begin has consequences neither can have imagined. What are the incredible powers that Wode's teachings begin to unleash in Geeter? How can Wode move past his grief and return to his true spirit? *Smiling the Moon* is a beautiful fable that is rich with magical encounters, unexpected detours and meetings between souls.

Thomas on the Moon (Thomas & Friends)

Direct perception and experience led our ancestors to discover that the success of many daily activities was subject to the natural rhythms, phases, and positions of the moon. Learn how to use the timeless power of lunar cycles to strengthen yourself physically, mentally, and emotionally.

"Based on the Railway Series by the Reverend W Awdry."

"Explores various perspectives on the Apollo 11 moon landing. The reader's choices reveal the historical details"--

On a dirt road marked by haunting secrets, three strangers caught at life's crossroads must decide what to sacrifice to protect their own agendas...and what they're each willing to risk for love. If there's any place that can convince Angela Harold to stop running, it's Ransom Canyon. And if there's any man who can reveal desires more deeply hidden than her every fear, it's Wilkes Wagner. Beneath the rancher's honorable exterior is something that just might keep her safe...or unwittingly put her in danger's path. With his dreams of leaving this small Texas town swallowed up by hard, dusty reality, all Wilkes has to show for his life is the Devil's Fork Ranch. Though not one to let false hope seduce him, he can't deny the quiet and cautious beauty who slips into his world and changes everything. Lauren Brigman finally has freedom at her fingertips. All she needs is Lucas Reyes's attention--a look, a touch, some sign that she's more to him than a girl he rescued one dangerous night. But now it's her turn to rescue someone, and the life-altering decision may cost her more than a chance with Lucas.

Conspiracy Theories on Trial

Working at the side of his fellow Portuguese townies on a commercial fishing boat in Rhode Island, seventeen-year-old Anthony reluctantly participates in a burglary only to cause an accidental death, an event after which he becomes determined to help a grieving young girl. By the author of *I'll Never Be Long Gone*.

When Marty Winslow's daughter dies of a devastating genetic disease, she discovers the truth- her child had been switched at birth. Her actual biological daughter was recently orphaned and is being raised by grandparents in a retirement community. Marty is awarded custody, but Andie refuses to fit into the family, adding one more challenge for this grieving single mom that pushes her toward the edge, and into the arms of a loving God. For Andie, being forced to live with strangers is just one more reason not to trust God. Her soul is as tattered as the rundown Blue Moon movie drive-in the family owns. But Tuesday night is Family Night at the Blue Moon, and as her hopes grow dim, healing comes from an unexpected source- the hurting family and nurturing birth mom she fights so hard to resist.
