

Transformers: The Ultimate Guide

The Transformers share inside facts about themselves in this guide that includes illustrations, photographs, and trivia.

The Transformers are back - and they have another epic battle to win. Revisit the saga so far and learn all the fascinating facts about the third installment.

This is the first volume of BLENDER - THE ULTIMATE GUIDE, the most complete guide on the famous open source 3D software.

When a space-time rift materializes near the Quintesson homeworld, its merciless warriors set off to establish a new home planet -- and their target is Cybertron! Cunningly manipulating the Autobots and Decepticons into battle and intending to pick off the survivors, the Quintessons in fact unite the old enemies... and then it's classic, all-out action all the way, especially when Rodimus Prime, Metroplex, and Ultra Magnus join the fray!

Fans of the Cartoon Network's "Transformers" can use these colorful sticker books to continue the epic struggle of Optimus Prime and the Autobots versus Megatron and the Depticons. Each book includes over 60 colorful stickers. Consumable.

In 1984, Hasbro quietly infiltrated the toy aisles with a series of robots based on Japanese robot toys. These transformable robots were divided into two camps: Autobots and Decepticons. The two sides provided children with classic good versus evil battles. Like the hugely successful G.I. Joe line, the Transformers were supported by a great television show and an excellent comic book produced by Marvel Comics. With die-cast metal parts, rubber tires, working action features and sometimes-firing missiles, these robots quickly changed to jets, cars and other weapons. With a great concept supported by a runaway TV show and comic book series, the groundwork was laid for one of the most successful toy franchises of all times. Today, Transformers are hotter than ever. Fueled by four live-action Transformers movies - with a fifth to be released in 2017 - values for the toys are skyrocketing. On eBay there are more than 93,000 listings for Transformer auctions just in Action Figures alone.

Presents an illustrated look at the history of the Transformers brand, beginning with the Hasbro toys and moving on to consider the comic books, television shows, video games, merchandise, and films that they inspired.
