Creating a Website: The Missing Manual

Written by an experienced filmmaker, *The Complete Guide to Digital Video*, is a unique, all-in-one manual aimed at enthusiastic video-makers who want to learn quickly. This definitive guide covers the whole process, from pre-production to the shoot to editing and post-production, with solid advice on choosing the right hardware and software, plus classic techniques to give your work a professional feel.

This guidebook takes readers through a carefully constructed sequence of easy-to-follow projects. Readers will be able to design a webpage and put it online, as well as learn all about the major software packages, how to create links, construct online animation, and more.

The Web changes how people use content; not just content on the Web, but all content. If your content is not easy to find and immediately helpful, readers will move on almost at once. We are all children of the Web, and we come to any information system, including product documentation, looking for the search box and expecting every search to work like Google. There is no first, last, previous, next, up, or back anymore. Every Page is Page One. In this groundbreaking book, Mark Baker looks beyond the usual advice on writing for the Web, and beyond the idea of topic-based writing merely as an aid to efficiency and reuse, to explore how readers really use information in the age of the Web and to lay out an approach to planning, creating, managing, and organizing topic-based documentation that really works for the reader.

Enjoy the top social media sites with ease and security Done correctly, social media is a way to connect friends, family, and the world while still maintaining security and privacy. Think Like a Publisher The truth is that if you think like a writer you may never see your manuscript as publishers would see it. If you think like a publisher you may never have written the manuscript in the first place. How do you act out both these parts? It's easy, by thinking like a property developer!! Award winning author Jonathan Drane reveals his adventure into the world of writing from a thirty year background in property development and multi-million dollar corporate deals. He finds the way to publish his works is not to think like a publisher and certainly not like a writer. Learn Jonathan's secrets in a process he calls 'book development' which will help you to self publish your own books, become the master of your own destiny and attract attention to your book and your brand. Through his e-book 'Think Like a Publisher' Jonathan introduces you to the key principles he uses in his business model, as well as an introduction to his on-line knowledge base 'The Author's Friend' which helps you to build your own model step by step, at a minimal cost.
