Diary of a Wimpy Kid Greg Heffley finds himself thrust into a new year and a new school where undersize weaklings share the corridors with kids who are taller, meaner and already shaving. Desperate to prove his new found maturity, which only going up a grade can bring, Greg is happy to have his not-quite-so-cool sidekick, Rowley, along for the ride. But when Rowley's star starts to rise, Greg tries to use his best friend's popularity to his own advantage. Recorded in his diary with comic pictures and his very own words, this test of Greg and Rowley's friendship unfolds with hilarious results. Diary of a Wimpy Kid: Rodrick Rules Whatever you do, don't ask Greg about his summer vacation because he definitely doesn't want to talk about it . . . It's a brand-new year and a brand-new journal and Greg is keen to put the humiliating (and secret!) events of last summer firmly behind him. But someone knows everything - someone whose job it is to most definitely not keep anything embarrassing of Greg's private - his big brother, Rodrick. How can Greg make it through this new school year with his not-quite-cool reputation intact? Diary of a Wimpy Kid: The Last Straw The third laugh-out-loud book in the bestselling phenomenon that is the Diary of a Wimpy Kid series. Greg's dad, Frank, is on a mission - a mission to make this wimpy kid . . . well, less wimpy. All manner of 'manly' physical activities are planned, but Greg just about manages to find a way out of them. That is until military academy is mentioned and Greg realizes that he's going to have to come up with something very special to get out of this one . . .

"This counterintuitive and powerfully effective approach to creativity demonstrates how every corporation and organization can develop an innovative culture. The traditional attitude toward creativity in the American business world is to 'think outside the box'-- to brainstorm without restraint in hopes of coming up with a breakthrough idea, often in moments of crisis. Sometimes it works, but it's a problem-specific solution that does nothing to engender creative thinking more generally. 'Inside the Box' demonstrates Systematic Inventive Thinking (SIT), which systemizes creativity as part of the corporate culture."--Provided by publisher.

Even as a kid, everyone thought Jeff Kinney was talented. People loved his drawings, and when he went to college, his comic strip *Igdoof* was so popular that it spread to other universities! Still, Jeff faced challenges. His cartoons were rejected by syndicates that claimed his art was unprofessional. Then, an idea struck: Jeff would write a journal from the perspective of a child, illustrated with doodles just like a kid might do. And so, the *Diary of a Wimpy Kid* series was born--and it was a hit! In this biography, Jeff's brother, Patrick Kinney, provides a knowledgeable look at the life of this best-selling author/illustrator. From Jeff's childhood pranks to his job developing online games, kids will love the chance to learn more about the creator of the popular *Wimpy Kid* books.
