

## Who Would Win? Polar Bear Vs Grizzly Bear

Someone tickled me behind my ears, under my arms. I curled up, became a full moon, and rolled on the floor. I may also have emitted a few hoarse shrieks. Then I lifted my rump to the sky and tucked my head beneath my belly: Now I was a sickle moon, still too young to imagine any danger. Innocent, I opened my anus to the cosmos and felt it in my bowels. A bear, born and raised in captivity, is devastated by the loss of his keeper; another finds herself performing in the circus; a third sits down one day and pens a memoir which becomes an international sensation, and causes her to flee her home. Through the stories of these three bears, Tawada reflects on our own humanity, the ways in which we belong to one another and the ways in which we are formed. Delicate and surreal, *Memoirs of a Polar Bear* takes the reader into foreign bodies and foreign climes, and immerses us in what the *New Yorker* has called 'Yoko Tawada's magnificent strangeness'.

What if a walrus and an elephant seal had a fight? Who do you think would win? Learn amazing facts to compare and contrast these two awesome marine creatures This nonfiction Reader compares and contrasts two ferocious animals. Readers will learn about each animal's anatomy, behavior, and more. Then compare and contrast the battling pair before finally discovering the winner This nonfiction series is full of facts, photos, and realistic illustrations, and it includes a range of mammals, sea creatures, insects, and dinosaurs to satisfy all kinds of animal fans.

Grizzly Bear vs. Polar Bear

The Last Bear

My Father Is a Polar Bear

Sophie does not want to do her homework, a research report on polar bears. Bor-ing. They're big. They eat things. They're mean. What else is there to say about them anyway? As it turns out, plenty. And when a polar bear named Olafur swoops her away to the Arctic, she soon learns all about the playful bear's habits and habitat—from glacier mice to the northern lights—and, despite her first reservations, she finds herself not just interested but excited about the Arctic. When the two are swept out to sea on an iceberg, Sophie's new knowledge and knack for creative thinking pay off in a big way: she calls a whale to their aid! Inspired by her journey, she's ready to return home and take another swing at her assignment, this time with gusto. The *Bear Report* showcases the power of curiosity and imagination to fill any blank canvas, whether it's an incomplete homework assignment or the Arctic ice.

Sixteen different jungle animals battle it out in an epic fight! Who will be the champion?

Wildlife biologist Alex Carter is back, fighting for endangered species in the Canadian Arctic and battling for her life in this action-packed follow-up to *A Solitude of Wolverines*, "a true stunner of a thriller debut" (James Rollins) and "a great read" (Nevada Barr). Fresh off her wolverine study in Montana, wildlife biologist Alex Carter lands a job studying a threatened population of polar bears in the Canadian Arctic. Embedded with a small team of Arctic researchers, she tracks the majestic bears by air, following them over vast, snowy terrain, spending days leaning precariously out of a helicopter with a tranquilizer gun, until she can get down on the ice to examine them up close. But as her study progresses, and she gathers data on the health of individual bears, things start to go awry. Her helicopter pilot quits unexpectedly, equipment goes missing, and a late-night intruder breaks into her lab and steals the samples she's collected. She realizes that someone doesn't want her to complete her study, but Alex is not easily deterred. Managing to find a replacement pilot, she returns to the icy expanses of Hudson Bay. But the helicopter catches fire in midflight, forcing the team to land on a vast sheet of white far from civilization. Surviving on the frozen landscape is difficult enough, but as armed assailants close in on snowmobiles, Alex must rely on her skills and tenacity to survive this onslaught and carry out her mission.

Someone Could Win a Polar Bear

Polar Bear Vs. Grizzly Bear

1986 Caldecott Medal Winner A young boy, lying awake one Christmas Eve, is welcomed aboard a magical trip to the North Pole . . . Through dark forests, over tall mountains, and across a desert of ice, the Polar Express makes its way to the city atop the world, where the boy will make his Christmas wish. For millions of readers worldwide, this mysterious journey to the North Pole has become a beloved classic. In this 30th anniversary edition, the inimitable artistry of Chris Van Allsburg is revealed in a never-before-seen fashion, with a new jacket design and expanded interior layout. Includes an author's note.

Hippos and polar bears are both fairly large mammals that spend much of their time in water, but is that where their similarities end? Readers of this captivating book will find out the answer to that and many more questions as they imagine these two beasts battling it out. Colorful photographs and a dynamic page layout assist with the understanding of key elementary science concepts. After reading all the facts,

readers can judge this epic battle themselves and determine which animal they think would come out on top.

Presents a collection of nonsense poems about everything from the Whatchamacallit to the Hairy-Nosed Preposterous.

Contains facts about polar bears and grizzly bears, comparing such aspects as their sizes, brain structure, and abilities.

A Novel of Suspense

**A dizzying short story collection that displays Murakami's genius for uncovering the surreal in the everyday, the extraordinary within the ordinary \*Featuring the story 'Barn Burning', the inspiration behind the Palme d'Or nominated film Burning\* When a man's favourite elephant vanishes, the balance of his whole life is subtly upset. A couple's midnight hunger pangs drive them to hold up a McDonald's. A woman finds she is irresistible to a small green monster that burrows through her front garden. An insomniac wife wakes up in a twilight world of semi-consciousness in which anything seems possible - even death. In every one of these stories Murakami makes a determined assault on the normal. The true story of three-month-old polar bears who were orphaned in Alaska and then brought to a new home at the San Diego Zoo.**

**Don't tickle the pig or you might make it oink! but that touchy-feely patch is ever so tempting! Little children will love pressing the touchy-feely patches to hear the animal sounds in this hilarious and charming book. Combines touchy-feely patches with sounds and holes in the pages to create a fun and amusing experience for little children. A musical finale features all the animals being noisy at once.**

**This nonfiction reader compares and contrasts two ferocious animals. Readers will learn about each animal's anatomy, behavior, and more. Then compare and contrast the battling pair before finally discovering the winner.**

**The Polar Bear Explorers' Club**

**The Cultural History of an Arctic Icon**

**Walrus Vs. Elephant Seal (Who Would Win?), Volume 25**

**All about Powerlifting**

*In the bestselling tradition of Hampton Sides's In the Kingdom of Ice, a "gripping adventure tale" (The Boston Globe) recounting Dutch polar explorer William Barents' three harrowing Arctic expeditions—the last of which resulted in a relentlessly challenging year-long fight for survival. The human story has always been one of perseverance—often against remarkable odds. The most astonishing survival tale of all might be that of 16th-century Dutch explorer William Barents and his crew of sixteen, who ventured farther north than any Europeans before and, on their third polar exploration, lost their ship off the frozen coast of Nova Zembla to unforgiving ice. The men would spend the next year fighting off ravenous polar bears, gnawing hunger, and endless winter. In Icebound, Andrea Pitzer masterfully combines a gripping tale of survival with a sweeping history of the great Age of Exploration—a time of hope, adventure, and seemingly unlimited geographic frontiers. At the story's center is William Barents, one of the 16th century's greatest navigators whose larger-than-life ambitions and obsessive quest to chart a path through the deepest, most remote regions of the Arctic ended in both tragedy and glory. Journalist Pitzer did extensive research, learning how to use four-hundred-year-old navigation equipment, setting out on three Arctic expeditions to retrace Barents's steps, and visiting replicas of Barents's ship and cabin. "A resonant meditation on human ingenuity, resilience, and hope" (The New Yorker), Pitzer's reenactment of Barents's ill-fated journey shows us how the human body can function at twenty degrees below, the history of mutiny, the art of celestial navigation, and the intricacies of building shelters. But above all, it gives us a firsthand glimpse into the true nature of courage.*

*Rhyming text imagines the fanciful dreams of animals on frigid nights in the far north, from a shaggy musk ox going to the beauty salon to a ballet-dancing walrus.*

*"A lovely little miracle of a book." —Katherine Applegate, Newbery Medal-winning author of The One and Only Ivan "[A] large-hearted and riveting medieval adventure." —William Alexander, National Book Award-winning author of Goblin Secrets "A breathtaking adventure." —Kirby Larson, Newbery Honor-winning author of Hattie Big Sky A runaway boy befriends a polar bear that's being transported from Norway to London in this "stupendous coming-of-age tale stuffed with adventure" (Kirkus Reviews, starred review). The polar bear is a royal bear, a gift from the King of Norway to the King of England. The first time Arthur encounters the bear, she terrifies him. Yet, strangely, she doesn't harm him—though she has attacked anyone else who comes near. So Arthur finds himself taking care of a polar bear on a ship to England. Tasked with*

*feeding and cleaning up after the bear, Arthur's fears slowly lessen as he begins to feel a connection to this bear, who like him, has been cut off from her family. But the journey holds many dangers, and Arthur knows his own freedom—perhaps even his life—depends on keeping the bear from harm. When pirates attack, Arthur must make a choice—does he do everything he can to save himself, or does he help the bear to find freedom? Based on the real story of a polar bear that lived in the Tower of London, this timeless adventure story thoughtfully looks at the themes of freedom, captivity, and the bond between a boy and a bear.*

*What would happen if a polar bear and a grizzly bear met each other? What if they had a fight? Who do you think would win? Este lector de no-ficción compara y contrasta dos feroces especies de osos. Los pequeños aprenderán sobre la anatomía, el comportamiento y más de ambos osos. Este libro está lleno de fotos, gráficos, ilustraciones y datos increíbles. This nonfiction reader compares and contrasts two ferocious bear species. Kids learn about the bears' anatomies, behaviors, and more. This book is packed with photos, charts, illustrations, and amazing facts.*

*A Pair of Polar Bears*

*Ice Bear*

*Rhino Vs. Hippo*

*Battle of the Bears*

The heartbreaking and ultimately hopeful story of an abandoned polar bear cub named Nora and the humans working tirelessly to save her and her species, whose uncertain future in the accelerating climate crisis is closely tied to our own. Six days after giving birth, a polar bear named Aurora got up and left her den at the Columbus Zoo, leaving her tiny, squealing cub to fend for herself. Hours later, Aurora still hadn't returned. The cub was furless and blind, and with her temperature dropping dangerously, the zookeepers entrusted with her care felt they had no choice: They would have to raise one of the most dangerous predators in the world themselves, by hand. Over the next few weeks, a group of veterinarians and zookeepers would work around the clock to save the cub, whom they called Nora. Humans rarely get as close to a polar bear as Nora's keepers got with their fuzzy charge. But the two species have long been intertwined. Three decades before Nora's birth, her father, Nanuq, was orphaned when an Inupiat hunter killed his mother, leaving Nanuq to be sent to a zoo. That hunter, Gene Agnaboogok, now faces some of the same threats as the wild bears near his Alaskan village of Wales, on the westernmost tip of the North American continent. As sea ice diminishes and temperatures creep up year-after-year, Gene and the polar bears--and everyone and everything else living in the far north--are being forced to adapt. Not all of them will succeed. Sweeping and tender, *The Loneliest Polar Bear* explores the fraught relationship humans have with the natural world, the exploitative and sinister causes of the environmental mess we find ourselves in, and how the fate of polar bears is not theirs alone.

National Geographic Face to Face Readers is a high-interest series of books for confident, independent readers that have been adapted to a Key Stage 2 audience by education experts. The books pair magnificent National Geographic photographs with lively first-person text and fascinating facts about the natural world. Wrap up warm and travel to the wintery world of the Arctic with experienced nature photographers to learn all about the world's biggest land-based carnivore, the polar bear. Written in an engaging and fun to read format, the captivating photos and fascinating facts are perfect for encouraging the future explorers and researchers of tomorrow! Level 5 readers are ideal for kids who are confident in reading independently and ready for the challenge of varied sentence lengths, some technical vocabulary and increasing inference.

When Candice's in-laws were killed eight months ago buying a huge faux polar bear rug for her Christmas present, she lost more than just two of her favorite people: she lost her husband Ian as well. After only two years of marriage, their guilt and pain have left them living together but apart, unable to really talk for fear of what they'll say to each other. Ian leaves for a month-long contract overseas, and Candice plans to use the time apart to decide whether her marriage can be saved. When her ex walks back into her life as the new client at work, ten years more attractive yet saddened by his own recent loss, she's left wondering what she really wants from life and love.

What would happen if a lion and a tiger had a fight? Who do you think would win? This nonfiction reader compares and contrasts the two species. Students will learn about the animals' anatomies, behaviors, and more. Includes beautiful photos, charts, illustrations, and fascinating facts.

*Ultimate Jungle Rumble (Who Would Win?)*

*The Elephant Vanishes*

*A Blizzard of Polar Bears*

*The Loneliest Polar Bear*

*The Last Polar Bears*

Prime Arctic predator and nomad of the sea ice and tundra, the polar bear endures as a source of wonder, terror, and fascination. Humans have seen it as spirit guide and fanged trade good and moral metaphor, as food source and symbol of ecological crisis. Eight thousand years of artifacts attest to its charisma, and to the fraught relationships between species. In *The White Bear*, we acknowledge the magic of wildness: it is both genuinely itself and a screen for our imagination. *Ice Bear* traces and illuminates this intertwined history from Inuit shamans to Jean Harlow lounging on a bearskin rug, from the cubs trained to pull sleds toward the North Pole to cuddly superstar Knut, it all comes to life in these pages. With research and more than 160 illustrations, the author brings into focus this powerful and elusive animal. Doing so, he delves into the stories we tell about Nature and about ourselves.

for a future in which such tales still matter.

Having seen a depressed polar bear in the zoo, Grandfather and his dog, Roo, set off on an expedition to find the last polar bears. After a treacherous journey on HMS Unsinkable, to Walrus Bay and the fun really starts. Howling wolves and terrible snowstorms delay the start of their trek and when they're on the way their tent is blown away by the fierce wind on, hungry and cold to the top of Great Bear Ridge where they see the polar bears at last.

What would happen if a polar bear and a grizzly bear met and had a fight? This nonfiction reader compares and contrasts the two species. Students will learn about the animals' and behaviors, and more. Includes beautiful photos, charts, illustrations, and fascinating facts.

Fancies, fantasies and fun verses about nature and the personal rules of life.

How Would You Survive As A...? is a brand new nature strand in the globally bestselling You Wouldn't Want To... series, looking at the struggles for survival of different animal species. Each volume follows a first-person narrative approach, telling the story of an example of the species as they deal with finding food, reproducing, raising their young, exploring their territory and fighting for dominance. The mix of humorous illustrations, bite-sized text, fact panels and diagrams provides multiple entry points for reluctant readers, presenting the information in a fun and accessible manner. How Would You Survive As A Polar Bear? explores the challenges faced by a female polar bear as she hunts in the inhospitable Arctic region and raises her young cubs. The end matter contains real life stories of polar bears highlighting conservation issues surrounding the species, illustrated with photographs to underscore that they're non-fiction and drawn from the real world, plus family trees of related species, a quiz and statistics.

*Do Polar Bears Get Lonely? is the third compilation of readers' answers to the questions in the 'Last Word' column of New Scientist, the world's best-selling science weekly. Following the phenomenal success of Does Anything Eat Wasps? (2005) and the even more spectacularly successful Why Don't Penguins' Feet Freeze? (2006), this latest collection includes a bumper crop of wise and wonderful answers never before seen in book form. As usual, the simplest questions often have the most complex answers - while some that seem the knottiest have very simple explanations. New Scientist's 'Last Word' is regularly voted the magazine's most popular section as it celebrates all questions - the trivial, idiosyncratic, baffling and strange. This all-new and eagerly awaited selection of the best again presents popular science at its most entertaining and enlightening.*

*It sounded like a respectable and worthy enough death for an explorer - tumbling from an ice bridge to be impaled upon a mammoth tusk - but Stella really, really didn't want that to happen, just the same. Join Stella Starflake Pearl and her three fellow explorers as they trek across the snowy Icelands and come face-to-face with frost fairies, snow queens, outlaw hideouts, unicorns, pygmy dinosaurs and carnivorous cabbages . . . When Stella and three other junior explorers get separated from their expedition can they cross the frozen wilderness and live to tell the tale?*

*Imagine making friends with a polar bear... The Last Bear is perfect for readers of 8+, beautifully illustrated throughout by Levi Pinfold – winner of the Kate Greenaway Medal and illustrator of Harry Potter 20th anniversary edition covers.*

*Scores are assigned to polar and grizzly bears for such qualities as physical characteristics, hunting ability, and behavior, which are then compared to find out who would win if the two were to fight each other.*
