Songs of Innocence and of Experience is an collection of poems by William Blake. It appeared in two phases. A few first copies were printed and illuminated by William Blake himself in 1789;

five years later he bound these poems with a set of new poems in a volume titled Songs of Innocence and of Experience Shewing the Two Contrary States of the Human Soul. William Blake was also a painter before the songs of innocence and experience and made paintings such as Oberon, Titania, and Puck dancing with fairies. "Innocence" and "Experience" are definitions of

consciousness that rethink Milton's existential-mythic states of "Paradise" and "Fall". Often, interpretations of this collection centre around a mythical dualism, where "Innocence" represents the "unfallen world" and "Experience" represents the "fallen world". Blake categorizes our modes of perception that tend to coordinate with a chronology that would become

standard in Romanticism: childhood is a state of protected innocence rather than original sin, but not immune to the fallen world and its institutions. This world sometimes impinges on childhood itself, and in any event becomes known through "experience", a state of being marked by the loss of childhood vitality, by fear and inhibition, by social and political corruption, and by the manifold oppression of Church, State, and the ruling classes. The volume's "Contrary States" are sometimes signalled by patently repeated or contrasted titles: in Innocence, Infant Joy, in Experience, Infant Sorrow; in Innocence, The Lamb, in Experience, The Fly and The Tyger. The stark simplicity of poems such as The Chimney Sweeper and The Little Black Boy display Blake's acute sensibility to the realities of poverty and exploitation that accompanied the "Dark Satanic Mills" of the Industrial Revolution.

(Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed without any copyrights or royalties paid to the master composers who created these musical canons. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference...the covers look the same, the engravings look the same, the songlist is nearly identical, and the price remains fair even on a musician's salary! But every conscientious musician will appreciate that these books are now produced legally and ethically, benefitting the songwriters that we owe for some of the greatest music ever written! 400 songs, including: Air Mail Special * Birdland * Bye Bye Blackbird * Caravan * Doxy * Fly Me to the Moon (In Other Words) * Georgia * Girl Talk * I Remember You * I Thought About You * In Walked Bud * The Jodi Grind * Just the Way You Are * Killer Joe * Little Sunflower * Mercy, Mercy, Mercy * Moanin' * The Nearness of You * Now's the Time * Old Devil Moon * Phase Dance * St. Thomas * Speak Low * Stardust * Tangerine * Tenor Madness * Watch What Happens * Whisper Not * Willow Weep for Me * Yardbird Suite * and more.

*FORWORD*After publishing two books on Amazon Kindle under my pen name Ethan Dorian, I decided to take a short break to pursue my interest in music, poetry and creative song writing.So, with a head full of words, an innovative mind and the prospect and excitement of a new challenge, I've put pen to paper and written over three hundred song lyrics. The song lyrics are divided into six books published on Amazon Kindle under my pen name James Marlowe.(Song Lyrics Volume 1) (Song Lyrics Volume 2)(Song Lyrics Volume 3)(Song Lyrics Volume 4)(Song Lyrics Volume 5)(Song Lyrics Volume 6)Most of these song titles and words are inspired from my books and some are based on experience and lifetime choices.I've enclosed a selection of 50 song lyrics in each volume, generally comprising of four verses and two choruses for each song. With the help of a vocalist and a talented musician, I'm convinced some of these lyrics can be turned into very good songs. Copyright © Ethan Dorian-2018. The Lyrics: 1956 to the Present (Vol. Two-Volume Set)

A work of unparalleled candor and splendorous beauty, The Lyrics celebrates the creative life and the musical genius of Paul McCartney through 154 of his most meaningful songs. From his early Liverpool days, through the historic decade of The Beatles, to Wings and his long solo career, The Lyrics pairs the definitive texts of 154 Paul McCartney songs with first-person commentaries on his life and music. Spanning two alphabetically arranged volumes, these commentaries reveal how the songs came to be and the people who inspired them: his devoted parents, Mary and Jim; his songwriting partner, John Lennon; his “ Golden Earth Girl,” Linda Eastman; his wife, Nancy McCartney; and even Queen Elizabeth, among many others. Here are the origins of “ Let It Be,” “ Lovely Rita,” “ Yesterday,” and “ Mull of Kintyre,” as well as McCartney ’ s literary influences, including Shakespeare, Lewis Carroll, and Alan Durband, his high-school English teacher. With images from McCartney ’ s personal archives—handwritten texts, paintings, and photographs, hundreds previously unseen—The Lyrics, spanning sixty-four years, becomes the definitive literary and visual record of one of the greatest songwriters of all time.

Who knew that Paul McCartney originally referred to Yesterday as 'Scrambled Eggs' because he couldn't think of any lyrics for his heart-breaking tune? Or that Patti LaBelle didn't know what 'Voulez-vous couches avec moi ce soir?' actually meant? These and countless other fascinating back stories of some of our best-known and best-loved songs fill this book, a collection of the highly successful weekly The Life of a Song columns that appear in the FT Weekend every Saturday. Each 600-word piece gives a mini-biography of a single song, from its earliest form (often a spiritual, or a jazz number), through the various covers and changes, often morphing from one genre to another, always focusing on the 'biography' of the song itself while including the many famous artists who have performed or recorded it. The selection covers a wide spectrum of the songs we all know and love - rock, pop, folk, jazz and more. Each piece is pithy, sparkily written, knowledgeable, entertaining, full of anecdotes and surprises. They combine deep musical knowledge with the vivid background of the performers and musicians, and of course the often intriguing social and political background against which the songs were created.

“ A winning look at the stories behind 45 pop, punk, folk, soul and country classics ” in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers ’ Shout, Led Zeppelin ’ s Whole Lotta Love, Janis Joplin ’ s Mercedes Benz, and R.E.M ’ s Losing My Religion. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven ’ s Fifth Symphony to come up with Proud Mary. Joni Mitchell remembers living in a cave on Crète with the mean old daddy who inspired her 1971 hit Carey. Elvis Costello talks about writing (The Angels Wanna Wear My) Red Shoes in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. Anatomy of a Song is a love letter to the songs that have defined generations of listeners and “ a rich history of both the music industry and the baby boomer era ” (Los Angeles Times Book Review).

“Volume 2 of the Oxford Handbook of Music Performance is designed around four distinct sections: Enhancements, Health and Wellbeing, Science, and Innovations. Chapters on the popular Feldenkrais method and Alexander technique open the volume, and these lead to chapters on peak performance and mindfulness, stage behavior, impression management and charisma, enhancing music performance appraisal, and how to build a career and the skills and competencies needed to be successful. The section dealing with health and wellbeing surveys the brain mechanisms involved in music learning and performing and musical activities in people with disabilities, performance anxiety, diseases and health risks in instrumentalists, hearing and voice, and finally, a discussion of how to promote a healthy related lifestyle. The first six chapters of the Science section cover the basic science underlying the operation of wind, brass, string instruments, and the piano, and two chapters covering the solo voice and vocal ensembles. The final two chapters explain digital musical instruments and the practical issues that researchers and performers face when using motion capture technology to study movement during musical performances. The four chapters of the Innovations section address the types of technological and social and wellbeing innovations that are reshaping how musicians conceive their performances in the twenty-first century”--

A Song for You: Reality is a true story of a man's continued journey through life, singing life's praises with determination to endure the challenges along the way, reaching its end, with a song for you. His persistence in learning to play the sax and playing it when others said he never would, is the testimony to the resilience needed to reach one's goal in life. This book is a song of hope and healing for anyone and everyone who is experiencing the realities of life, be it a life-threatening illness, such as cancer or conflicts in the family that grow into secrets unspoken until becoming cancerous having to be removed. Through friendships, each having its own season, he comes to understand the melody of drama, the harmony of peace and the chords of sensitivity bound together making sense out of the pain and suffering that are like signs to live by on life's journey. Having had a spiritual awakening to the silent and private pain of his mother, the author sees the reflection of her resilience. He recognizes it in other women and provides an opportunity for other men to experience it. This is a 'must read' book.

This is the fourth and penultimate volume in David Roy's celebrated translation of one of the most famous and important novels in Chinese literature. The Plum in the Golden Vase or, Chin P'ing Mei is an anonymous sixteenth-century work that focuses on the domestic life of Hsi-men Ch'ing, a corrupt, upwardly mobile merchant in a provincial town, who maintains a harem of six wives and concubines. The novel, known primarily for its erotic realism, is also a landmark in the development of the narrative art form—not only from a specifically Chinese perspective but in a world-historical context. This complete and annotated translation aims to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth.
