

Airto Moreira Flora Purim 50 Albums Covers

Chris Sheridan presents a major discographical study of an American jazz giant, "Cannonball" Adderley, whose career had a significant impact on jazz's subsequent development. Sheridan presents chronological entries on all known recordings, whether for disc, radio, television, film, or video, including all known commercial issues. A band itinerary lists all known engagements, whether in club, concert hall, or festival, and Sheridan highlights previously unknown sessions and performances for all forms of recording media.

Now fully updated--the critically acclaimed guide to the world of jazz on CD Where can you find a complete set of Ella Fitzgerald's many songbook recordings? Who are the influences of Wynton Marsalis, Harry Connick, Jr., and Joshua Redman? What are the earliest available recordings of trumpeter Chet Baker? Leading critics Richard Cook and Brian Morton answer these and myriad other questions in The Penguin Guide to Jazz on CD--the most comprehensive critical guide to jazz recordings available.

An author subject index to selected general interest periodicals of reference value in libraries.

You've probably seen other jazz guides, but you haven't run across anything quite like MusicHound Jazz. It delivers sound advice on what to buy and what not to buy. Explore the rich world of jazz, from the soulful vocals of Bessie Smith to the groundbreaking explorations of John Coltrane. This comprehensive guide has it all - page after page of interesting facts, opinions, recording reviews and biographies on nearly 1,300 artists. But that's not all. Enjoy more than 100 stunning photos of jazz greats. Learn who influenced each artist and why. Discover what makes each one unique. Then sample some smokin' jazz with the CD sampler from the legendary jazz label Blue Note.

Designed as a core text for college level courses in percussion methods and pedagogy, Teaching Percussion is a comprehensive, up-to-date introduction to teaching methodology and performance techniques. Now updated, Teaching Percussion helps students and performers develop musical understanding and performance skills on some fifty percussion instruments. The Second Edition includes coverage of new developments in world music instruments and performance. In addition, Norman Weinberg, cofounder of the PAS World Percussion Network, has contributed a discussion of electronic percussion and new technology. The outstanding exercises, musical examples, photographs, illustrations, practical advice, and bibliographies - popular features in the first edition - have been retained and enhanced. Teaching Percussion, Second Edition, is an invaluable resource for students, faculty, and performers alike.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The story of the final recordings of one of the greatest jazz musicians of the twentieth century

THE SUNDAY TIMES BESTSELLER A BOOK OF THE YEAR PICK IN THE TIMES: 'Captivating' A ROUGH TRADE BOOK OF THE YEAR: 'In-depth and inspiring' 'Beautifully compiled ... the perfect festival experience' SUNDAY TIMES Glastonbury 50 is the authorised, behind-the-scenes, inside story of the music festival that has become a true global phenomenon. The story begins in 1970. The day after Jimi Hendrix's death... dairy farmer Michael Eavis invites revellers to his field in Somerset to attend a 'Pop, Folk & Blues' festival. Tickets are £1 each, enticing more than a thousand customers with the promise of music, dance, poetry, theatre, lights and spontaneous entertainment - as well as free milk from his own Worthy Farm cows. Fast forward through five tumultuous decades and the Eavis's vision now encompasses a gigantic 'city in the fields', with a total annual population nearing a quarter of a million. Tickets sell out within minutes, the show is beamed live to more than 40 countries around the globe, and over 3 million people are registered to attend. Meanwhile, the bill has expanded to include big name performers, artists and designers from every branch of the creative arts. Glastonbury Festival is now the largest outdoor green fields event in the world. In their own words, Michael and Emily Eavis reveal the stories behind the headlines, and celebrate 50 years of history in the Vale of Avalon. They're joined by a host of big-name contributors from the world of music - among them Adele, JAY-Z, Dolly Parton, Chris Martin, Noel Gallagher, Lars Ulrich and Guy Garvey. They're joined by artists - Stanley Donwood, Kurt Jackson and many more. Writers - Caitlin Moran, Lauren Laverne, Billy Bragg - and by a host of photographers, from Seventies icon Brian Walker to rock and roll legends Jill Furmanovsky and Greg Williams. Together they bring you the magic that makes Glastonbury, Glastonbury.

Contains entries of the giants of jazz with photographs, facts about the performers, and a listing of albums.

The guitarist and composer Pat Metheny ranks among the most popular and innovative jazz musicians of all time. In *Pat Metheny: The ECM Years, 1975-1984*, Mervyn Cooke offers the first in-depth account of Metheny's early creative period, during which he recorded eleven stunningly varied albums for the pioneering European record label ECM (Edition of Contemporary Music). This impressive body of recordings encompasses both straight-ahead jazz playing with virtuosic small ensembles and the increasingly complex textures and structures of the Pat Metheny Group, a hugely successful band also notable for its creative exploration of advanced music technologies which were state-of-the-art at the time. Metheny's music in all its shapes and forms broke major new ground in its refusal to subscribe to either of the stylistic poles of bebop and jazz-rock fusion which prevailed in the late 1970s. Through a series of detailed analyses based on a substantial body of new transcriptions from the recordings, this study reveals the close interrelationship of improvisation and pre-composition which lies at the very heart of the music. Furthermore, these analyses vividly demonstrate how Metheny's music is often conditioned by a strongly linear narrative model: both its story-telling characteristics and atmospheric suggestiveness have sometimes been compared to those of film music, a genre in which the guitarist also became active during this early period. The melodic memorability for which Metheny's compositions and improvisations have long been world-renowned is shown to be just one important element in an unusually rich and flexible musical language that embraces influences as diverse as bebop, free jazz, rock, pop, country & western, Brazilian music, classical music, minimalism, and the avant-garde. These elements are melded into a uniquely distinctive soundworld which, above all, directly reflects Metheny's passionate belief in the need to refashion jazz in ways which can allow it to speak powerfully to each new generation of youthful listeners.

Do you want to know when Duke Ellington was king of The Cotton Club? Have you ever wondered how old Miles Davis was when he got his first trumpet? From birth dates to gig dates and from recordings to television specials, Leonard Feather and Ira Gitler have left no stone unturned in their quest for accurate, detailed information on the careers of 3,300 jazz musicians from around the world. We learn that Duke Ellington worked his magic at The Cotton Club from 1927 to 1931, and that on Miles Davis's thirteenth birthday, his father gave him his first trumpet.

Jazz is fast moving, and this edition clearly and concisely maps out an often dizzying web of professional associations. We find, for instance, that when Miles Davis was a St. Louis teenager he encountered Charlie Parker and Dizzy Gillespie for the first time. This meeting proved fateful, and by 1945 a nineteen-year-old Davis had left Juilliard to play with Parker on 52nd Street. Knowledge of these professional alliances, along with the countless others chronicled in this book, are central to tracing the development of significant jazz movements, such as the "cool jazz" that became one of Miles Davis's hallmarks. Arranged alphabetically according to last name, each entry of this book chronologically lists the highlights of every jazz musician's career. Highly accessible and vigorously researched, *The Biographical Encyclopedia of Jazz* is, quite simply, the most comprehensive jazz encyclopedia available.

Cook's TEACHING PERCUSSION, which includes over seven hours of video footage, continues to set the standard in percussion instrument methods texts. Providing a comprehensive introduction to every aspect of percussion education, technique and performance, this enhanced third edition develops students' musical understanding and performance skills. The author's consistent and detailed philosophy introduces students to a refined teaching methodology--and gives them greater insight into the learning process by integrating contemporary concepts about experiential awareness learning. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The contemporary music magazine.

With twenty-three Grammy wins, Chick Corea is a legendary jazz figure and one of the most prolific and influential contemporary pianists of our time. He has produced hundreds of releases in multiple genres over five decades, and he is one of the hardest-working musicians in the industry, with a yearly tour schedule of over 250 international concerts. He has authored multiple books and instructional works, and many regard him today as easily one of the most influential musicians of his generation. Experiencing Chick Corea looks at the full span of Corea's career, decade by decade, touching on the vast array of musical styles he engaged, from his initial work with Herbie Mann to his free explorations with Circle. It touches on his arguably most influential album Now He Sings, Now He Sobs, his involvement with Miles Davis' Bitches Brew and subsequent efforts as pioneer in the fusion scene with Return to Forever, his duo collaborations, classical outings, and his acoustic and trio work in the 1990s and beyond. Learning how to listen to Corea is itself a bit of a magic carpet ride, given the range of material he has created and the breadth and depth of that work. Experiencing Chick Corea introduces this American Icon to audiences beyond the domain of jazz fans already familiar with this work. Monika Herzig places Corea's creations in their historical and social contexts so any music lover can gain a fuller understanding of the incredible range of his work.
