Degree: Bachelor's Degree Duration: 4 years Language:
English Program Description: The department focuses its
graduate teaching and research programs in the following
areas: digital image and signal processing, fault-tolerant
computing, software engineering, distributed systems
(software), simulation, theory and implementation of
(functional) languages, algorithm design and analysis.

FACULTY OF ENGINEERING | Ankara University

Welcome to Ankara University Computer Vision and Machine Learning Laboratory CVML Lab conducts research at undergraduate, graduate (MSc & PhD) and postdoc levels. Our research areas include various computer vision and machine learning problems. We are using latest deep learning techniques in classification, segmentation and data generation to solve various problems
