The American Vision

AP U.S. History

The Battle of New Orleans

Together with a Preamble, to the Coloured Citizens of the World, but in Particular, and Very Expressly, to Those of the United States of America

American History: Connecting with the Past

Recent scholarship on slavery has explored the lives of enslaved people beyond the watchful eye of their masters. Building on this work and the study of space, social relations, gender, and power in the Old South, Stephanie Camp examines the everyday containment and movement of enslaved men and, especially, enslaved women. In her investigation of the movement of bodies, objects, and information, Camp extends our recognition of slave resistance into new arenas and reveals an important and hidden culture of opposition. Camp discusses the multiple dimensions to acts of resistance that might otherwise appear to be little more than fits of temper. She brings new depth to our understanding of the lives of enslaved women, whose bodies and homes were inevitably political arenas. Through Camp's insight, hidden becomes an act of pursuing personal privacy. Illegal parties ('frolics') become an expression of bodily freedom. And bondwomen who acquired

printed abolitionist materials and posted them on the walls of their slave cabins (even if they could not read them) become the subtle agitators who inspire more overt acts. The culture of opposition created by enslaved women's acts of everyday resistance helped foment and sustain the more visible resistance of men in their individual acts of running away and in the collective action of slave revolts. Ultimately, Camp argues, the Civil War years saw revolutionary change that had been in the making for decades.

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At trediton we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to trediton. To support their good work, trediton donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.

The Oxford History of the United States is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning, critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over the North American continent. A panoramic narrative, What Hath God Wrought portrays revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs—advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans—were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and anti-slavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction The Oxford History of the United States The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as

"the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book." Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

The mass industrial democracy that is the modern United States bears little resemblance to the simple agrarian republic that gave it birth. The market revolution is the reason for this dramatic - and ironic - metamorphosis. The resulting tangled frameworks of democracy and capitalism still dominate the world as it responds to the panic of 2008. Early Americans experienced what we now call 'modernization'. The exhilaration - and pain - they endured have been repeated in nearly every part of the globe. Born of freedom and ambition, the market revolution in America fed on democracy and individualism even while it generated inequality, dependency, and unimagined wealth and power. In this book, John Lauritz Larson explores the lure of market capitalism and the beginnings of industrialization in the United States. His research combines an appreciation for enterprise and innovation with recognition of negative and unanticipated consequences of the transition to capitalism and relates economic change directly to American freedom and self-determination, links that remain entirely relevant today.

When it's crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course® for AP® U.S. History!

Provides eyewitness accounts, narratives, and personal experiences exploring the struggle of slaves and their pursuit of freedom.

Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

A political history of how the fledgling American republic developed into a democratic state at the onset of the Civil War offers insight into how historical beliefs about democracy compromised democratic progress, providing coverage of the rivalry between Jeffersonians and Federalists, and identifying the roles of key contributors, including Andrew Jackson, Anti-Masons, and fugitive slaves. Reprint. The Americans focuses on nine themes: Diversity and the national identity; America in world affairs; Economic opportunity; Science and technology; Women and political power; Immigration and migration; States' rights; Voting rights; Civil rights. - p. [xviii].

The Presidential Campaign of 1832

Cracking the AP U.S. History Exam, 2016 Edition

First published in 1829, Walker's Appeal called on slaves to rise up and free themselves. The two subsequent versions of his document (including the reprinted 1830 edition published shortly before Walker's death) were increasingly radical. Addressed to the whole world but directed primarily to people of color around the world, the 87-page pamphlet by a free black man born in North Carolina and living in Boston advocates immediate emancipation and slave rebellion. Walker asks the slaves among his readers whether they wouldn't prefer to "be killed than to be a slave to a tyrant." He advises them not to "trifle" if they do rise up, but rather to kill those who would continue to enslave them and their wives and children. Copies of the pamphlet were smuggled by ship in 1830 from Boston to Wilmington, North Carolina, Walker's childhood home, causing panic among whites. In 1830, members of North Carolina's General Assembly had the Appeal in mind as they tightened the state's laws dealing with slaves and free black citizens. The resulting stricter laws led to more policies that repressed African Americans, freed and slave alike. A DOCSOUTH BOOK. This collaboration between UNC Press and the University of North Carolina at Chapel Hill Library brings classic works back into print. DocSouth Books editions are selected from the digital library of Documenting the American South and are unaltered from the original publication. The DocSouth series uses digital technology to offer e-books and print-on-demand publications, providing affordable and accessible editions to a new generation of scholars, students, and general readers.

A fresh perspective on United States history, emphasizing a global context

Equip your students to excel on the AP® United States History Exam, as updated for 2016 Features "flexibility designed to use in a one-semester or one-year course" divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts "each period features a one-page overview summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework" each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways" the chapter conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions" period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

The Battle of New Orleans was the climactic battle of America's "forgotten war" of 1812. Andrew Jackson led his ragtag corps of soldiers against 8,000 disciplined invading British regulars in a battle that delivered the British a humiliating military defeat. The victory solidified America's independence and marked the beginning of Jackson's rise to national prominence. Hailed as "terrifically readable" by the Chicago Sun Times, The Battle of New Orleans is popular American history at its best, bringing to life a landmark battle that helped define the character of the United States.
