“There are moments when a story shakes you...Barely Missing Everything is one of those stories, and Mendez, a gifted storyteller with a distinct voice, is sure to bring a quake to the literary landscape.” —Jason Reynolds, New York Times bestselling author of Long Way Down In the tradition of Jason Reynolds and Matt de la Peña, this heartbreaking, no-holds-barred debut novel told from three points of view explores how difficult it is to make it in life when you—your life, brown lives—don’t matter. Juan has plans. He’s going to get out of El Paso, Texas, on a basketball scholarship and make something of himself—or at least find something better than his mom Fabi’s cruddy apartment, her string of loser boyfriends, and a dead dad. Basketball is going to be his ticket out, his ticket up. He just needs to make it happen. His best friend JD has plans, too. He’s going to be a filmmaker one day, like Quentin Tarantino or Guillermo del Toro (NOT Steven Spielberg). He’s got a camera and he’s got passion—what else could he need? Fabi doesn’t have a plan anymore. When you get pregnant at sixteen and have been stuck bartending to make ends meet for the past seventeen years, you realize plans don’t always pan out, and that there are some things you just can’t plan for... Like Juan’s run-in with the police, like a sprained ankle, and a tanking math grade that will likely ruin his chance at a scholarship. Like JD causing the implosion of his family. Like letters from a man named Mando on death row. Like finding out this man could be the father your mother said was dead. Soon Juan and JD are embarking on a Thelma and Louise—like road trip to visit Mando. Juan will finally meet his dad, JD has a perfect subject for his documentary, and Fabi is desperate to stop them. But, as we already know, there are some things you just can’t plan for...

CO2 capture and geological storage is seen as the most effective technology to rapidly reduce the emission of greenhouse

gases into the atmosphere. Up until now and before proceeding to an industrial development of this technology, laboratory research has been conducted for several years and pilot projects have been launched. So far, these studies have mainly focused on transport and geochemical issues and few studies have been dedicated to the geomechanical issues in CO<sub>2</sub> storage facilities. The purpose of this book is to give an overview of the multiphysics processes occurring in CO<sub>2</sub> storage facilities, with particular attention given to coupled geomechanical problems. The book is divided into three parts. The first part is dedicated to transport processes and focuses on the efficiency of the storage complex and the evaluation of possible leakage paths. The second part deals with issues related to reservoir injectivity and the presence of fractures and occurrence of damage. The final part of the book concerns the serviceability and ageing of the geomaterials whose poromechanical properties may be altered by contact with the injected reactive fluid.

Join Shefalee Vasudev, former editor of Marie Claire and an acclaimed fashion journalist, on a deep-sea dive into the gagging depths of Indian fashion. In Powder Room, she offers an insider's view of people who make the industry what it is—from a lower middle class girl who sells global luxury for a living to a designer who fights the inner demons of child sexual abuse yet manages to survive and thrive in the business of fashion, or a Ludhiana housewife on a perpetual fashion high. Besides candid interviews of known names in Indian fashion, Shefalee provides a commentary on new social behaviour, urban culture, generational differences, and the compulsions behind conspicuous consumption in a country splitting at the*

**England-born, New York-based photographer Alexi Lubomirski has become an established name within the fashion industry, shooting for such publications as Harper's Bazaar, Vogue and GQ, and working with cover stars such as Charlize Theron, Gwyneth Paltrow, Natalie Portman, Jennifer Lopez and Nicole Kidman, to name but a few. It was after shooting Lupita Nyong'o, however, that Lubomirski was struck by the homogeneity of the subjects he'd been hired to shoot professionally. Often when he submitted a list of models he was interested in shooting, responses would range along the lines of "we love her, but...", "her hair is a problem," "she is too dark" or "she is too light to make a statement." In *Diverse Beauty*, Lubomirski aims to move beyond the underrepresentation of women from a range of ethnicities in fashion media. The volume compiles his photographs of beautiful women of every color, size, age and sexual orientation in a celebration of beauty that adds dimension to the standards so omniscient in Western fashion magazines and advertisements. This handsome volume of cinematic fashion portraiture--featuring such subjects as Lupita Nyong'o, Rashida Jones, Salma Hayek, Demi Lovato, Anja Rubik, Jennifer Lopez, Chanel Iman, Hari Nef, Isabella Rossellini, Tyra Banks and Rosie Huntington-Whiteley, among many others--is also a small step in the direction of changing societal norms.**

The fear of violent crime dominates Guatemala City. In the midst of unprecedented levels of postwar violence, Guatemalans struggle to fathom the myriad forces that have made life in this city so deeply insecure. Born out of histories of state terror, migration, and US deportation, maras (transnational gangs) have become the face of this new era of violence. They are brutal organizations engaged in extortion, contract killings, and the drug trade, and yet they have also become essential to the emergence of a certain kind of social order. Drawing on years of fieldwork inside prisons, police precincts, and gang-dominated neighborhoods, Anthony W. Fontes demonstrates how gang violence has become indissoluble from contemporary social imaginaries and how these gangs provide cover for a host of other criminal actors. Ethnographically rich and unflinchingly critical, *Mortal Doubt* illuminates the maras' role in making and mooring collective terror in Guatemala City while tracing the ties that bind this violence to those residing in far safer environs.

It's Aya's wedding day. Her third. Her current two husbands aren't too fussed. In a society in which there are few women, that's just what happens. But as the household prepares for the wedding feast, a stranger arrives - one who threatens to challenge everything they believe in. Against a backdrop of modern rural India, Sharmila Chauhan weaves an extraordinary tale of love and wonder. From the preparation of luxury food and the sacrifice of the lamb to the dressing of the bride and the dance to end all dances, this will be an exuberant, joyful and challenging piece of theatre. 'In parts of India, polyandry has become a necessity. Gendercide, as a consequence of the ancient preference for boys, the modern desire for smaller families and the increasing availability of ultrasound techniques to detect the gender of a baby still in the womb means that the number of females is declining. I wrote *The Husbands* both as a response to this but also as an exploration of the complexity of love, intimacy and trust between one woman and three men where gender differences and expectations are amplified. In a sense this play is as much a warning as an allegory for the fate of women in The West today.' - Sharmila Chauhan

*Elizabeth Gilbert, author of The Signature of All Things and Eat, Pray, Love “What a cool and fascinating ride. Leigh Ann Henion has tackled one of the great questions of contemporary, intelligent, adventurous women: Is it possible to be a wife and mother and still explore the world? Her answer seems to be that this is not only possible, but essential. This story shows how. I think it will open doors for many.” Heartfelt and awe-inspiring, Leigh Ann Henion’s Phenomenal is a moving tale of physical grandeur and emotional transformation, a journey around the world that ultimately explores the depths of the human heart. A journalist and young mother, Henion combines her own varied experiences as a parent with a panoramic tour of the world’s most extraordinary natural wonders. Phenomenal begins in hardship: with Henion deeply shaken by the birth of her beloved son, shocked at the adversity a young mother faces with a newborn. The lack of sleep, the shrinking social circle, the health difficulties all collide and force Henion to ask hard questions about our accepted wisdom on parenting and the lives of women. Convinced that the greatest key to happiness—both her own and that of her family—lies in periodically venturing into the wider world beyond home, Henion sets out on a global trek to rekindle her sense of wonder. Henion’s quest takes her far afield, but it swiftly teaches her that freedom is its own form of parenting—one that ultimately allows her to meet her son on his own terms with a visceral understanding of the awe he experiences every day at the fresh new world. Whether standing on the still-burning volcanoes of Hawai‘i or in the fearsome lightning storms of Venezuela, amid the vast animal movements of Tanzania or the elegant butterfly migrations of Mexico, Henion relates a world of sublimity and revelation. Henion’s spiritual wanderlust puts her in the path of modern-day shamans, reindeer herders, and astrophysicists. She meets laypeople from all over the world, from all walks of life, going to great lengths to chase migrations, auroras, eclipses, and other phenomena. These seekers trust their instincts, follow their passions, shape their days into the lives they most want to lead. And, somewhere along the way, Leigh Ann Henion becomes one of them. A breathtaking memoir, Phenomenal reveals unforgettable truths about motherhood, spirituality, and the beauty of nature. *through some of the most eventful times in British and Indian history. In the three decades between 1946 and 1976, the Central Flying School which was based at Little Rissington, produced over 6000 fledgling Qualified Flying Instructors and continually endeavoured to monitor and improve the wider Royal Air Force's standards of flying, based on its sound, proven instructional methods and a wealth of tradition extending back to Upavon in 1912. With the cessation of hostilities in 1945, the station's role took on a new dimension with the arrival of the Central Flying School (CFS) from RAF Upavon in the following year. The main function of CFS was to fulfil RAF requirements and assist some Commonwealth air force requirements for flying instructors. RAF Little Rissington became CFS's important focal base for the next thirty years. The book covers the 1946 to 1976 period and has been drawn from the records at the National Archives, the RAF Museum, the Central Flying School Archive, and from published sources. Anecdotes and recollections from over 100 service and civilian personnel, ranging from Air Marshals to AC2s, who were once based at Little Rissington bring these unfolding years to life.*

**The acclaimed actress and dedicated activist shares her personal journey of discovery, and destroys outdated ideas about partnership, love and family that will resonate with anyone in an unconventional life situation. Actress and activist Maria Bello made waves with her essay, "Coming Out as a Modern Family," in the New York Times popular "Modern Love" column, in which she recalled telling her son that she had fallen in love with her best friend, a woman—and her relief at his easy and immediate acceptance with the phrase "Whatever Mom, love is love." She made a compelling argument about the fluidity of partnerships, and how families today come in a myriad of designs. In her first book, Bello broadens her insights as she examines the idea of partnership in every woman's life, and her own. She examines the myths that so many of us believe about partnership—that the partnership begins when the sex begins, that partnerships are static, that you have to love yourself before you can be loved, and turns them on their heads. Bello explores how many different relationships—romantic, platonic, spiritual, familial, educational—helped define her life. She encourages women to realize that the only labels we have are the ones we put on ourselves, and the best, happiest partnerships are the ones that make your life better, even if they don't fit the mold of "typical." Throughout this powerful and engaging read, Bello shares intimate stories and lessons on how she has come to discover her happiest self, accept who she is, and live honestly and freely, and tells the stories of those who came to her after her Times' columns, grateful that someone gave voice to their life choices. Whatever...Love Is Love is not a memoir about an actress. It is a frank, raw, and honest book about the way every woman questions the roles she plays in love, work, and life, filled with wisdom, questions, and insights relevant to us all.**
