BBC Two - Stargazing, Series 1, Jonathan Meets Jupiter

GoTo or computerised telescopes are the new generation of stargazing, and if you are into your gadgetry then you will definitely want to get one! The best one we have found is the Orion 27191 Starblast IntelliScope Reflector. Although it uses manual controls rather than computerised spotting, this does not detract from the overall performance.

Which Is The Best Telescope On The UK Market In 2020?
