Beyond The Rivers Of Ethiopia

Is God's Sign real? Has God been talking to us? Or are we the real demagogues of our own image? Sudan has been the land of Biblical plagues, where the locusts came down upon Egypt. And Sudan has sent envoys on boats by water (down the Nile River or down the Red Sea) to Jerusalem. This included Eben-Malech, who saved Jeremiah, (Jeremiah 38:7-13) and the treasurer of Queen Candice (Acts 8:26-40). The prophecy in Isaiah 18 could well refer to Southern

Isaiah 1-39 ranging from East to West and from the first through the eighth centuries. Far from being the serene, natural streams of yore, modern rivers have been diverted, dammed, dumped in, and dried up, all in efforts to harness their power for human needs. But these rivers have also undergone environmental change. The old adage says you can't step in the same river twice, and Ellen Wohl would agree—natural and synthetic change are so rapid on the world's great waterways that rivers are transforming

Bookmark File PDF Beyond The Rivers Of Ethiopia

and disappearing right before our eyes. A World of Rivers explores the confluence of human and environmental change on ten of the great rivers of the world. Ranging from the Murray-Darling in Australia and the Yellow River in China to Central Europe's Danube and the United States' Mississippi, the book journeys down the most important rivers in all corners of the globe. Wohl shows us how pollution, such as in the Ganges and in the Ob of Siberia, has affected biodiversity in the water. But rivers are also resilient, and

Bookmark File PDF Beyond The Rivers Of Ethiopia

Wohl stresses the importance of conservation and restoration to help reverse the effects of human carelessness and hubris. What all these diverse rivers share is a critical role in shaping surrounding landscapes and biological communities, and Wohl's book ultimately makes a strong case for the need to steward positive change in the world's great rivers.

people so fierce they would not hesitate to kill an outsider. It is a brief record of some of their culture, the security of their families and who, with Bible and water bottle in hand and confidence in their saviour, took the message of Jesus Christ over the mountain ranges and beyond the rivers to those who had never heard of Him. Today, through the sacrifices and sufferings of men like these, there are thousands of churches throughout the mountains of Southern Ethiopia. These stories will shock encourage, challenge and provoke you to follow their example as gospel warriors.

The ongoing Egyptian-Ethiopian dispute over the Nile waters is potentially one of the most difficult issues on the current international agenda, central to the very life of the two countries.

Bookmark File PDF Beyond The Rivers Of Ethiopia

Analyzing the context of the dispute across a span of more than a thousand years, *The Cross and the River* delves into the heart of both countries' identities and cultures. Erlich deftly weaves together three themes: the political relationship between successive Ethiopian and Egyptian regimes; the complex connection between the Christian churches in the two countries; and the influence of the Nile river system on Ethiopian and Egyptian definitions of national identity and mutual perceptions of the Other. Drawing on a vast range of sources, his study is key to an understanding of a bond built on both interdependence and conflict.

rap group clipping Yetu holds the memories for her people—water-dwelling descendants of pregnant African slave women thrown overboard by slave owners—who live idyllic lives in the deep. Their past, too traumatic to be remembered regularly, is forgotten by everyone, save one—the historian. This demanding role has been bestowed on Yetu. Yetu remembers for everyone, and the memories, painful and wonderful, traumatic and terrible and miraculous, are destroying her. And so, she flees to the surface, escaping the memories, the expectations, and the responsibilities—and discovers a world her people left behind long ago. Yetu will learn more than she ever expected to about her own past—and about the future of her people. If they are all to survive, they'll need to reclaim the memories, reclaim their

identity—and own who they really are. Inspired by a song produced by the rap group Clipping for the This American Life episode “We Are In The Future,” The Deep is vividly original and uniquely affecting.

‘Biblical Exegesis in African Context’ explores how the Church in Africa can affirm its uniqueness in terms of the African identity and experiences, and at the same time, remain faithful to the gospel message. The volume begins with an explanation of exegesis and hermeneutics, and the agenda for the rest of the book is set. The second chapter deals with textual criticism, which is the task of determining the originality of a biblical text. In chapter three, issues related to the context of the text are considered, after which the volume proceeds to examine the various literary forms

Bookmark File PDF Beyond The Rivers Of Ethiopia

present in the Bible— prominent among them being— Narrative, Law, Poetry, Prophecy, Wisdom Literature, Gospels, Acts of the Apostles, Epistles and Revelation. The authors then dedicate the next chapter to discussions on socio-rhetorical interpretation. The final chapters of the book deal with matters solely related to the context of Africa; this part intends to equip readers to be able to interpret the Bible from African cultural perspectives and then apply the gospel message meaningfully to the life of African Christians. Chapter seven deals with the emergence and historical development of African Biblical Studies (ABS), noting its relevance and how Africans can benefit from it. The main contention of the chapter is that Africans will better understand and apply God's word to their lives if they read

Bookmark File PDF Beyond The Rivers Of Ethiopia

the Scriptures in an African way. The volume then explores how African languages can be used to derive the meaning of scripture and apply it to real-life situations. Here, the authors contribute to the development of MTBH by developing a methodological framework for this interpretative tool. The next chapter of the volume deals with mother-tongue theologizing in Ghana. The final chapter considers the legitimacy of female leadership in the Church within the African context through the examination of two Pauline texts. This volume will be of interest to undergraduate and graduate seminary students, students of Biblical Interpretation in religions departments, as well as practicing pastors.

of scholars. That great empires such as Ghana, and later, Mali flourished for centuries while Europe slept through its dark ages almost has been ignored by historians. Thousands of years before that, as Rudolph R. Windsor notes in this enlightening book, civilizations began with the black races of Africa and Asia, including the Hebrews, who in Biblical times were jet black. Then, western Europe had no nations as such, and its stone age inhabitants had but the crudest tools and lived in caves. Because of the scarce literature on the contributions of blacks to world civilizations, most people today hold the erroneous opinion that the black races have

little real history. It was not known, for instance, that the ancient Hebrews, Mesopotamians, Phoenicians, and Egyptians were black. Now, a growing body of literature is presenting the illustrious history of the blacks and their enormous contributions. This carefully researched book is a significant addition to this vital field of knowledge. It sets forth in fascinating detail the history, from earliest recorded times, of the black races of the Middle East and Africa. Dr. Windsor's discussion of Islamic civilization and the movement of the black Hebrew to all parts of Africa is edifying and absorbing. Readers, regardless to race, will
