The Humorous Parson

Vigorous, colorful, bold and highly personal, Breaking New Ground is the autobiography of Gifford Pinchot, founder and first chief of the Forest Service. He tells a fascinating tale of his efforts, under President Theodore Roosevelt, to wrest the forests from economic special interests and to bring them under management for multiple- and long-range use. His philosophy of "the greatest good for the greatest number over the longest time" has become the foundation upon which this country's conservation policy is based. In a new introduction for this special commemorative edition, Char Miller of Trinity University and V. Alaric Sample of the Pinchot Institute for Conservation trace the evolution of Gifford Pinchot's career in the context of his personal life and the social and environmental issues of his time. They illuminate the courage and vision of the man whose leadership is central to the development of the profession of forestry in the United States. Breaking New Ground is essential reading for anyone interested in understanding the basis of our present national forest policy, and the origins of the conservation movement.

Wilson's approach can be seen as a communal romanticism, dealing with ordinary people, language, and problems, giving the priority to the feeling and human dignity over logic, power and money, putting freedom and equity as a pivotal concern, almost presenting women and children as victims, and highlighting the importance of heritage, identity, and culture. As his self-revision message, all those three plays demonstrate scenes of black self-review, showing the blacks' part of responsibility in the situation they live in. It is a project of self-rehabilitation for the blacks. Since American society is a multicultural spectrum, there is not any certain legibly ascribed American identity. That is why Wilson does not submit to the claims of the dominant cultural trend by some white critics like Brustein. Wilson confidently presents the blacks' identity typified with self-fulfilment and contribution to the American culture, as his alternative contributory image of man against the white dominant models, or the violent black ones.

"My folks allus belongs to the Cavins and wore their name till after 'mancipation. Pa and ma was named Freeman and Amelia Cavin and Massa Dave fotches them to Texas from Alabama, along with ma's mother, what we called Maria. "The Cavins allus thunk lots of their niggers and Grandma Maria say, 'Why shouldn't they—it was their money.' She say there was plenty Indians here when they settled this country and they bought and traded with them without killin' them, if they could. The Indians was poor folks, jus' pilfer and loaf 'round all the time. The niggers was a heap sight better off than they was, 'cause we had plenty to eat and a place to stay. "Young Massa Tom was my special massa and he still lives here. Old Man Dave seemed to think more of his niggers than anybody and we thunk lots of our white folks. My pa was leader on the farm, and there wasn't no overseer or driver. When pa whip a nigger he needn't go to Massa Dave, but pa say, 'Go you way, you nigger. Freeman didn't whip you for nothin'.' Massa Dave allus believe pa, 'cause he tells the truth. "One time a peddler come to our house and after supper he goes to see 'bout his pony. Pa done feed that pony fifteen ears of corn. The peddler tell massa his pony ain't been fed nothin', and massa git mad and say, 'Be on you way iffen you gwine 'cuse my niggers of lyn'!' "We had good quarters and plenty to eat. I 'members when I's jus' walkin' round good pa come in from the field at night and taken me out of bed and dress me and feed me and then play with me for hours. Him bein' leader, he's gone from 'fore day till after night. The old heads got out early but us young scraps slep' till eight or nine o'clock, and don't you think Massa Dave ain't comin' round to see we is fed. I 'members him like it was yest'day, comin' to the quarters with his stick and askin' us, 'Had your breakfas?' We'd say, 'Yes, suh.' Then he'd ask if we had 'nough or wanted any more. It look like he taken a pleasure in seein' us eat. At dinner, when the field hands come in, it am the same way. He was sho' that potlicker was fill as long as the niggers want to eat. "The hands worked from sun to sun. Massa give them li'l crops and let them work them on Saturday. Then he bought the stuff and the niggers go to Jefferson and buy clothes and sech like. Lots saved money and bought freedom 'fore the war was over. "We went to church and first the white preacher preached and then he larns our cullud preachers. I seed him ordain a cullud preacher and he told him to allus be honest. When the white preacher laid his hand on him, all the niggers git to hollerin' and shoutin' and prayin' and that nigger git scart mos' to death.

For some reason, which may be either arrogance or apathy, the British are very slow to state their case to the world. At present the reasons for our actions and the methods which we have used are set forth in many Blue-books, tracts, and leaflets, but have never, so far as I know, been collected into one small volume. In view of the persistent slanders to which our politicians and our soldiers have been equally exposed, it becomes a duty which we owe to our national honour to lay the facts before the world. I wish someone more competent, and with some official authority, had undertaken the task, which I have tried to do as best I might from an independent standpoint.

If you've ever pondered that interval of time Between the Motion and the Act, you are not alone. So, entreat yourself to a potpourri of verse that swallows smoothly into the spirit; like sweet vermouth. Savor each word. Allow them to take you on a quiet journey into self. Destination: You. Souvenirs: A tote of smiles, tears, reflection, passion and a renewed sense of self and what it means to just...simply love.

This is an exploration of the potent blend of Arthurian legend, cartoon animation, and cultural and artistic trends from 1933 to the present. In more than 170 theatrical and televised short cartoons, televised series and specials, and feature-length films from The Sword in the Stone to Shrek the Third--all covered in this book--animators have repeatedly brought the Round Table to life.

Although these productions differ greatly in tone and intent--spanning spectra from comic to sober, fantastic to realistic, and entertaining to edifying--they share in the proof of Camelot's continuing relevance in the modern world.

Shakespeare's Big Men examines five Shakespearean tragedies - Julius Caesar, Hamlet, Othello, Macbeth, and Coriolanus - through the lens of generative anthropology and the insights of its founder, Eric Gans. Generative anthropology's theory of the origins of human society explains the social function of tragedy: to defer our resentment against the "big men" who dominate society by letting us first identify with the tragic protagonist and his resentment, then allowing us to repudiate the protagonist's resentful rage and achieve theatrical catharsis. Drawing on this hypothesis, Richard van Oort offers inspired readings of Shakespeare's plays and their representations of desire, resentment, guilt, and evil. His analysis revives the universal spirit in Shakespearean criticism, illustrating how the plays can serve as a way to understand the ethical dilemma of resentment and discover within ourselves the nature of the human experience.
