David Sloan Wilson believes that evolution is not just a description of how we got here. He says it can also be a tool kit for improving how we live together. He's taken what he's learned in studying evolution in animals and is now applying it to the behavior of groups in his hometown of Binghamton, New York.

David Sloan Wilson. One of the great intellectual battles of modern times is between evolution and religion. Until now, they have been considered completely irreconcilable theories of origin and existence. David Sloan Wilson's *Darwin's Cathedral* takes the radical step of joining the two, in the process proposing an evolutionary theory of religion that shakes both evolutionary biology and social theory at their foundations.
