

*Grade 11 Common Paper Of Economics In 2014 March Free State*

Abstract. All economic analysis is about institutional behavior the behavior of decision-making processes such as markets, firms, political processes and courts. In turn, when economists bring these insights about institutional behavior to the analysis of law and public policy, they focus on institutional choice such as the choice between markets and political processes (the regulation issue), the choice between markets and firms (issues of industrial organization) and the choices between ...
