Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every corner of the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, Across Asia on the Cheap. This was quickly followed by what soon became the backpackers' bible, South-East Asia on a Shoestring. Going boldly where no other travel publisher had ventured, they catered to a new generation of independent, budget-conscious travelers long before the advent of mass tourism. Unlikely Destinations: The Lonely Planet Story is a unique mix of autobiography, business history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of their travel guide business into the world's largest independent travel publishing company. Not surprisingly, after thirty years in the business the Wheelers have an unrivalled set of anecdotes which they share in Unlikely Destinations: The Lonely Planet Story. They have been hassled by customs, cheated by accountants, let down by writers, banned in Malawi, berated for their Burma guide and had books pirated in Vietnam. Tony has been gored by a cow in Benares, declared dead around the world in an assortment of gruesome and greatly exaggerated accounts and their company has been accused of the "Lonely Planetization" of the world. Through it all, from the heady days of discovery in the '70s to the rocky patch after the September 11th terrorist attacks, the Wheelers' passion for the planet and traveling certainly hasn't diminished, and comes shining through in this enthralling travelogue. But above all, their memoir reveals the spirit of adventure that has made them, according to the New York Daily News, "the specialists in guiding weird folks to weird places."

The Norte Grande of Chile, the world's driest desert, had 'engendered contemporary Chile, everything that was good about it, everything that was dreadful,'" writes Ariel Dorfman in his brilliant exploration of one of the least known and most exotic corners of the globe.

For 10,000 years the desert had been mined for silver, iron, and copper, but it was the 19th-century discovery of nitrate that transformed the country into a modern state and forced the desert's colonization. The mines' riches generated mansions and oligarchs in Chile's more temperate region - and terrible inequalities throughout the country. The Norte Grande also gave birth to the first Chilean democratic and socialist movements, nurturing every major political figure of modern Chile from Salvador Allende to Augusto Pinochet. In this richly layered personal memoir, illustrated with the author's own photographs, Dorfman sets out to explore the origins of contemporary Chile - and, along the way, seek out his wife's European ancestors who came years ago to Chile as part of the nitrate rush. And, most poignantly, he looks for traces of his friend and fellow 1960s activist, Freddy Taberna, executed by a firing squad in a remote Pinochet death camp.

Presents a general overview of Jamaica; provides recommendations for food, lodging, activities, and attractions for each area of the country; and offers essential travel information.

The popular LGBTQ advice columnist and writer presents a memoir-in-essays chronicling his journey growing up as a queer, mixed-race kid in America's heartland to becoming the "Chicano Carrie Bradshaw" of his generation.

A breathtaking celebration of Instagram's premier solo female travel community, featuring 200 striking photographs—most of them all-new—plus empowering messages and practical tips for solo travelers. “For those with passports full of stories, this book carries you away to every dreamy corner of the earth. I can’t stop flipping through these visually incandescent pages to see where I’m capable of traveling to next!”—Caila Quinn, The Bachelor contestant and lifestyle and travel influencer From backpackers in Peru to artists in Berlin to storytellers in Morocco, Dame Traveler celebrates the diversity and bravery of women from around the world who are not afraid to think (and live) outside the box. The revolutionary Dame Traveler Instagram account was founded by Nastasia Yakoub, who was born into a strict Chaldean-Middle Eastern community where women are expected to marry young and put aside other personal ambitions. But at the age of twenty, Nastasia embarked on a solo trip to South Africa to volunteer at an orphanage in Cape Town, which sparked a love of world travel. Recognizing a void in the travel industry, she founded Dame Traveler, the first female travel community on Instagram, now more than half a million strong. Nastasia herself has traveled to sixty-three countries on solo adventures, sharing colorful photos of her tantalizing travels along the way. Dame Traveler celebrates these women with a photographic collection of 200 stunning images paired with inspiring captions, 80% of which have never been seen on the Instagram account. Organized into sections on architecture, culture, nature, and water, each entry features travel information, plus tips, advice, unique solo-travel experiences, and wisdom from contributing globe-trotters to embolden the next generation of Dame Travelers.

A lush journey through Cuba, its paladars, and its flavorful cuisine For Cubans, food is a complex story—a tapestry of love and loss woven so deeply into their culture that it goes well beyond that of history or sustenance. Gershman, who’s love affair with Cuba began long before her first visit, takes you along on a photojournalistic journey through the streets of Cuba and its paladares through her stunning photographs of the country’s glorious sights, the lively people, and, of course, the amazing variety of food. Much more than a cookbook, Cuban Flavor is an introduction to a revolutionary era of Cuban cuisine: a new frontier. Growth and transition foster the seed of invention and innovation, and these shifts often begin with food. From the succulent spiced meat of the national Ropa Viejo, simmered in a tomato-based criollo sauce, to the sweet and sticky Arroz Con Leche or the local favorite, Flan served in a soda can, Cuban cuisine has something for every palate. Pair these delights with a warm, sultry night, an old convertible, and a jazz band, and sit back as you fall deeply in love again . . . or for the very first time. This visually arresting volume features more than fifty Cuban recipes, from appetizers to main courses and drinks to desserts. Along with color photographs of the dishes, you’ll also get to meet the people who create them. This remarkable volume offers a taste of the little-known culture to a public that has long been deprived of its intoxicating flavors.

Describes points of interest throughout the city, suggests walking tours, offers advice on shopping, and recommends hotels and restaurants.
