PHYSICAL ASSESSMENT EXAMINATION STUDY GUIDE Nursing Assessment

Traditional assessment is extremely competitive and individual but discussion requires multiple people working together. If students are competing against each other they will not be able to work well as a group. The assessment needs to encourage the quality learning of material while at the same time discouraging undesired learning practices.

Discussion in the Classroom: Why to Do It, How to Do It ...

Briefly reiterate the research problem you are investigating and explain why the subject of analysis around which you designed the case study were used. You should then describe the findings revealed from your study of the case using direct, declarative, and succinct proclamation of the study results.
