Being a Royal Navy Mine Clearance Diver means you're part bomb disposal master, part sub-aqua specialist. Because there's only a handful of divers on any ship, you'll form close bonds with your team and be central to their – and your crewmates' – safety. This is one of the most physically demanding roles in the Royal Navy.

Mine Clearance Diver | Royal Navy Jobs | Surface Fleet

Ships' Divers are to disappear entirely from the Royal Navy in 2006, to be replaced by roving CD Teams that will accompany deployment groups. All Ships Diver training stopped as of 1st Oct 2005. Divers: Stages and standards So, you've decided to join the Royal Navy as a Mine Clearance Diver, but before you can start your career, you need to pass a series of physical tests. Get through these and you can begin your Royal Navy journey. To help you prepare, here are the three stages that you will have to complete.

Royal Marines Diver | Stage 4. Basic Training | Royal Navy

Tony Groom joined the Royal Navy at the age of 17, determined to become a diver. As a member of the Fleet Clearance Diving Team, he found himself diving for mines, dealing with unexploded bombs and being shot at in the Falklands War. He left the Navy in 1985 and has since traveled the world as a commercial diver.

For nearly 75 years until 1996, the site was dedicated to training clearance divers and the home of the Royal Navy's world-leading mine warfare specialisation. Despite the long, proud history of HMS Vernon, there was no memorial on the site to mark its naval history and, in particular, recognise the men who trained and served there.

Divers and mine warfare memorial unveiled in Portsmouth

An old unexploded bomb from World War II has been detonated by a team of Britain's Royal Navy scuba divers in the sea of an island in the English Channel, Guernsey. On Sunday, November 15, the Royal Navy officials visited the site and carried out a formal inspection of the device after which it was decided that it would be disposed off by carrying out a controlled detonation of the World War ...

A Letter from the Chairman. Since the formation of the Royal Navy Clearance Divers Association (RNCDA) back in January 2012, the Association has seen its ranks swell to a healthy membership of close to 600 members. For the RNCDA to be a success, it relies on serving and former Royal Navy Clearance Divers along with our extremely generous benefactors, sponsors and associate members to support the committee and the aims and objectives of the Association.
