"door of thin skins is a perfect title for Shira Dentz's latest work. In this fever dream of a book, Dentz's language is like a spirit who can pass through the scrimms of time and perspective, but not unscathed. These poems are the toll. She sings what fails to kill us." (Cornelius Eady)

of thin skins is a tale that unfolds in a psychotherapist's and a state prosecutor's office and the mind of the poet regarding it all— door of thin skins deconstructs the nature of psychological power through a reconstruction akin to a psychological diorama. The book's events, narrated by a young woman in psychotherapy, unfold in non-chronological sequence, and recurring phrases, images, and events unify and deepen the narrative

Door of Thin Skins by Shira Dentz is more an artistic display of raw emotion than a collection of poems. Part visual art, part narrative story, the book traces the consequential turmoil of a young woman's life after she was sexually preyed upon and mentally harangued by her therapist. But it is more than simple prose.

...

Shira Dentz's door of thin skins narrates a fairy-tale-like story, "perhaps / a fairy tale," of a young woman's trials with her shapeshifting psychotherapist, Dr. Abe. Part lizard, part whale, part Macy's Day balloon, Dr. Abe is a big man with narrow tongue, "but really it was such a narrow tongue." Dr. Abe's office is a veritable forest with its brambly hedges, placid buffalos, quick meadows, and spider plants.

prose—confused, astonished, active, and passive—set in 1980s New York. It is the harrowing story of the abuse of a young woman by her much older, married therapist, and a book that benefits from multiple reads. Because Dentz's sense of disorientation is such a central part of the narrative, the first read positions the reader.
