QUICK GUIDE***

Open view hd installation for existing top TV dish can be done by connecting the cable from the dish to the LNB-IN port. To activate the OVhd decoder, dial *120*6843*1# on your cellphone and then follow the prompt. However, if you already have a satellite dish and would like to install and activate your decoder, please follow the following steps:

***Easy Guide To Install
Ovhd On DStv & other
satellite dish ...***

When you receive your DSTV dish, you will notice that it comes with four cement screws. The first step will be to drill four holes into the base of the antenna mast, relevant to the mounting location, which will need an unobstructed view pointing to the Eastern part of the sky. You will then screw these cement screws into the drilled holes.
