

## Edexcel Textbooks Qualifications Student

A new series of bespoke, full-coverage resources developed for the 2015 GCSE Mathematics qualifications. Endorsed for the Edexcel GCSE Mathematics Foundation tier specification for first teaching from 2015, our Homework Book is an ideal companion to the Edexcel Foundation tier Student Book and can be used as a standalone resource. With exercises that correspond to each section of the Student Book, it offers a wealth of additional questions for practice and consolidation. Our Homework Books contain a breadth and depth of questions covering a variety of skills, including problem-solving and mathematical reasoning, as well as extensive drill questions. Answers to all questions are available free on the Cambridge University Press UK Schools website.

Whiteboard eTextbooks are online, interactive versions of the printed textbooks that are ideal for front-of-class teaching and lesson planning. The Whiteboard eTextbooks link seamlessly with MEI Integral Further Mathematics online resources, allowing you to move with ease between corresponding topics in the eTextbooks and Integral. Integral has been developed by MEI and supports teachers and students with high quality teaching and learning activities, including dynamic resources and self-marking tests and assessments that cover the new specifications. To have full access to the eTextbooks and Integral resources you must be subscribed to both Dynamic Learning and Integral. To subscribe to Integral, visit [www.integralmaths.org](http://www.integralmaths.org). For more information on our eTextbooks and Integral please see the Quick Links box. Provide full support for the Edexcel Decision content of the new specification with worked examples, stimulating activities and assessment support to help develop understanding, reasoning and problem solving. - Help prepare students for assessment with skills-building activities and fully worked examples and solutions tailored to the changed criteria. - Build understanding through carefully worded expositions that set out the basics and the detail of each topic, with call-outs to add clarity. - Test knowledge and develop understanding, reasoning and problem solving with banded Exercise questions that increase in difficulty (answers provided in the back of the book and online). - Gain a full understanding of the logical steps that are used in creating each individual algorithm - Encourages students to track their progress using learning outcomes and Key Points listed at the end of each chapter.

Exam Board: Edexcel Level & Subject: International GCSE Biology and Double Award Science First teaching: September 2017 First exams: June 2019

Endorsed for Edexcel. Provide structured support and extra practice with a wealth of problem-solving and exam-style questions, in this fully updated edition written by an author team experienced in teaching and examining. - Enables students to maximise their grade potential and develop their exam skills with 700 exam-style questions. - Supports you and your students through the new specifications with over 100 additional questions addressing every part of the new syllabus such as the increase in Algebra. - Helps build problem-solving and mathematical reasoning skills with a dedicated chapter covering all topics and subject areas, with new questions to challenge the most able students. - Offers support for Higher tier students during their course and when revising for exams.

Pearson Edexcel A Level Geography Book 1 Fourth Edition

This Student Book provides a grammar-led approach with extensive exam preparation to develop

independent, culturally aware students of German, ready for the exam. This book is endorsed by Cambridge International Examinations for the latest IGCSE® (0525) and International Level 1/Level 2 Certificate (0677) syllabuses. Extensive use of German reflects the style of the exams and, with specific advice and practice, it helps students use the acquired skills to their best ability. Topics on German-speaking cultures are integrated throughout to ensure students gain the cultural awareness that is at the heart of this qualification. - Develop students' ability to use German effectively - Stretch and challenge students to achieve their best grades - Ensure the progression required for further study at A-level or equivalent - Provide insight and encourage a positive attitude towards other cultures The book provides up-to-date content following a clear sequencing of topics designed specifically for teaching German at this level. It is designed to develop spontaneous, confident linguists who are able to progress to further study of German. - Teacher Resource + Audio-CDs (ISBN 9781471833076) includes all recordings and transcripts together with detailed guidance, editable vocabulary lists, cultural PowerPoints and interactive quizzes - Grammar Workbook (ISBN 9781471833182) Vocabulary is also available online at Vocab Express, an interactive learning application Visit [www.vocabexpress.co.uk/hodder](http://www.vocabexpress.co.uk/hodder) for more information.

Engineering A Level covers each of the compulsory AS and A2 units from Edexcel in a dedicated chapter. Full coverage is given to the three units required at AS Level, and the 3 additional A2 units required for completion of the A Level award. Students following the GCE courses will find this book essential reading, as it covers all the material they will be following through the duration of their study. Knowledge-check questions and activities are included throughout, along with learning summaries, innovative 'Another View' features, and applied maths integrated alongside the appropriate areas of engineering study. All examples relate directly (and exclusively) to engineering practice, to emphasise application of theory in real-world engineering contexts. The result is a clear, straightforward and easily accessible text. The book offers a valuable insight into various areas of engineering technology and related industries, providing a potential springboard to further training, eventual progression to qualifications within higher education, or to suitable employment within the engineering sector. A companion website offers a variety of student resources providing practical assignments to supplement the material in the textbook, including using CAD / CAM, computer modelling (using spreadsheets), and Visio templates, shapes and symbols available for download. Mike Tooley is formerly Director of Learning at Brooklands College, Surrey, and is the author of many best-selling engineering and electronics books.

Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business; clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

Expertly structured Student Book for Edexcel GCSE (9-1) French (higher tier). Designed to help learners use language independently and to the best of their ability, with fresh and engaging content from the target language culture.
