Educational Administration Theory Research And
One of the most widely read books in educational
leadership, Educational Administration uses a systems
perspective to synthesize the relevant theory and
research on organizational behavior and focuses on
understanding and applying theory to solve problems of
practice. With each new edition, the latest research and
theory are incorporated into the analysis of teaching,
learning, and leading.

Read PDF Educational Administration Theory Research And Practice Second Edition

Educational Administration: Theory, Research, and Practice ...

With each new edition the latest research and theory are incorporated into the analysis of teaching learning and leading. Educational Administration helps future administrators understand the content and context of schools remember key ideas and principles and apply and practice those principles as they lead.
