The text's unique approach moves seamlessly between theory and application, helping students understand concepts by examining their own learning and then showing them how to apply these concepts as teachers. The 10th Edition reflects the most current research on learning, development, motivation, and assessment. It features extensive and integrated coverage of diversity, technology, contexts of learning, and neuropsychology.

Educational Psychology: Developing Learners, 10th Edition

From renowned educational psychologist, Robert Slavin, the Tenth Edition of this popular text translates theory into practices that teachers can use in their classrooms with deeper inquiry into the concept of intentionality and a thorough integration of standards. This new edition highlights the most
