CMS allows an EP to designate a third party to

register and attest on his or her behalf. To do so, users working on behalf of an EP must have an Identity and Access Management System (I&A) web user account (User ID/Password), and be associated with the EPs National Provider Identifier (NPI).

Promoting Interoperability Programs Milestones. In 2011, CMS established the Medicare and Medicaid EHR Incentive Programs (now known as the Promoting Interoperability

Programs) to encourage eligible professionals (EPs), eligible hospitals, and CAHs to adopt, implement, upgrade (AIU), and demonstrate meaningful use of certified electronic health record technology (CEHRT).

~~Promoting Interoperability Programs~~ | CMS

The provider is then asked to attest to the Medicaid patient volume thresholds and EHR details including their EHR Status and EHR Certification number. Organization NPI is needed to include organizational encounters. For

FQHC/RHC, Charity Care and Sliding Fee Scale encounters are needed in addition to the Medicaid encounters.
