Electronic » Experimental
Electronic Electronic is a broad designation that could be construed to cover many different styles of music -- after all, electronic instrumentation has become commonplace, and much dance-oriented music from the late '80s on is primarily, often exclusively, electronic.

~~Experimental Electronic Music Genre Overview | AllMusic~~

The term "experimental music" was used contemporaneously for electronic music, particularly in the early musique concrète work of Schaeffer and Henry in France (Vignal 2003, 298). There is a considerable overlap between Downtown music and what is more generally called experimental music, especially as that term was defined at length by
