

English File Elementary Multipack B

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand,

we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

"Just when you thought it couldn't get any better!" A new edition of the best-selling English File - the best way to get your students talking. A blend of completely new lessons, updated texts and activities,

Simple, needs-related grammar presented on a need-to-know basis, to help learners start communicating immediately. Vocabulary relevant to practical work situations. Short, interactive speaking tasks enable learners to use new language in hands-on contexts such as explaining purpose and giving instructions. Regular reviews and updates Real help in telephoning, socializing, and reading technical information. Survival skills such as getting directions, changing money, and ordering food, plus games and other fun activities.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without

Get Free English File Elementary Multipack B

money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

As the Lonely Fly is a profoundly moving novel from one of Australia's most gifted storytellers. Shining a light on the dispersal of peoples and the intertwined fates of Jews and Palestinians, it is a story with deep contemporary resonance. Three remarkable women — an American immigrant, an ardent Israeli and a fearless revolutionary — lend three very different perspectives on the creation of Israel and its impact on Palestinians. In 1967, the American actor Marion Arkin visits her niece Zipporah, three months after the Six Day War in which Israel seized the Gaza Strip from Egypt, the West Bank from Jordan, and the Golan Heights from Syria. Marion has never visited Israel before, but she has ties there that are neither easy to break nor which she fully comprehends. Years before, when Marion migrated to America, her older sister Clara left for British Palestine. Reborn as Chava, the Hebrew word for life, she joins a group of pioneer Zionists. But Chava is soon uneasy about Jews taking work from Arabs and usurping their land. With her closest comrades, she finds herself at odds with Zionism, imprisoned for supporting the Arab riots and deported back to Russia. Unlike Clara, Zipporah remains a devoted Zionist.

She has smuggled in refugees from Europe and seen Israel become a nation. Proud of that struggle, she shows Marion all that she can of the victorious new country. But the memory of Clara, who may be still alive somewhere, hovers between them, leaving Marion to reconsider her uncritical allegiance to the Jewish state.

100% new. New Practical English video, featuring authentic interviews with real people. Shorter syllabus for Beginner-level students.
