

Family Law Memo Papers

This reference guide to Australian family law explains legislation, relevant case law, and legal procedures, aimed at a wide audience of lawyers, counsellors, finance industry professionals, and students. Specialist chapters have been grouped into the areas of the family law legal system and practice; children; property; financial agreements; financial support for children; de facto relationships; and court processes, evidence and costs, and discusses issues including allegations of parental alienation syndrome, family violence, mental health problems and drug abuse. Since the preceding edition, significant changes have occurred relating to de facto relationships, regarding property, financial agreements and spousal maintenance for both heterosexual and same sex couples. Chapters have been updated, and include: Commonwealth, states, family law legislation and courts, by John Fogarty; Legal practice matters: client interview and drafting affidavits, by Genevieve Dee; Divorce, by Louise Hennessy; Shared parental responsibility, by Anne-Marie Rice; Dispute resolution and family relationship centres, by Anne-Marie Rice; Parenting orders, plans and guidelines, by Anne-Marie Rice; Principles the court must consider when conducting child-related proceedings, by Karen Williams; Major long-term issues, by Anne-Marie Rice; Child abduction, by Anne-Marie Rice; Order enforcement and non-compliance in children's cases, by William Keough; Children and relationship factors, by Renata Alexander; Property and the four-step process, by Jacqueline Campbell and Grant T Riethmuller; Maintenance, by Jacqueline Campbell; Bankruptcy and third parties, by Stephen Mullette; Corporations and trusts, by Louise Hennessy; Taxation considerations; Property orders, by Chris Othen; Superannuation, by Jacky Campbell with Shane Williams; Financial agreements, by Jacky Campbell and Luke Seivers; Child support and maintenance, by Grant T Riethmuller; De facto relationships; Evidence, by Genevieve Dee; Court procedure, by Chris Othen; Costs, by Suzanne Dowe and updated by Peter Trimbos.

This book includes some of the papers presented and discussed at the European Regional Conference of the International Society of Family Law (ISFL), held in Tossa de Mar and Girona on the 9th and 10th of October 2003.

The Europeanisation of International Family Law

In the midst of exclamatory headlines that depict society in a litigation frenzy, such as Son Sues to Divorce His Mother, Surrogate Mother Refuses to Turn Over Baby and Facebook Divorces on the Rise, Statsky's FAMILY LAW, 7E helps you accurately understand the state of family law today and your role, as a paralegal, within it. You examine issues truly impacting family law, such as no-fault divorce, the women's movement, and the impact of science and technology on concepts of parentage. This edition also addresses recent changes, such as new mechanisms for pursuing parents not paying child support and the court's support of unmarried fathers seeking to undo their children's adoptions. In addition to presenting fundamental principles of family law and current nationwide legal practices, this edition offers state-specific assignments for applying family law in your local area. Legal analysis exercises, real forms, documents and cases further prepare you to work with the actual tools and processes family law professionals use today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book provides a comparative account of the abolition of concubinage in East Asia, offering a new perspective and revised analysis of the factors leading to – and the debates surrounding – the introduction of a new Marriage Reform Ordinance in Hong Kong in 1971. It uses this law as a platform to examine how the existence of concubinage – long preserved in the name of protecting Chinese traditions and customs — crucially influenced family law reforms, which were in response to a perceived need to create a 'modern' marriage system within Hong Kong's Chinese community after the Second World War. This was, by and large, the result of continued pressure from within Hong Kong and from Britain to bring Hong Kong's marriage system in line with international marriage treaties. It represented one of the last significant intrusions of colonial law into the private sphere of Hong Kong social life, eliminating Chinese customs which had been previously recognised by the colonial legal system's family law. This book contextualizes the Hong Kong situation by examining judicial cases interpreting Chinese customs and the Great Qing Code, offering a comprehensive understanding of the Hong Kong situation in relation to the status of concubines in Republican China and other East Asian jurisdictions. It will be of particular interest to teachers and students of law, as well as researchers in gender studies, post-colonialism, sociology and cultural studies.

This popular and long-established text provides an insightful and comprehensive account of a fascinating and dynamic subject. In addition to dealing with the intricacies of the substantive law, the text considers the wider social and policy issues, the current family law debates, and proposals for reform. This new edition has been revised and updated to include all the recent statutory and case-law developments in family law, as well as discussions for reform. The user-friendly layout highlights cases and statutes in separate boxes, and includes helpful summaries at the end of each chapter. Suggestions for further reading and lists of useful websites are also provided. Family Law is essential reading for law students taking undergraduate modules on family law. Students on child law, social work, social policy and health care courses will also find it invaluable, as will postgraduates and those studying the subject for professional purposes.

No other reference analyzes the origins, development, programs, publications, and political

action of 180 major American organizations concerned with women's issues in such depth. Over 100 experts give an overview of how national women's groups of all kinds and representing varied and broad segments of society have had an impact on a wide array of public policy issues in Washington in recent years. An introduction provides a content analysis, general background, and historical sketch for the profiles, which are arranged alphabetically. An appendix describes six government agencies of primary importance in handling women's issues, as agenda setters and bridges. A second appendix consists of the questionnaire which was sent to each organization covered in the volume. The alphabetically arranged profiles cover organizations with all types of goals and concerns, different racial and ethnic identification, church and temple affiliations: civil, elderly, professional, and occupational associations; social and sorority groups; labor and business organizations; not-for-profit and for-profit groups; research centers; and both partisan and nonpartisan organizations. Students, teachers, professionals in governmental and nongovernmental agencies, researchers, and citizen activists will find that this handy sourcebook is a treasury of authoritative information about how private citizens work to affect national policy and legislation in essential ways.

A Comparative Analysis of Delinquency Prevention Theory

Family Law for Paralegals, Fourth Edition

Focused squarely on the California Family Code, California Family Law integrates statutory law and judicial interpretation into a cohesive general discussion of all aspects of the state's family law. Its practical, straightforward approach is designed to teach the basics to students, and powerful pedagogy makes it stand apart from most books on California Law. Chapter Overviews and Summaries, exercises, Key Terms, and a glossary combine with examples of all the key Judicial Council forms used in the practice of family law in California. Comprehensive coverage explores all the key topics and developments in this constantly evolving area of the law. New to the Eighth Edition: The name change from California Family Law for Paralegals to California Family Law reflects the broad appeal this book has long had for law school courses and law offices as well as paralegal programs. Teachers and students at all levels appreciate the carefully constructed pedagogy, while all users value the integration of statutory law and judicial interpretation in a practical, comprehensive approach. Additionally, the Eighth Edition: Reflects changes in statutes Spousal support, domestic violence, child support factors, child abuse are but a few of the areas in which the law has recently changed Discusses important case law in-depth Each section discusses not just the statutory law, but controlling case precedent as well Entire case opinions are included as appropriate to give the reader an in-depth exposure to the court's reasoning Integrates updated forms The judicial council forms are mandated by the Legislature for use on almost every aspect of this practice. This text discusses in detail these forms and provides updated versions for ease of instruction Professors and student will benefit from: Focus on the California Family Code, including integrating statutory law and judicial interpretation, and providing a cohesive discussion of all aspects of family law. Powerful pedagogy that surpasses most books on California law, including chapter overviews and summaries, exercises, key terms, glossary and more. Thorough updates, including new case and statutes, and completely updated forms. Helpful features such as chapter overviews and summaries, exercises, key terms, and more. Key forms that students will encounter in practice.

The 2011 Interdisciplinary Conference held at Dartington Hall assembled a uniquely qualified group of contributors, drawn from the many professions involved in the work of the family justice system. This book brings together their papers and is essential reading for all those involved in the family law field. Thanks to Bridget McCrum for use of 'Sleeping Bird' 2006 at the entrance to Dartington Hall.

Newly revised in its Fourth Edition, the popular text; Family Law for Paralegals offers a complete coverage of the basics of family law, combined with historical context and insight in topics of current interest. Engaging students with real-life examples and practical exercises centered on hot issues will induce excitement in the classroom and subsequently evoke a passionate response to the material covered in lecture. Instructors choose Family Law for Paralegals because: * this thoughtful and carefully written textbook offers paralegal students the nuts-and-bolts of the law, while also providing a relevant historical framework and exposure to some of the most dynamic issues in family law today* short historical overviews in each chapter give students a meaningful understanding of family law* comprehensive in coverage, the book covers basic coverage of the issues of marriage and divorce, as well as cutting-edge issues such as non-marital families, child abuse and neglect, and same-sex marriage* helpful real-life examples enhance the textual discussions while sample forms show students what they will encounter in practice* clear pedagogy--including summaries, key terms, and review and discussion questions--helps students better understand the material and develop their critical thinking and writing skills* a range of assignments in each chapter provides students with the opportunity to practice different skills including research, analysis, memo writing, and argumentation* the Instructor's Manual includes teaching tips and a Test Bank Exciting changes to this Fourth Edition include: * new cases that keep the book fresh in its Fourth Edition* Internet references in each chapter* updated topical coverage, with important new developments, particularly in the areas of gay/lesbian rights and nontraditional families Family Law for Paralegals, Fourth Edition uses clearly-written text and well-crafted pedagogy to make the material easily accessible to students, while a comprehensive educational package supports the instructor's efforts give

their students a thorough understanding of family law as it applies today. An author website to support classroom instruction using this title is available at http://www.aspenlawschool.com/ehrllich_familylaw4
The second edition of this comprehensive guide to family law, presents everything an undergraduate family law student needs in one volume. Drawing on their extensive experience, the authors offer a detailed and authoritative exposition of family law illustrated by materials carefully selected from a wide range of sources. The book has two principal aims: to provide readers with a thorough understanding of the law relating to the family, and to do so in a way that stimulates critical reflection on that law. Readers are encouraged to consider how and why the law has developed as it has, what policies it is seeking to pursue, whether it achieves the right balance between the rights and interests of individual family members and the wider public interest, and how it operates in practice. The text is supported by a substantial Online Resource Centre, which features regular updates on the law, supplementary materials, further reading suggestions, and study aids. The ORC also features two chapters, Introduction to Family Law, and Fundamental principles in the law relating to children.

California Family Law for Paralegals

Australian Master Family Law Guide

Dear David

Hearing Before the Committee on the Judiciary, United States Senate, One Hundred Ninth Congress, Second Session, January 9-13, 2006

The Eighth Edition of Family Law for Paralegals continues to provide complete coverage of traditional family law topics with historical context and dynamic cutting-edge issues—such as non-marital families, child abuse and neglect, and same-sex marriage. J. Shoshanna Ehrlich's balanced approach prepares students to handle the work of a paralegal through examples, assignments, and sample forms that mirror legal practice. New to the Eighth Edition: Meticulously updated with new cases and developments in the law throughout the book, including new material on: Marriage (Ch. 1) includes new sections on: The retroactive application of Obergefell v. Hodges to backdate marriages of same-sex couple to when they would have married had it been allowed The debate over whether merchants can refuse to provide wedding-related services and goods to same-sex couples based on religious objections Whether the marriage consent age should be raised to protect minors from being forced into marriage against their will. Domestic Violence (Ch. 3) now covers: The use of electronic monitoring in domestic violence cases The possibility of allowing minors who are being forced into marriage to obtain civil orders of protection. Employer-initiated restraining orders Children coverage expanded to include: In Chapter 5, new sections on the appointment of attorneys to represent children in contested custody disputes and considerations of parental disability in best interest determinations In Chapter 11, new section on same-sex couples and the establishment of legal parenthood In Chapter 12, consideration of the emergence of medical child abuse and forced marriage as new categories of harm; expanded definitions of abuse and neglect, including medical child abuse and forced child marriage; and new section on "legal orphans" and the reinstatement of parental rights. Economic Issues updated with: New section in Chapter 6 on the due process rights of low-income parents in civil contempt cases for non-payment of child support. Chapter 7 expanded to include the backlash against "permanent" spousal support awards and the tax treatment of spousal support payments. Coverage of virtual assets in Chapter 8 Professors and students will benefit from: Helpful real-life examples and sample forms Clear pedagogy—including summaries, key terms, and review and discussion questions—helps students better understand the material and develop their critical thinking and writing skills. Included cases edited for analysis at the end of each chapter. Classroom-tested, successful text that is authoritative and well-structured. A variety of assignments for practicing lawyering skills, such as research, analysis, memo writing, and argumentation Up-to-date coverage of all the key topics in family law. Text, Cases, and Materials

California Family Law

General Report of the Legislative Council to the Legislature

Presented in an accessible format, this text provides a detailed and authoritative exposition of the law, illustrated by carefully selected materials and complemented by clear and engaging commentary drawing on a range of critical and theoretical perspectives.

California Family Law for Paralegals is the only textbook for paralegals that focuses specifically on California family law. In its fifth edition, this straightforward textbook continues to provide California paralegal students with a practical framework for examining the full range of family law issues under California law. Among the characteristics that make this text the perfect choice for teaching California family law: A practical, straightforward approach designed to teach the basics to paralegal students. A focus on the California Family Code, integrating statutory law and judicial interpretation into a cohesive general discussion of family law and its various aspects. Examples of all the key Judicial Council forms used in the practice of family law in California Unlike other California-specific books, this book was written specifically as a teaching tool and offers a format that helps students learn, including Chapter Overviews and Summaries, Exercises, Key Terms, and a Glossary. Updated and completely current, The Fifth Edition includes: Revision of the text to reflect changes in the law, with new cases and statutes Completely updated forms Advice on how technology can make family law practice more effective Completely updated Instructor's Manual A new, streamlined organization with shorter, more teachable chapters The only text of its kind, California Family Law for Paralegals offers comprehensive coverage—in a readily accessible format—of all the key topics and developments in this ever evolving area of the law.

Confirmation Hearing on the Nomination of Samuel A. Alito, Jr., to be an Associate Justice of the Supreme Court of the United States

The Role of Self-determination in the Modernisation of Family Law in Europe

Choice of law determines which national legal system applies to an international case. Currently many choice of law rules in the field of family law are regulated by national law. However, these national rules of the EU Member States are more and more displaced by common European rules. This book describes the changes brought by the Europeanisation of the choice of law on divorce. From the conclusions drawn in the field of divorce the concluding

chapter discusses the changes of Europeanisation of international family law in a broader perspective.

Relied on by generations of students and practitioners alike, Bromley's Family Law remains the definitive guide to the subject. Updated by experts in the area, Nigel Lowe and Gillian Douglas provide an accurate, detailed yet highly readable account of family law. The text presents a broad and comprehensive treatment of the key issues relating to adult and child law in a clear and distilled manner. Regular headings break up the text and allow easy navigation and quick reference for both students new to the subject and those in practice. The new edition has been fully edited and updated to take account of the latest case law and legislation, while also reflecting new debates and emerging issues in the area. Particular attention is also paid to the increasingly significant international dimension of family law, with a new chapter on this area added to the 11th edition.

Memorandum on the Law Commission's Working Paper No. 2

Fighting for Women's Economic Citizenship in the Neoliberal Era

Memorandum of Findings on Existing Custom Or Law, Fact and Opinion

Bromley's Family Law

In the 1970s, the divorce rate in the United States doubled, and longtime homemakers suddenly found themselves at risk of poverty, not only because their husband's job was their sole source of income, but also because their insurance, retirement, and credit worthiness were all tied to their spouse's employment. Divorce, American Style examines how newly divorced women and policymakers responded to the crisis that rising divorce rates created for American society. Suzanne Kahn shows that, ironically, rising divorce rates led to policies that actually strengthened the social insurance system's use of marriage to determine eligibility for benefits. Large numbers of newly divorced women quickly realized their invisibility within the American welfare state, which did not distribute benefits to most women directly but rather through their husbands. These newly divorced women organized themselves into a political force, and they were remarkably successful in securing legislation designed to address divorced women's needs. But this required significant compromise with policymakers, and these new laws specifically rewarded intact marriages, providing more robust benefits to women in longer marriages. These incentives remain in place today. Indeed, in the thirty years since this legislative compromise, activists' efforts to grapple with the legal system created out of this crisis have affected such high-profile debates as the fight over the Affordable Care Act and the battle for marriage equality. Divorce, American Style contests the frequent claim that marriage has become a more flexible legal status over time. Enduring ideas about marriage and the family continue to have a powerful effect on the structure of a wide range of social programs in the United States.
