Feminist Methodologies for Critical Researchers: Bridging...

Participatory action research (PAR) is an approach to research in communities that emphasizes participation and action.It seeks to understand the world by trying to change it, collaboratively and following reflection. PAR emphasizes collective inquiry and experimentation grounded in experience and social history.

Participatory action research - **Wikipedia**

Critical methodology calls into question dominant ideals of traditional social science research and seeks to reveal unjust processes that are otherwise assumed to be natural, necessary, or normal (Thomas, 1993). In particular, feminist methodology offers approaches for critical researchers to investigate gender inequality at various levels of society including the individual, interactional, organizational, and institutional. For a more comprehensive understanding of the ...

Mainstreaming Gender: An Examination of Feminist...

In the context of feminist research methodology, "ecology" suggests that feminist research is housed in various contexts. Most feminist researchers acknowledge that they are housed in particular academic disciplines and theories, and in crit cism of the disciplines. 6

Feminist Methodologies For Critical Researchers Bridging...

Feminist methodologies are varied, but tend to have a few common aims or characteristics, including seeking to overcome biases in research, bringing about social change, displaying human diversity, and acknowledging the position of the researcher. Questioning normal scientific reasoning is another form of the feminist method.

Feminist method - **Wikipedia**

When linking Black feminist theory to conducting fieldwork, researchers become equally as concerned with the research process as they are with the data they are collecting. Black feminist theory is critical social theory, and from this a researcher can craft a research methodology that aims to uncover the subjugated voices of their communities.
