The Brain on Fire: Inflammation and Depression ... Research and clinical studies have shown that interferon therapy can actually lead to depression in patients who have hepatitis C.

The Brain on Fire: Inflammation and Depression ...

Fire in the Brain is an eye-opening study of how our own brains can misinterpret the data of the senses, leading us to believe we've seen or experienced things that simply ain't so. The author, Ronald Siegel, was an associate professor at the UCLA School of Medicine when he wrote this book (1992).

Fire in the Brain: Siegel, Ronald K.: 9780525934080 ...

A gripping medical mystery with a unique personal voice, Brain on Fire is also the story of how one brilliant man, Syria-born Dr Najjar, finally proved – using a simple pen and paper - that Susannah's psychotic behaviour was caused by a rare autoimmune disease attacking her brain. His diagnosis of this little-known condition, anti-NMDA-receptor autoimmune encephalitis, saved her life and possibly the lives of many others.
