The Fires of Winter is a very absorbing, witty and sensual historical romance. Brenna Carmarham is not some simpering cowering maid, she has been raised by her father as a son. She may be a quarter of the size of a Viking but give her a sword and she might prove a match. Garrick is a Viking merchant who already had his heart broken by a woman.

"Fires" is a dark romance about the proud Celtic lady who is captured by Vikings and given as a slave to Garrick the Hardhearted, a merchant with a deep hatred of women. I say "dark" because "Fires" deals with some tough subjects: marauding and raping, slavery, infanticide, and quite a few deaths (human and animal alike).
