There is a great wealth of diversity in the business tort laws of all fifty states and the District of Columbia. The new 2020 Edition of Business Torts: A Fifty-State Guide helps you quickly assess the merits and pitfalls of litigation in any given jurisdiction allowing you to make the best decisions for your clients. In addition to the very significant differences in the statutes of limitation, other significant differences include: Some states have not recognized a cause of action for negligent interference with an economic advantage. Negligent misrepresentation in one state is limited to claims against persons in the business of supplying information to others. One state recognizes a cause of action for "strict responsibility misrepresentation." Another state recognizes claims of "prima facie tort" for wrongs that do not fit into traditional tort categories. And these are only a few examples of the more significant differences. Features of Florida Real Estate License Exam Prep (FL-RELEP): - Florida Practices & Law Key Point Review in the same 19 sections as the FREC 1 prelicense course (80 pages) - Real Estate Math Key Formula Review & Practice (20

pages) - 20 Practice Tests (575 questions with explanations also in FREC 1 order) - Florida License Exam Simulation (100 questions with explanations) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Florida Real Estate License Exam Prep (FL-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. First, FL-RELEP is comprehensive. It contains both extensive content review as well as testing practice. And the text review, unlike most competing books, is Florida-specific – not just simplistic national content, but terse, relevant and accurate state and national laws and regulations presented as a set of 'key point reviews' ideal for pre-test memorization. FL-RELEP precisely follows the official 50+ page Florida syllabus topic by topic in the correct ordered sequence. Consequently, the material serves as a more user-friendly review for students who have taken pre-license courses throughout Florida containing this required content and organization. FL-RELEP's key point reviews are a succinct compression of tested national principles and practices drawn from our own Florida textbook, Principles of Real Estate Practice in Florida – one of the most widely used principles textbooks in Florida. Finally, our review content and question selection is tailored to follow the state testing outline promulgated by the state of Florida. A word about the tests. The FL-RELEP's test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by the state of Florida. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass the Florida state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Florida exam. So good luck!!

The Destruction of the Life and Legacy of the He-Coon

Federal supplement. [First Series.]

This book conducts a comprehensive study of identity crime, which encompasses both identity theft and identity fraud, and tackles head-on the various facets of what is needed to deal with one of the fastest growing crimes around the world.

The "He-Coon" is former U. S. Congressman Bob Sikes, once the most powerful figure in Florida's Panhandle. When he died with a diagnosis of malnutrition and a new secret will surfaced, his daughter retraced his final years and the hijacking of his estate by his new, much younger third wife. She found that during the darkened, helpless final years of his long bout with Alzheimer's disease, Bob Sikes was

deprived of medical care, isolated from friends and family, and threatened with being sent to a nursing home if he didn't behave - which made him cry; meanwhile, his wife secretly transferred his assets into her name - with the help of his doctor (a state senator), his secretary, the town mayor, and her friends and her sister. During a decade of court battles, the children and grandchildren of the He-Coon learned that despite copious documentation of evidence, records, and perjury, despite legal precedents and statutes, justice follows political connections and deep pockets.
