You'll learn, through examples and clear explanations, the meanings of the different letter slants, zones, spacing, loops and more. Once you learn handwriting analysis, people will be asking you to tell them about themselves: what are their hidden potentials, abilities, and even fears? Here is a system that requires nothing

more than a piece of paper and a pen, a technique that can be done anywhere. To find out more you must get The Truth About Graphology. HANDWRITING & PALMISTRY is an innovative NEW CONCEPT that combines & interrelates the studies of handwriting & hands. This book will help the reader to uncover & develop inborn talents & abilities. It will also expose weaknesses & blind spots that when revealed may be corrected. The introduction provides general principles & histories of PALMISTRY & GRAPHOLOGY, the scientific name for HANDWRITING ANALYSIS. It is then followed by complete teaching manuals for both subjects that are richly embroidered with samples of handwritings, illustrations & handprints. Part Four of the book demonstrates the interrelating factors reflected in the handwriting & hands by showing samples of handwriting & handprints side by side, creating "personality profiles" for the various careers, such as "The Ideal Teacher," "The Go-Getter Personality," "The Dynamic Communicator," etc. This book will help people discover their avocations & natural abilities. Says the author: "Analyze your handwriting & hands & discover who you are & can be." This book points to the many areas where handwriting analysis is being applied today, such as in personnel & jury selection; to detect forgeries; in criminal & forensic science & as an adjunct to in-depth psychiatric testing & analysis. Palmistry is used as a means of identification by the F.B.I. & in forensic pathology as well as in genetic testing & research. The material in this volume is based on articles and a series of talks presented to members of the American Handwriting Analysis Foundation by the late Israeli psychologist/graphologist, Dr. Ze'ev Bar-Av. I co-presented papers with him at several handwriting conferences. When he asked me to help him with the lecture series, I was pleased to accept. I provided most of the demonstrative handwriting samples and edited the material. After Dr. Bar-Av's untimely death, I compiled and further edited and expanded this important work to make it available for handwriting professionals.

From cognitive neuroscientist Dr. Christian Jarrett, a fascinating book exploring the science of personality and how we can change ourselves for the better. What if you could exploit the plasticity of personality to change yourself in specific ways? Would you choose to become less neurotic? More self-disciplined? Less shy?

Until now, we've been told that we're stuck with the personality we were born with: The introvert will never break out of their shell, the narcissist will be forever trapped gazing into the mirror. In Be Who You Want, Dr. Christian Jarrett takes us on a thrilling journey, as he not only explores the ways that life changes us, but shows how we can deliberately shape our personalities to influence the course of our lives. Dr. Jarrett draws on the latest research to provide evidence-based ways to change each of the main five personality traits, including how to become more emotionally stable, extraverted, and open-minded. Dr. Jarrett features compelling stories of people who have achieved profound personality change such as a gang-leader turned youth role model, a drug addict turned ultra-runner, and a cripplingly shy teenager turned Hollywood mega-star. He also delves into the upsides of the so-called Dark Triad of personality traits—narcissism, Machiavellianism, and psychopathy—and how we might exploit their advantages without ourselves going over to the dark side. Filled with quizzes and interactive exercises to help us better understand the various aspects of our personalities, life stories, and passions, Be Who You Want will appeal to anyone who has never felt constrained by how they've been characterized and wants to pursue lasting change.

Learn to read your emotions and desires, and those of people you deal with every day. A graphology expert instructs readers in the basics of handwriting analysis. He shows how to employ a step-by-step method that gives a reliable description of a subject, based on a sample of his or her handwriting. Just as our voices reveal much about our emotions, our motives, and our needs, so too does our handwriting present a psychological profile to the analyst who knows how to decipher it. A simple but clever set of tools, devised by the author, is enclosed with this book. Its components are: A protractor to measure angles of handwriting slant and gauge emotions at the time of writing, as well as to interpret enduring personality traits A gauge for estimating the zones into which each part of a handwritten letter falls A rule for measuring any letter's size and spacing All components in the tool kit are printed on sturdy, transparent acetate, to be used as an overlay on handwriting samples. An opening chapter presents an overview of handwriting analysis, discussing handwriting pressure, size, spacing, slant, and the qualities these features indicate. Subsequent chapters discuss what handwriting reveals about a subject's public life and inner life. A final chapter offers an at-a-glance guide to decoding psychological meanings underlying the various ways in which a subject shapes each letter of the alphabet. This fascinating book provides a key to self-understanding and the understanding of others. More than 250 instructive color illustrations.

Graphology or Handwriting analysis is the most powerful science of understanding the strengths and weaknesses of a person. Your handwriting and signature reflects your personality. It shows how you think, feel and act, what personality traits you possess and what you lack. It shows how you perceive yourself and how you want others to perceive you. It shows whether you have the required traits to make you rich and successful. Change your Handwriting and Signature and become Successful Incorporating changes in handwriting and signature as suggested in the book will actually program key success traits into your personality, simply by changing the way you form certain letters. Just as handwriting reveals clues about our existing personality, we can use that same information to make lasting change in the direction of improvement. Because we already know the specific strokes which identify personality traits, we can use that information to "model" certain strokes to attain the corresponding positive personality traits which will help you to assist you in achieving your dreams. It will improve your Self-Image, Love Life, relationships, self Confidence, Self-Esteem, optimism and removes Procrastination, shyness. It will make you ambitious, increases your value in the society and makes you Rich, Happy and Successful Personality. Changing Children handwriting strokes increases grades, energy and stamina, improves handwriting, memory, concentration, self-esteem, mental clarity, relationships. Makes them honest, removes fears and procrastination. Mind is our most powerful asset and all these changes occur deep from within - from the Subconscious Mind.
