It sounds plausible enough tonight, but wait until tomorrow. Wait for the common sense of the morning. Born out of H.G. Wells' literary vision of the future, The Time Machine (1895) is an extraordinary work of early science fiction. A Victorian scientist builds a time machine and lands in the year 802,701 AD. Initially, he is transported to the pastoral idyll of an unknown land which is delightfully peaceful. Soon, however, the paradisiacal façade shatters and he discovers the reality of two distinct species: Eloi are useless, childlike adults surviving on a fruit based diet and Morlocks who are barbarians thriving underground. The Time Traveller saves one of the Eloi from drowning and navigates through tunnels to retrieve his time machine that has gone missing. Before returning to his era, The Time Traveller also visits a land where a bloated red sun stares motionless in the sky and the only sign of life is a black blob with tentacles. Once again, the scientist prepares to leave on another time travel, but this time will he return?

Johanna Spyri's classic story of a 5 year old little Swiss orphan who is heartbroken when she must leave her beloved grandfather and their happy home in the mountains to go to school and to care for an invalid girl in the city. It was written as a book for children and those who love children

An unabridged classic - with original colour illustrations. Heidi, the story of a free-spirited, loving child, will be a favourite

among children who love mountains. "I would rather be with my grandfather in the Alps than anywhere on earth." - Heidi, in Heidi. "I want to go about like the light-footed goats." - Heidi, in Heidi. A unique children's classic, set in the pure air of the Alps. Within minutes of being dropped off high up in the Swiss Alps with her grandfather, whom she has just met, Heidi declares "I want to go about like the light-footed goats!" while the grumpy elderly man grudgingly mutters, "She's not lacking in intelligence." So begins the adventures of this cheerful five-year-old orphan, and the story of the power of a child's love to heal and transform those around her. Soon, however, Heidi is wrenched from this idyllic life and plunged into a job in the city and difficult challenges. Heidi, like Anne of Green Gables, is an unforgettable children's classic, and one of the very few from Switzerland. Heidi has delighted generations of children and those who read to them. This lavishly illustrated edition contains twenty-one large original colour illustrations as well as many smaller ones and delightful monochrome drawings. The translation, in clear pure English, designed to be read aloud, captures Johanna Spyri's delight in mountain scenes, the ways of children, and the pure air of the Alps. Features of this edition: - Well-spaced generous 11-point font that will be a pleasure for children and adults to read. - 66 original illustrations, including 21 large colour illustrations.
