Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina

in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war,

she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five

abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Offering the latest teaching and practice of applied multivariate statistics, this text is perfect for students who need an applied introduction to the subject.

Lattin, Carroll, and Green have created a text that speaks to the needs of applied

students who have advanced beyond the beginning level, but are not advanced statistics majors. The text provides a three-part structure. First, the authors begin each major topic by developing students' statistical intuition through applications. Then, they providing illustrative examples for support. Finally, for those courses where it will be valuable, they describe relevant mathematical underpinnings with vectors and matrix algebra. Additionally,

each chapter follows a standard format. This format begins by discussing a general set of research objectives, followed by illustrative examples of problems in different areas. Then it provides an explanation of how each method works, followed by a sample problem, application of the technique, and interpretation of results.

He also specializes in getting things people want---term papers, a date with the prom queen, fake IDs. He has few close friends and he never EVER lets emotions get in the way. For Jesse, life is simply a series of business transactions. But when Ken Foster, captain of the football team, leading candidate for homecoming king, and all-around jerk, hires

Jesse to help him win the heart of the angelic Bridget Smalley, Jesse finds himself feeling all sorts of things. While following Bridget and learning the intimate details of her life, he falls helplessly in love for the very first time. He also finds himself in an accidental friendship with Bridget's belligerent and self-pitying younger brother who has cerebral palsy. Suddenly, Jesse is visiting old folks at a nursing home in order to run into Bridget, and offering his time to help the less fortunate, all the while developing a bond with this young man who idolizes him. Could the tin man really have a heart after all? A Cyrano de

Bergerac story with a modern twist, Sway is told from Jesse's point of view with unapologetic truth and biting humor, his observations about the world around him untempered by empathy or compassion---until Bridget's presence in his life forces him to confront his quiet devastation over a life-changing event a year earlier and maybe, just maybe, feel something again.

Kelley Winslow is living her dream. Seventeen years old, she has moved to New York City and started work with a theatre company. Sure, she's only an understudy for the Avalon Players, a third-tier repertory company so far off-Broadway it might as well be in Hoboken, but things are looking up—the lead has broken her ankle and Kelley's about to step into the role of Titania the Faerie Queen in Shakespeare's *A Midsummer Night's Dream*. But Faeries are far more real than Kelley thinks, and a chance encounter in Central Park with a handsome young man named Sonny Flannery plunges her into

THE following translation was undertaken from a desire to lay before the English-speaking people the full treasury of epical beauty, folklore, and mythology comprised in The Kalevala (the Land of Heroes, the national epic of the Finns.) The Kalevala describes Finnish nature very minutely and very beautifully. Grimm says that no poem is to be compared with it in this respect. A deeper and more esoteric meaning

of the Kalevala, however, points to a contest between Light and Darkness. The numerous myths of the poem are likewise full of significance and beauty, and the Kalevala should be read between the lines, in order that the full meaning of this great epic may be comprehended. The whole poem is replete with the most fascinating folk-lore about the mysteries of nature, the origin of things, the enigmas of human tears, and, true to the character of a national epic, it represents not only the poetry, but the entire wisdom and accumulated experience of a nation. One of the most notable characteristics of the

Finnish mythology is the interdependence among the gods. The Finnish deities, like the ancient gods of Italy and Greece, are generally represented in pairs. They have their individual abodes and are surrounded by their respective families. The Sun and the Moon each have a consort, and sons and daughters. Only two sons of Paeivae appear in The Kalevala, one comes to aid of Wainamoinen in his efforts to destroy the mystic Fire-fish, by throwing from the heavens to the girdle of the hero, a "magic knife, silver-edged, and golden-handled;" the other son, Panu, the Fire-child, brings back to Kalevala the
