The 'How The World Really Works' books are a fun and informative way of giving children a peek inside the cogs and wheels of the nation - the economy, the legal system, insurance... The latest in the series, Savings, Investments and Pensions once again turns a complex subject into a fun exploration. Useful for adults too!

How the World Really

Works: Savings, Investments

...

This book, and the rest of the 'How the World REALLY Works' series, is a brilliant way of giving children an age-appropriate insight into aspects of our society which might otherwise be difficult to grasp. Thoroughly recommended.

HOW THE WORLD REALLY WORKS - ROTHSCHILD, MONEY POWER ...

Noam Chomsky's How the World Works (HWW) has an awfully high-falutin' title, but it seems to be quite accurate in describing the content. HWW is actually a

collection of four abridged books, some of which are interviews with Chomsky, others of which are books that had been written by Chomsky.

**How the World Works by
Noam Chomsky - Goodreads**

To see reality (or at least the next level of reality) we have to step back from our conditioning and view the world with fresh eyes, as if for the first time. If you are reading these words, it is probable that, deep down, you feel that something is wrong with the world.

Chomsky essentially argues that the world works for the small number of rich elites, who attempt to benefit despite the cost to anyone

else. However, the book isn't flawless. When documenting the countless interviews, speeches and debates Chomsky has made, repetition is inevitable.
